Together We Make It Happen

by Greg Morales

Make what happen? That of course, is such an ambiguous statement that it could get several, if not very different definitions to its meaning. By definition, the word happen means to occur by chance. Is it that together we make things occur by chance? Is it that our existence at this school and all our achievements are merely by chance? What a pessimistic thought! Remember, the glass is half full, not half empty. What do we make happen! Winning? Maybe, but would it be safe to say that everyone or everything here has a winning tradition. Success can't occur merely by chance; luck and most importantly, skill breeds success. That is it. We make success happen. Success comes with experience; it comes from winning and losing, from trial and error, and from crying and laughing. We each contribute piece by piece a part of ourselves to make us and everything around us a little better. Each piece fits together in one large puzzle, that only upon our departure is complete. Yet, such a puzzle is only a part of a larger picture that is yet to be filled in. We came to Tustin High School as individuals and leave as one group, one body, united and strong and who together, not by ourselves, make success happen. Turn the pages. Judge for yourself. Always remember there is still one last puzzle piece to be found.

Tillers Give Some Hawaiian Punch

by Tanya Lefevre and Greg Morales

Ah... Hawaii, the island paradise. The beautiful ocean and shoreline. The enchanting atmosphere. The perfect place for a football game, football... yes, it is true. This year's season opener was played against the Kapaa Warriors of Hawaii. Senior guard Mike Biard said of the trip, "We had no radio, no T.V., no distractions." Those do not sound like the ideal conditions to visit Hawaii. "It was a great social and cultural experience for everyone

who went," said head offensive coach Ed Calberry. "We were treated really well by the Hawaiians, even after we beat them," said football player C.T. Tomazak. Yet, when your squad is the most dedicated and wins with you on the field, state how much you love them. After the game, the team and coaches just got their hands back

Tillers Crush Kapaa 26-0

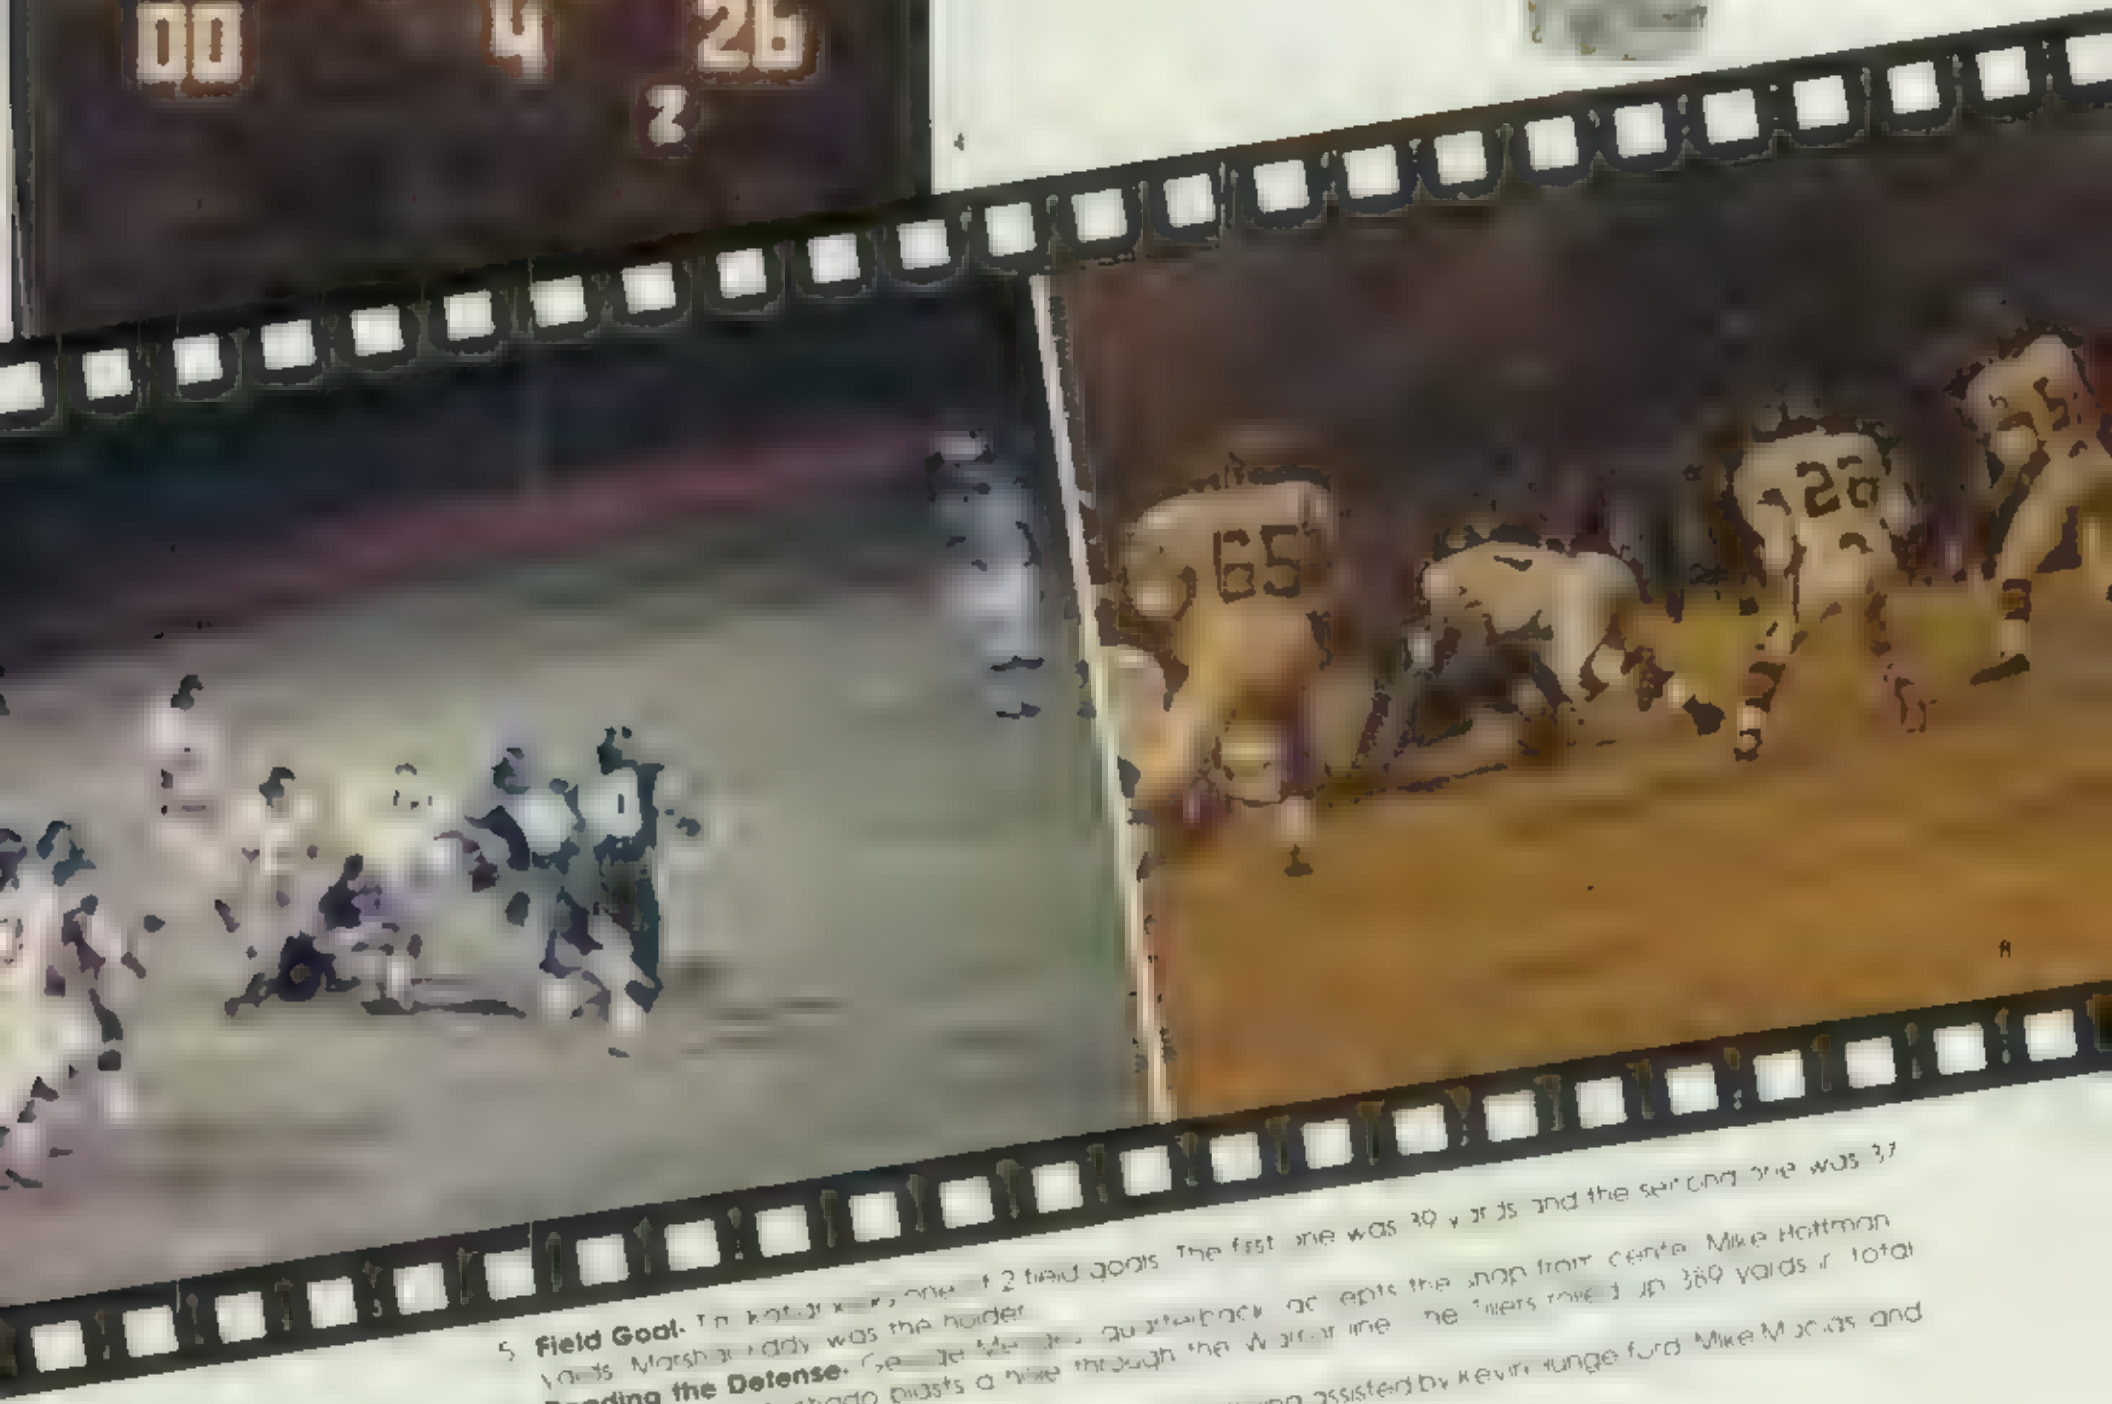

by Tanya Lefevre and Greg Moraes

On Friday September 5 the Tustin Tillers kicked off the 86 football season against the Kapaa Warriors at Kapaewahi. In the first half the Tillers scored on drives of 83, 21, and 61 yards and went on to defeat the Warriors 26 to 0. Led by nine returning offensive starters, the Tillers gained 294 of their 384 total yards rushing while at the same time rushing Kapaa to 72 total yards. Tim Hollinger put the first Tustin points on the board with a 1 yard touchdown run. Jeff LePelle and Tim Kotlar added field goals of 39 and 37 yards in the second quarter. Aiding to the Tillers lead was Jeff Prochnow's 12 yard touchdown reception making the halftime score 19 to 0. In the third quarter Hollinger recorded the shut out. Walt McMahon proved his dominating presence by grabbing 2 of Tustin's three interceptions. The game was definitely a sign of things to come and together the Tustin Tillers week by week filled in the puzzle.

- 1 **Kapaa Stadium** - Fans await the season opener for the Warriors of Kauai Hawaii.
- 2 **Exchanging Gifts** - Justir principal Peggy Lynch receives a gift from Kapaa principal Bob Ginlock after the game.
- 3 **Intersectional Game Action** - Justir plays for the first time in the intersectional football field.
- 4 **Scoreboard** - The Warriors win big 26-0. The score could have been higher without the first game mistakes.

- 5 **Field Goal** - The Warriors kick one of 2 field goals. The first one was 39 yards and the second one was 37 yards. Marshalladdy was the holder.
- 6 **Reading the Defense** - George Machado, quarterback, accepts the snap from center Mike Hottman.
- 7 **Big Hole** - George Machado blasts a hole through the Warrior line. The Tilters rolled up 389 yards in total offense.
- 8 **Solid Hit** - Tilton Franco sticks the Warrior runner while being assisted by Kevin Jungel and Mike Mackas and Henry Foster. The Warrior defense held Kapaa to 77 yards.

Together We Act Funny

Tillers Enjoy Homecoming Week

by Sean Kitehua

How do you get your fellow classmates to eat chocolate marshmallows, eat funny colored jello, and run around the field with a ski hat and goggles on? Probably the same way you get Senior guys to kiss their moms in front of the whole student body, by involving them in Homecoming week. The Homecoming assembly on Friday was a great way to end the week and a perfect lead-in to the Homecoming game and dance.

The assembly began with the announcing of Mr. Tilar. Mr. Tilar was LeSean London of the Junior class. He smiled with pride while showing his lovely bouquet of carrots. Then the first heat of the revived bug race began. The sophomores raced the freshmen and the sophomores barely won. While they rested the marshmallow drop began. "The marshmallow drop was the best. It was messy and fun," said James Hatch. It worked like this. One team member would take a marshmallow, dip it in chocolate, climb to the top of a ladder, and drop it into the mouth of a team mate. The class with the most eaten were the winners. That team turned out to be the sophomores. The other teams were left with chocolate on their face.

They cleaned up and readied themselves for the second heat of the bug race. Michelle Barry said she liked this year's assembly, "better than last year because they brought back the bug race." It most definitely is one of the better events.

The second heat began with the seniors leading the juniors. The juniors never caught up leaving the seniors to race for the win against the sophomores. Before that happened though, the ski solemn took place. Students ran through cones with boards on their shoes and a ski hat and goggles on their heads. An odd race and sort of a disappointment. As Frank Serrao put it, "It was funny and a good idea but it was bummed 'cause it didn't work right. At the beginning I was laughin' so hard, those people fell . . ." Everyone was disqualified except the sophomores; their skis were the only ones to stay on.

The outcome of the race left everyone in a rowdy mood to watch the seniors blow away the sophomores in finals of the bug race. Everyone enjoyed themselves at this assembly but we mustn't forget the preceding days of enjoyment while we celebrated Homecoming. There was the Jello eating contest, the Bigwheel race, the Test-tube pour, and the Whip-cream pile. The classes gathered points in these activities and at the end of the week the class with the most points was the Homecoming week winner. Of course the seniors won with no problem.

Homecoming '87

Beat 'Em and Dance

By Sean Klehda

We clobbered 'em," said Todd Robinson in reference to the Homecoming game. That we did! The final score was 28-17 against Newport Harbor. It went more like a tennis match than a football game; the score went back and forth like a fuzzy, plating tennis ball. First we scored 17-0, then they scored 7-7, and they made a tied game 7-14 oh no! then we scored again 14-16 and again 21-16 and they scored 21-17 and we scored 28-17 and that was a winner. I really kept everyone biting their nails in anticipation. We all had fun. Deeanna Roulton

said she liked the game because "we beat 'em."

The half time activities were exciting too. We watched last year's Homecoming Queen Nancy Annunzio in an action basketball. After a fast landing, Ale James was named Homecoming Queen. She boarded the basket and

thruated Away **"Over the Rainbow."**

It was a Homecoming dance at Mickey Mouse's House, the Disney and Hotel. We stomped, moved, imboed and howl danced from 8-12. Not only that, but we got to see ourselves on video, as well as getting our mugs on film. (courtesy of Albert & James). All this and that speed someone carried us to the apex of excitement.

A Swell Bunch

By Lori Collins

ASB: What did it stand for? Another Shrewd Bunch? We're not exactly. By definition shrewd means cunning and discriminating. As far as can be detected, the ASB at Tustin High was not a group that discriminated or tried to deceive you. It was a group that served to provide the students with activities, assemblies, dances, fundraisers and most important, to make sure that the school year was fantastic and unforgettable. This year's Activities Commissioner, Julie James replied, "All A-B members were excited to work together and help make all activities successful through a true group effort." Led by first year Advisor Steve Roderick, a man of unique and useful ideas, superior leadership ability and extreme patience, the ASB was able to organize itself into **A Swell Bunch**. Mr. Roderick stated, "This year as A-B advisor has been one of my most enjoyable in education. It proved to be challenging, exciting, and **A Successful Beginning**. A bunch that proved to direct where a few puzzle pieces were to be placed and in connecting such pieces to the whole puzzle helped on, contributing to a successful year."

ASB Leads The Way

This year's ASB consisted of twelve cabinet officers and four class officers from each class. The 1986-87 ASB cabinet officers were President Scott Wilbur, Vice-President Kristin Vogt, Secretary Lon Collins, Treasurer Helen Fields, Activities Commissioner Julie James, Athletics Commissioner Darren Puckett, Pep Commissioner Jan Rice, Elections Commissioner Lee Pooler, Publicity Mary Spellman, Council Representative Mike Biard, I.C.C. Kim Ellison, and Fine Arts Commissioner Mindy Siskowic. The 1986-87 Senior class officers were President, Kristy Shives, Vice President, Drew Lautrup, Secretary/Treasurer, Joelle Peckham, and Representative, Susan Marfeet. Junior class officers were President, Jennifer Hawkins, Vice President, Marshall Eddy, Secretary/Treasurer, Jamie Peckham and Representative Stephanie Whister. The sophomore class officers were President, Joanna Zuniga, Vice President, Brent Drouin, Secretary/Treasurer, Crystal Lautrup, and Representative, Lissa Collins. The freshman class officers were President, Jenny Mahar, Vice President, Tiffany Johnson, Secretary/Treasurer, Wendy Basset and Representative, Katie Knaggs.

Wait, don't go yet. You still don't know what ASB really stands for. Well, it stands for Associated Student Body, and Don't forget it!

Together We Drill

for a lot of hard work. It's difficult to
keep all the new girls, why I'd work hard but it
wasn't worth it. Laura Crozer (Girl Team)
explained to us about Girl Team. You
probably thought I was easy being on Girl
Team, but not by a long shot. First the girls
had to try out, then they made it they
had to wear a uniform and then with the
beginning of school practiced from 7AM
to 7AM. The girls were given quizzes on their
uniforms, if you saw any of the pictures you
know how hard the tests must have been.

I all played off though. The Mill Team had been first in a major band review which was a real boost. Our manager admitted it really helped to have a win like this, you can show the girls the Trophy and say this is why you work hard.

They all get along real well although they do have a hard time putting up with each other sometimes. I'd compare it to a family. We're like a big family sometimes, we yell at each other but just like a family we'll get say, "I'm sorry!"

It was this hard work and close relations that gave TMS a polished drill team with excellent showmanship for the 1986 87 year.

The success continued throughout the year as new band director Paul Sanchez began and guided the band through the 1985 season. Band of both member Tara Gamewell said, "We've involved so much people here. I know we have a lot of students who are going to stay in the band for the rest of their lives and to have a lot of fun." The band is a great place to be and a great place to learn.

Pep Has Pizazz

By Tanya Lefevre and Greg Morales

you enjoy screaming and yelling, freezing through winter in a 14 inch skirt, sweating through spring in a wool sweater, and picking grass out of your shoes, then pep is for you. Stop! If you cheerleaders freeze to death in the winter, find your kindred winter. What happens in the cheerleader back East? Just when you thought cheering was old, glamour. Well it's not. It takes a lot of hard work and time to be a part of Tustin's pep squad. Stop! At least cheerleaders back East do not sweat in another spring.

The 1982-83 squad showed their talent at pep this year. The varsity cheerleaders led by Holly Smith, performing through the rain, and the JV cheerleaders, highly motivated, sweptstakes award for best of round. The dynamic duo of Varsity and JV Cheerleaders, by performing together, and the cheerleader humor with the pep squad competition. With Kaitlyn Fikes, Holly Smith, and the cheerleaders, the pep squad is a team that you will be proud to represent. And a state wide pep squad competition, you will find that you will compete with schools all over the state. This is new to the girls, but with their great talent and pizazz, they are sure to make Tustin High proud.

Fall Production Sets The Stage

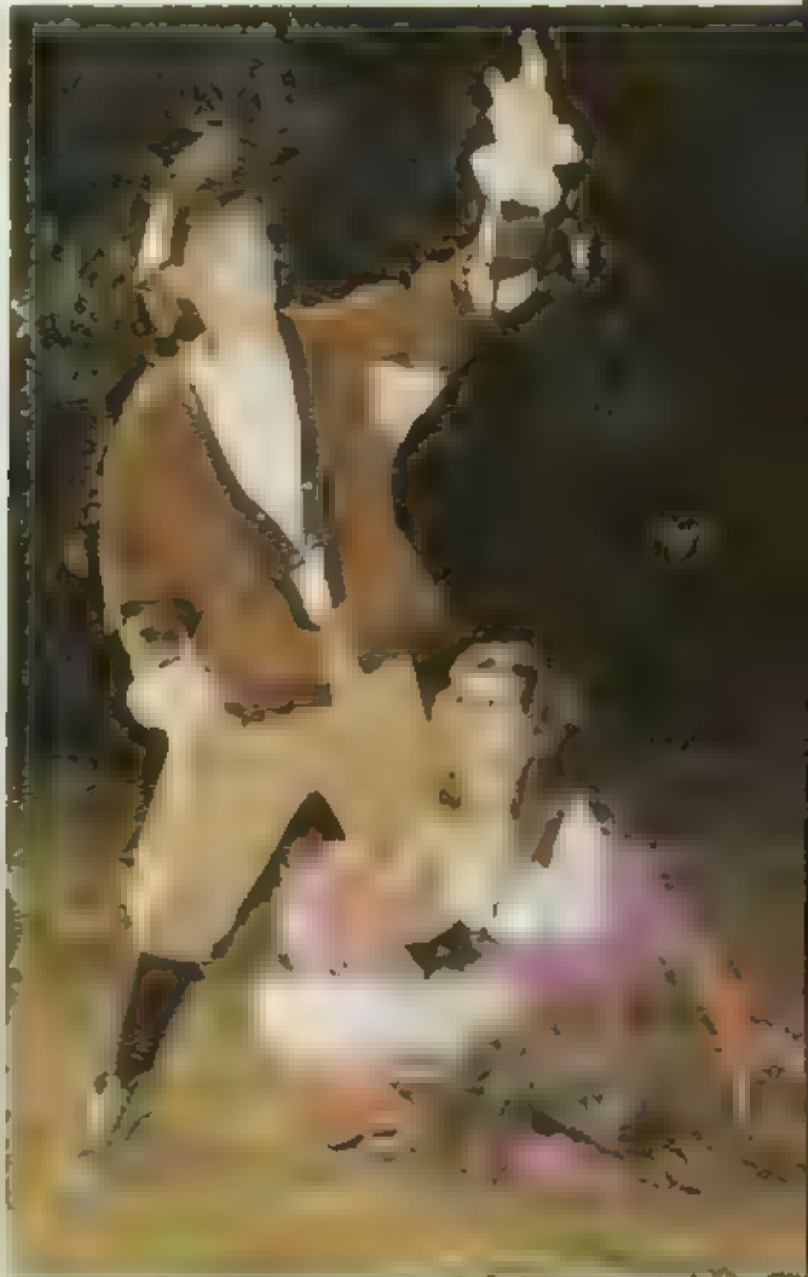

A company of Wayward Saints

Don't let the title fool you. It was a pretty down to earth play. Set in Europe in the 1500's, it closely resembled the melodrama of the early 1800's. It is neat to be traditional yet modern, and still hysterical," said Mrs. Roseman, who directed the play. A group of actors forced to earn their bread (quite literally) by traveling around Europe, drives them to the borders of lunacy, love and Commedia, the name given to this crazy type of theater. "It's where we get our word, zany." How can you get normal (?) high school actors to be zany? Matt Winkle put it this way: "I was kind of wary at first (of the play), but as it took shape, I felt more at ease." A huge production like this took a lot of hard work, and actors and crew had to work together to get the job done. The long hours put in by everyone involved paid off in an excellent blend of comedy and drama. Said actor Todd Robinson, "It was a brilliant work of art."

T.B.C.-Tustin Broadcaster Company

by Greg Morales

Under the supervision of new advisor, Mr. Howard Dudley, the Broadcaster staff aimed to publish a periodical that displayed the journalistic traits of a quality paper. In producing such a paper, the staff experimented with fresh lay-out designs and unique article topics. In incorporating such designs and topics, the Broadcaster aimed to focus on individual as well as group accomplishments, and in doing so, planned to systematically increase circulation. Advisor Dudley stated, "Based on student effort, I think our paper is competitive with other schools within Orange County." The staff of Pennie Albert, Nichelle Colasont, Christine Cortez, Rhonda Meiton, Arturo Pugliese, Jason Strutt, Peter Touchstone, Lawrence Will, Felicia Wiltz and Christina Wermes, together published a newspaper of a respectable nature

Rapping: More Than Just Words

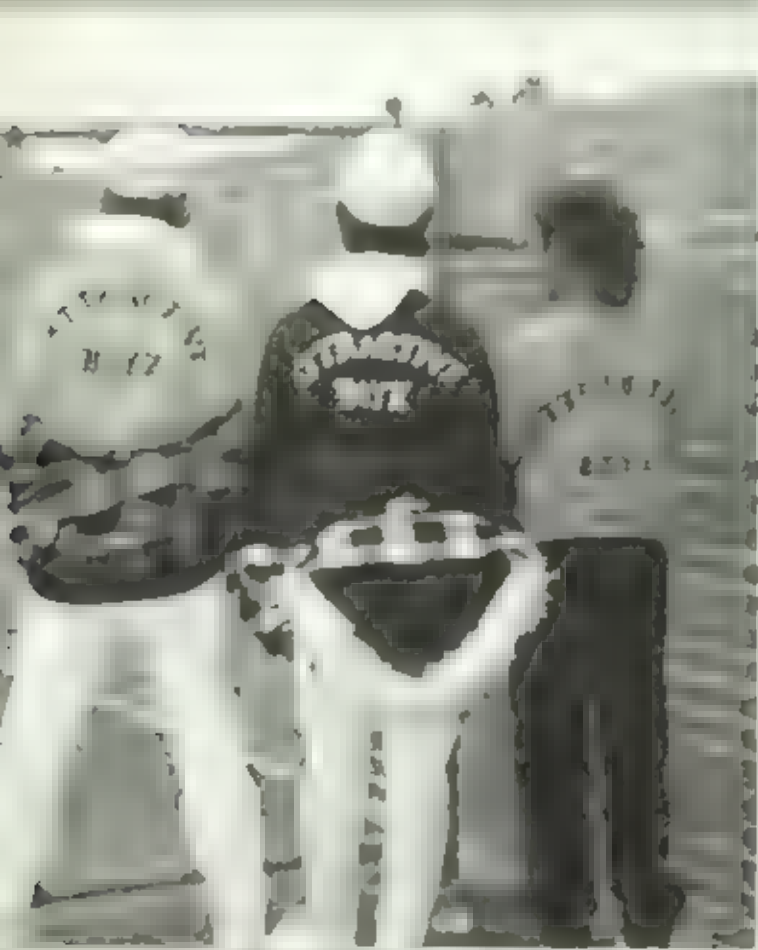

by: Doneisa Anderson and Glona Velasquez

There is a new trend that has changed an ordinary day at Tustin High, it involves students to word together as a unique team. These people put their artistic ideas and talents together which creates exceptional unity and harmony. These students come to school to learn, yet still have fun by releasing their energy through rapping.

Rapping is more than just words rhyming. It's an idealistic way for someone to express their feelings and their outlook towards life. Kalani Yumul thinks of rapping as "an art that one needs to master. It's all done for fun! However, different people rap for different reasons." As Curtis Johnson explains, he raps because, "It makes him feel good. Rapping tells people how you can do other things without getting into trouble in school."

Some well-known rappers in the music industry are Run D.M.C., LL Cool J., Timex Social Club and Whodini. These rappers produced images for some of the rappers at Tustin High such as Edgar Delgado, Joey Eatmen, Le Bron Jones, Steve Wimberly, Kalani Yumul, Andrew Maysonet, Woody Knighten, Leo Parker, Rich Goldstein, and Le Sean London.

Where's the party - Maurice Parker, Leo Parker, Sean London, and Edgar Delgado, having fun on their lunch break. **From off the yard** - Three of the attractive boys, Andrew Maysonet, Curtis Johnson, and Edgar Delgado. **Ready set pose** - The attractive boys together with Del Rock crew Kalani Yumul, Edgar Delgado, Joey Eatmen, Steve Wimberly, Lebron Jones, Tim Jackson (T.J.), Andrew Maysonet, center Woody Knighten. **Where did everybody go** - Woody Knighten stands alone, but always ready to rap.

Tomorrow's Broadway

by Kevin Dorn

What's a Thespian? Well many years ago (about 500 B.C.) in a land far, far, away (Greece), there was this cat named Thespis, the first actor.

The Thespians take after their founder by putting in a lot of hard work, time and effort. Besides staging five major plays (see Drama section), they also performed for local schools in a children's production titled "Magic Theater". In addition to all this they compete against other schools in numerous Drama festivals.

The year would not have been complete without the Drama Academy Awards Banquet in June. A lot of hard work was put forth this year in Drama, the banquet is another way to reward their efforts.

Diplomatic Relations

by Greg Morales

As citizens of California we are represented in the Nation's Senate by two men. As students of Justin High School we are represented in our own Senate not by two men, but by forty individuals. Each class is represented by ten students and it is these elected students that as a supplementary group to the ASB aid in organizing and planning activities. Before this year, the Senate's main duty was to pick up trash after football games, but the Senate has taken on greater duties in that they aid in decorating for big dances or take on school related community activities. The concept of a senate is an attempt to allow students to gain a channel and consequently a voice in the bureaucracy of the high school. Senior Senator Ted Kim said "It is not a strong voice but at least it is not a whisper."

The I.C.C.

by Greg Morales

The inner Club Council. The knights of the Round Table. The internal vein. The inside track. Led by covert president Kim Ellison, the council of club president's assemble to plan and organize fairs and activities. It is this council- the equivalent to the Security Council of the United Nations- that advocates Tiller spirit- the exceptional spirit- the spirit of getting involved and forming new friendships.

Tustin High Hosts OCAD

by James Hatch

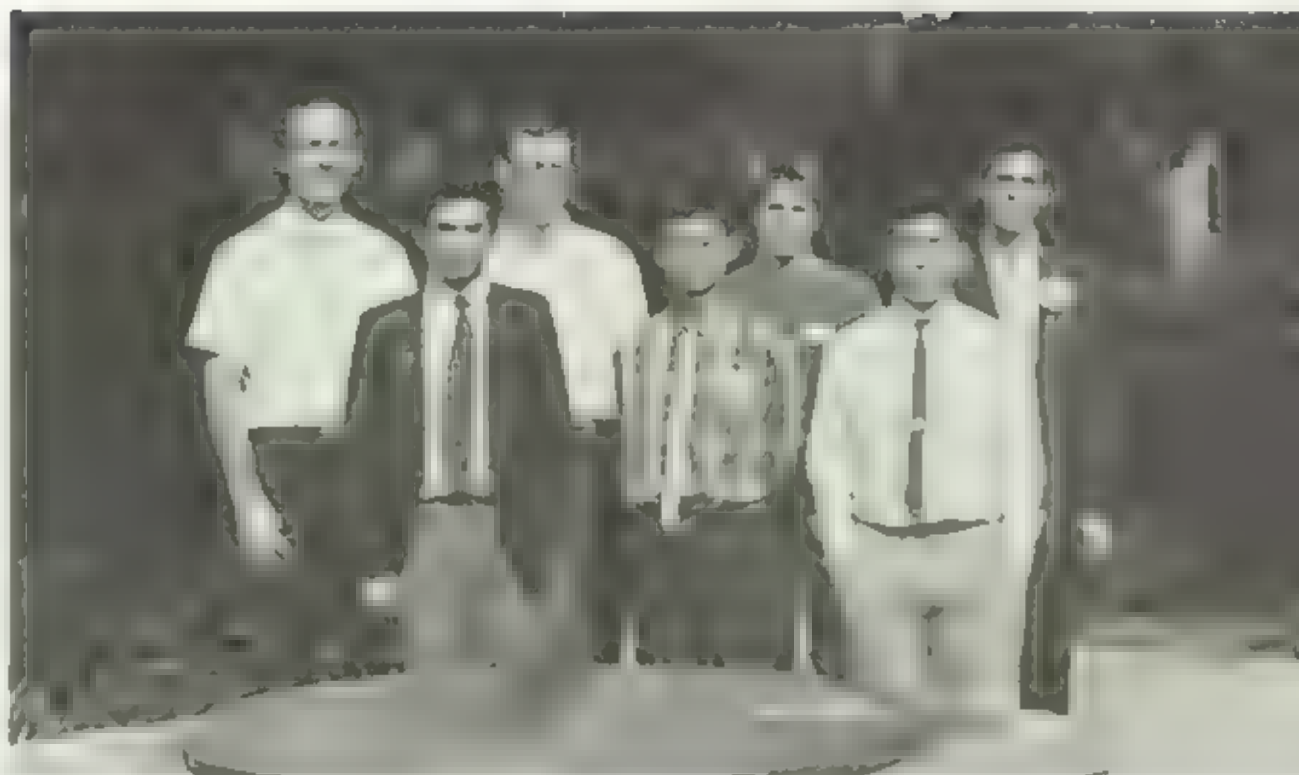

Once again, Tustin High School was host to the OCAD competition. This time the competition was divided up into three regional sections of Orange County. Our team competed in the Central Region with sixteen other teams competing in our territory. The atmosphere at our school was very ideal for most of the students.

Due to the hard work of the many volunteers, both the competitors and parents commented on how well the competition was run. Former Tiller principal, Don Stepnitz, was the key organizer who helped the competition run smoothly.

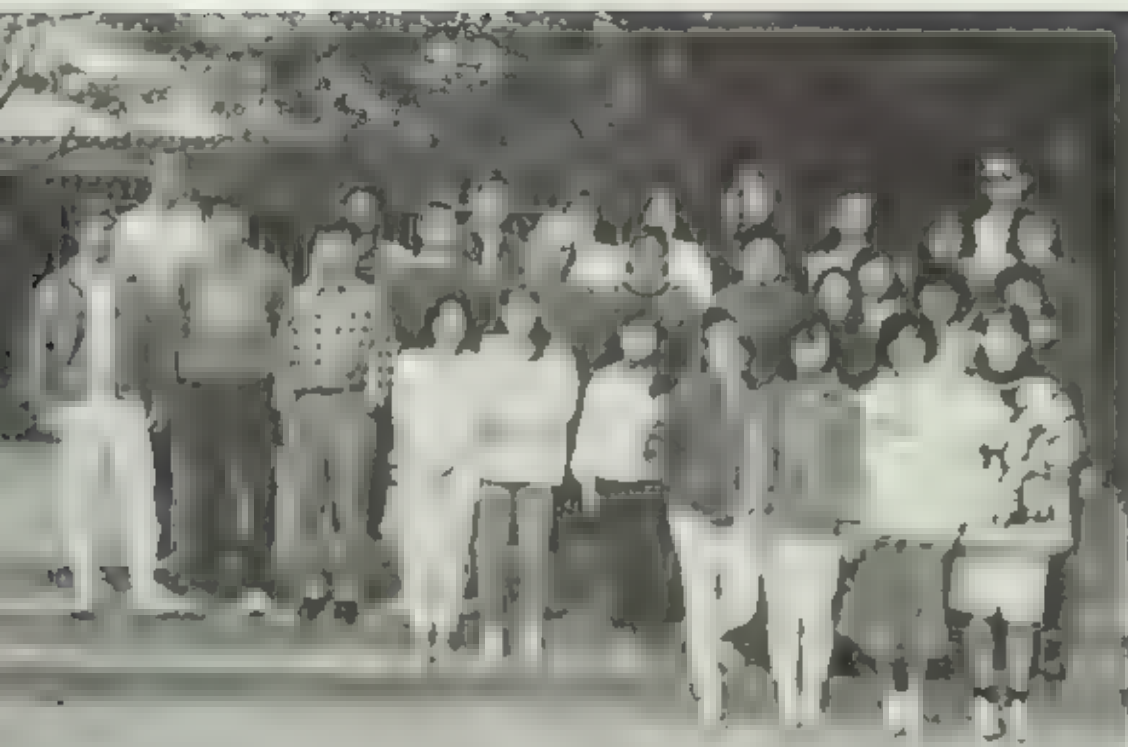

The Tustin Junior/Senior team placed third in our region and then went on to compete against twenty-one other schools in the county competition. Our team worked hard to prepare for the competition. Spending countless lunches and after school hours in a boxed up classroom. The time spent studying was well worth it due to the fact that many awards were won by all of the twelve team members and alternates.

OCAD Club Is A Big Success

In its third year, the OCAD club has become more prosperous than ever. President Mary Spellman attributes the success to strong leadership by the officers and the school's growing interest in academics. The OCAD club is designed to promote interest in academics throughout the school. The club was involved in many activities. Throughout the year, the club visited many museums and went to the San Diego Zoo. The club also sponsored the OCAD team. Many of the volunteers that helped in the competition, held at our school, were from the OCAD club. The club officers who have created the success of the club were: Mary Spellman, President; Andrew Chi, Vice-President; Laura Frazer, Secretary; Ted Kim, Treasurer; James Hatch, Senior Representative; Josh Bricker, Junior Representative; and Betsy Bradley, Sophomore Representative.

Future Rembrandt

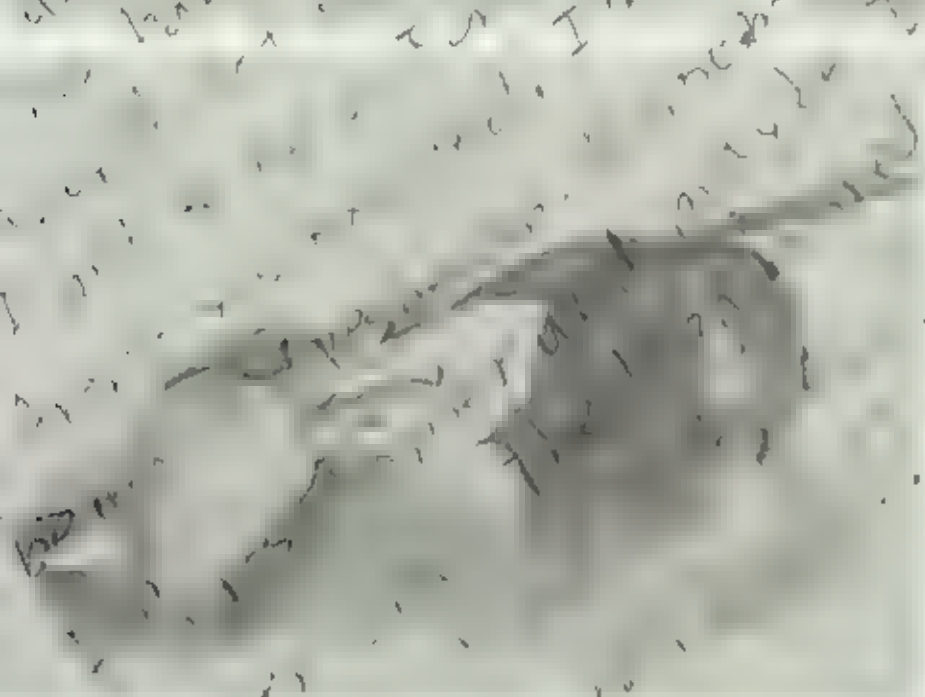

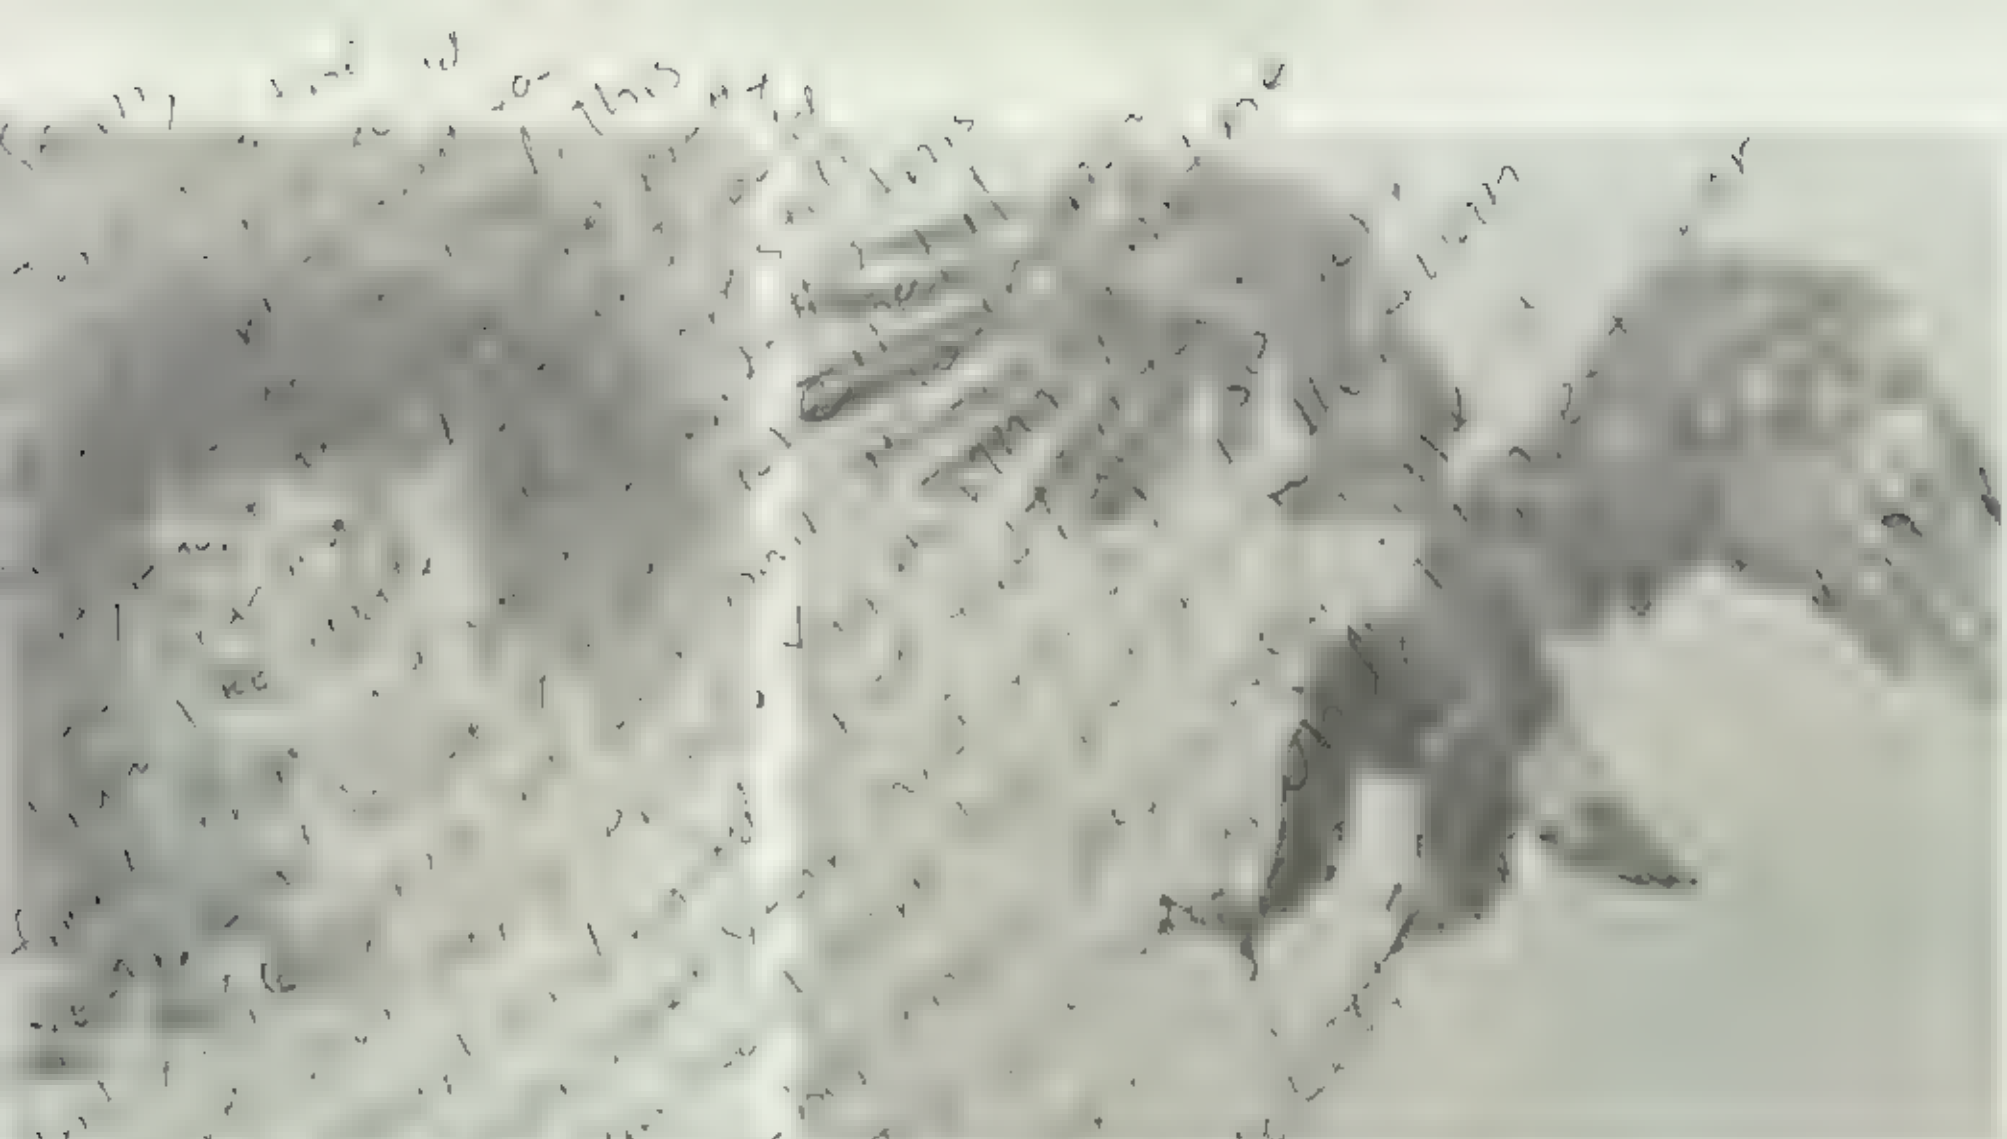

by Suzy Jones

Emmy Chang was said to be one of the best artists to ever attend Tustin High. She was a senior this past year, but she has been developing her talents for many years. Her friends and relatives realized that she possessed a special talent at a very early age. For her teachers, it only took one assignment to realize that Emmy possessed a unique gift. Emmy enjoys all forms of art from painting with water colors to pencil sketches. She said, "I don't favor one form over another." Emmy plans to attend the Fullerton State University. As yet, she is undecided as to what field she will use her artistic talent in. Her talents will be surely missed by Tustin High.

German Club Is Large In Itself

by James Hatch

Although the German Club is comprised of four, third year German students, it is destined to grow in the coming years. This year the German Club ventured to Alpine Village and Old World where they dined on German cuisine and learned about the German culture. The German Club promoted an interest in German culture to all of the German classes. As they say in Germany, Bis Später!

4 German Club: Matt Blitch, Tom Fuerborn, Eric Hook, and not shown Jim Hays.

AFS Promotes New Lifestyle

by Ken Starks

The American Field Service International Intercultural Program is a private, non-profit organization which promotes world understanding. Through an exchange program allowing students to study in foreign countries, as well as allowing foreign students to come to the U.S. attending schools, such as Justin High. As club members we try to promote our lifestyle as well as learn about and accept other new lifestyles. There is much warmth within the AFS club which comes from the close intrapersonal relationships we all share. This year we have a total of eight applicants including Jon Mazur, Robert Kinder, Patty Rodriguez, Rachael Sorenson, Moh Burge, Mike Sherman, Josh Bricker, and Ken Starks. We would like to thank Ellen Berry and Gayle Barker for their devotion and support.

Asian Clubs: Preserve Culture

by Jane Kyung

Tustin High's Korean club was formed four years ago in order for Korean students to remember their own heritage and culture.

Not only do they have various activities within school, such as candy sales, car washes, but they also get together with other Korean clubs from other schools. There were sport tournaments, ice skating and dances with other schools. There was also an annual program called Parent's Night. Members prepared plays, songs and many other programs to perform to parents and friends.

The Vietnamese club was established in 1980. Our goals is to preserve the culture of our heritage, to promote friendship and scholarship. In order to achieve these goals, we have organized a high school conference at UCLA to encourage education. More over, as part of our goal, we help students who had trouble with school problems. We also organized various activities for our members such as picnics, parties, dances, celebrations of the traditional lunar New Year and the printing of the club's newspapers.

The school year of '86-'87 so far has been very exciting for our club. We feel a great sense of pride for being a part of Tustin High. The key to our success this year lies not only in the determination to fulfill our responsibilities but also in the support from Mr. Smith and from the club members.

Once again, the officer of the Vietnamese club wish to thank all the teachers and staff members and best wishes to everyone.

Art Club Plans Gallery

by Amy Christy

The Art Club offers students a place to use their artistic ability even if they are not enrolled in art classes.

Art Club member Steve Marsh thinks that the Art Club is fun, as well as a good learning experience. This is a feeling that is shared by many of the Art Club members.

In the near future, the Art Club hopes to be able to start their own gallery on the THS campus. They also held an art/pottery sale this year to provide funds for their goals.

Chess Club Continues Making Moves

by Tan Truong

The purpose of the Chess Club is to provide members with the opportunity of playing chess. As a recreational activity or as a competitive experience, Chess is a game in which we must use our mental abilities on making moves. When we play, we must make good use of our mind to understand the offensive and defensive strategy of the game. The chess club helps and shows one to make his moves, learn the pieces, figure out his mistakes and opening moves, and develop the ability to plan ahead strategically. Chess comes in many versions: speed chess, Siamese chess, and even Chinese chess. Chess is a game that we play by learning from our own mistakes as well as from those of others. It is not winning or losing, but how we play the game that really matters. Buena Park High, Foothill High, Saddleback High, Sunny Hills High, and Los Amigos High are some of the schools the chess club competed against in the school year of 86-87.

Flying A Smaller Version

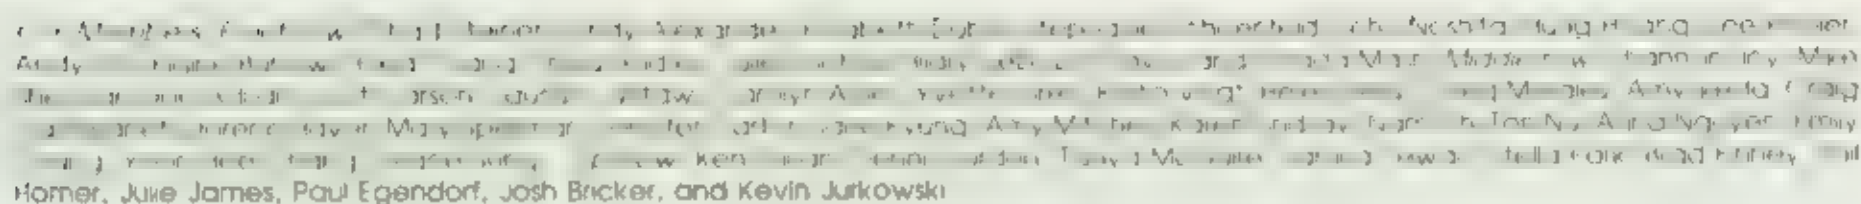

Radio Control Club: Mr. Beck, Advisor, Van Johnson, Steve Zeal

by Sean Kilehua

The Radio Control Club was started with about 6 active members during the 86-87 year. The club was started by Mr. Beck and a few interested students in approximately 1981. We teach the members how to build and fly helicopters, and we show them what to buy," says Mr. Beck. "RC is the largest sport in the world with over 100,000 registered members in the U.S.," he added. The 1986-87 club members were part of a club at the LTA. A helicopter base. On weekends they would go to the base and fly their miniature helicopters. They were also taught the safety aspects of flying. Memberships cost \$40 for seniors and \$25 for juniors. The fees helped pay for insurance, membership fee at LTA, and included an RC magazine.

Radio Control

It was founded to provide entertainment and social activities for the school's academic students. The club is one of the largest on campus with well over a hundred members. C. F.'s leadership consists of its sponsor's Mrs. Debbie Barret and Mrs. Anna Katsura, its president, Mr. Power, and executive board members Josh Breker, Helen Fieds, Julie James, and Mary Spelman. Besides community service activities, the club also raises funds to provide deserving seniors scholarships. Together, both the club's leaders and members have helped to form a successful club.

New Life Unites Members

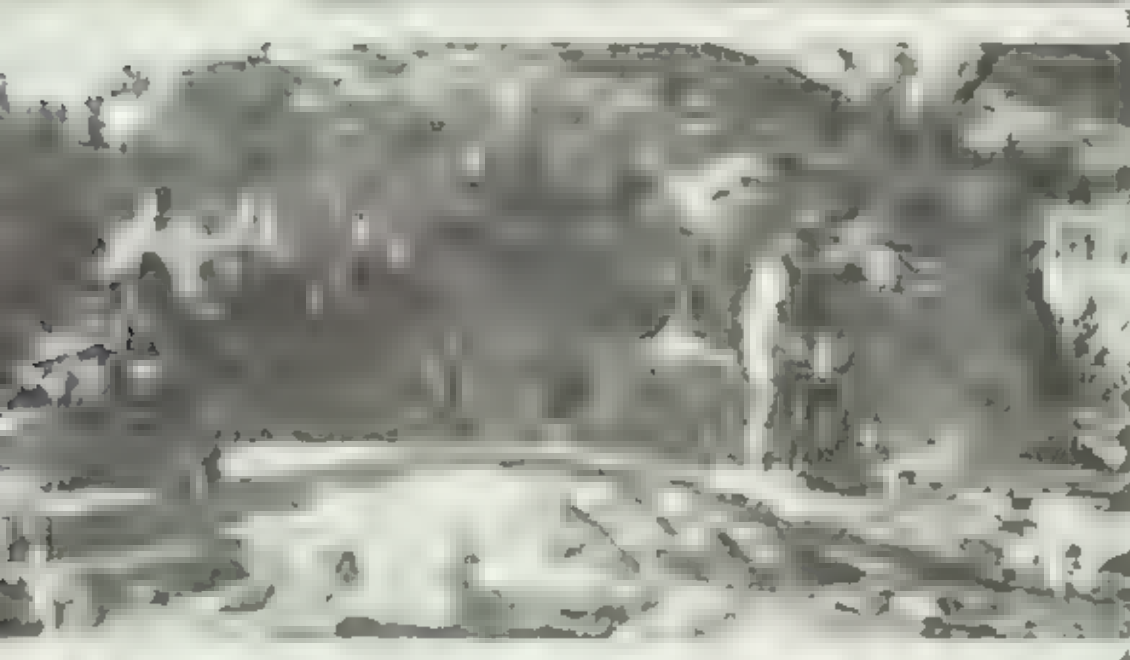

by Tanya Lefevre

The 1986-87 New Life club brought Tustin High many new faces and new fun. Which included such activities as barbeques, skate parties and lockins. The club met every Friday at lunch to bring their members closer together, both in school and out of school. "The mutual love between the members and of Jesus Christ, our Lord, was shared throughout the club." Says Heather Walker, club president, "Hopefully next year will prove to be as fun and exciting as this one was."

Backpackers Hike Alot

by Pete Pakes

Have you ever been hiking before? Have you ever experienced the great outdoors in your own country? There is a group at this school that loves to do this at least once a month. This group is the Backpacking club. Mr. Rolfi, a civics teacher here at Tustin High, is the supervisor for this club. At this time there are approximately eight members and four of the eight are active. Some of the trips taken this year were to San Yésento, the Gragonio. A one day trip was taken this summer to the Sierra Nevada Mountain Range. "It gets tiring but yet you learn a lot in the hike," says Sheldon Baker, who has gone on a number of hikes. Rod Kukia another club member says "We also get to camp, which is an experience in itself." If you ever have the ambition to walk like an Egyptian, let Mr. Rolfi know.

Let's Play A Game

by Tanya LeFevre

Can you imagine being a knight and slaying a fire breathing dragon? Well the guys in the Gaming club know what it's like. They are role players. As role players the player must assume the identity of his character.

These enthusiastic young men meet during lunch to play such games as "Advanced Dungeons and Dragons." The advisor, Mr. Taylor, believes the club is a good experience for the members as well as just plain fun.

Keys to the Community. Front row, David Kaufman, Andy Ch, Mike Baggitt. Second row, Tim Healy, David, Jay Fick, Eric Hook, Mark Schroeder, Greg Uhler. Third row, Manny Jones, Kevin Lenbach, Brad Finney, and Harvey Davis.

Key Club On The Rise

The Key Club is an organization dedicated to both community and school service. It is a junior branch of the Tustin Kiwanis Club and is one of the few clubs which is recognized nationwide. Its volunteer work has included organizing a Red Cross blood drive to working with children during a Kiwanis sponsored vision screening activity. The president of the Key Club was David Kaufman, the vice-president was David Healy, the secretary was Eric Hook and the treasurer was Greg Uhler. Being such an exciting and rewarding club, the membership is constantly on the rise.

Winter Concert

by Michele Nicks

On December 18, 1986, Tustin High School presented A FESTIVAL OF HOLIDAY MUSIC. The presentation was held in Tustin High School's own Little Theater. With the hard work of the conductor, Paula Sanchez and the concert band, the night of entertainment was enjoyed by all. The program included:

Winter Assembly Brings Good Cheer

"Santa Visits Tustin High"

This time of the year is the most exciting. Everyone waits upon the Winter Assembly, in order to find out who gets what. This year's highlight was Cathy Allard's wish to get a kiss from Duffy Clark. So of course he planted a huge kiss on her lips. Can you imagine what Dave Schlemmer thought?

Matt Lundin was blessed with being "bagged" for once in his life. Susan Marfleet played the piano. Jamie Dunn got clowned, and Leo Parker was a surprise date for the prom because this young man has never gone to a formal dance yet. Also two bands played, and Amy Aguilier sang a song by Sandi Patti.

- 2 **How beautiful**. Leo Parker looks to go to the prom
- 3 **Susan Marfleet** plays a christmas medley on the piano
- 4 **Bagged**. Matt Lundin finally got caught

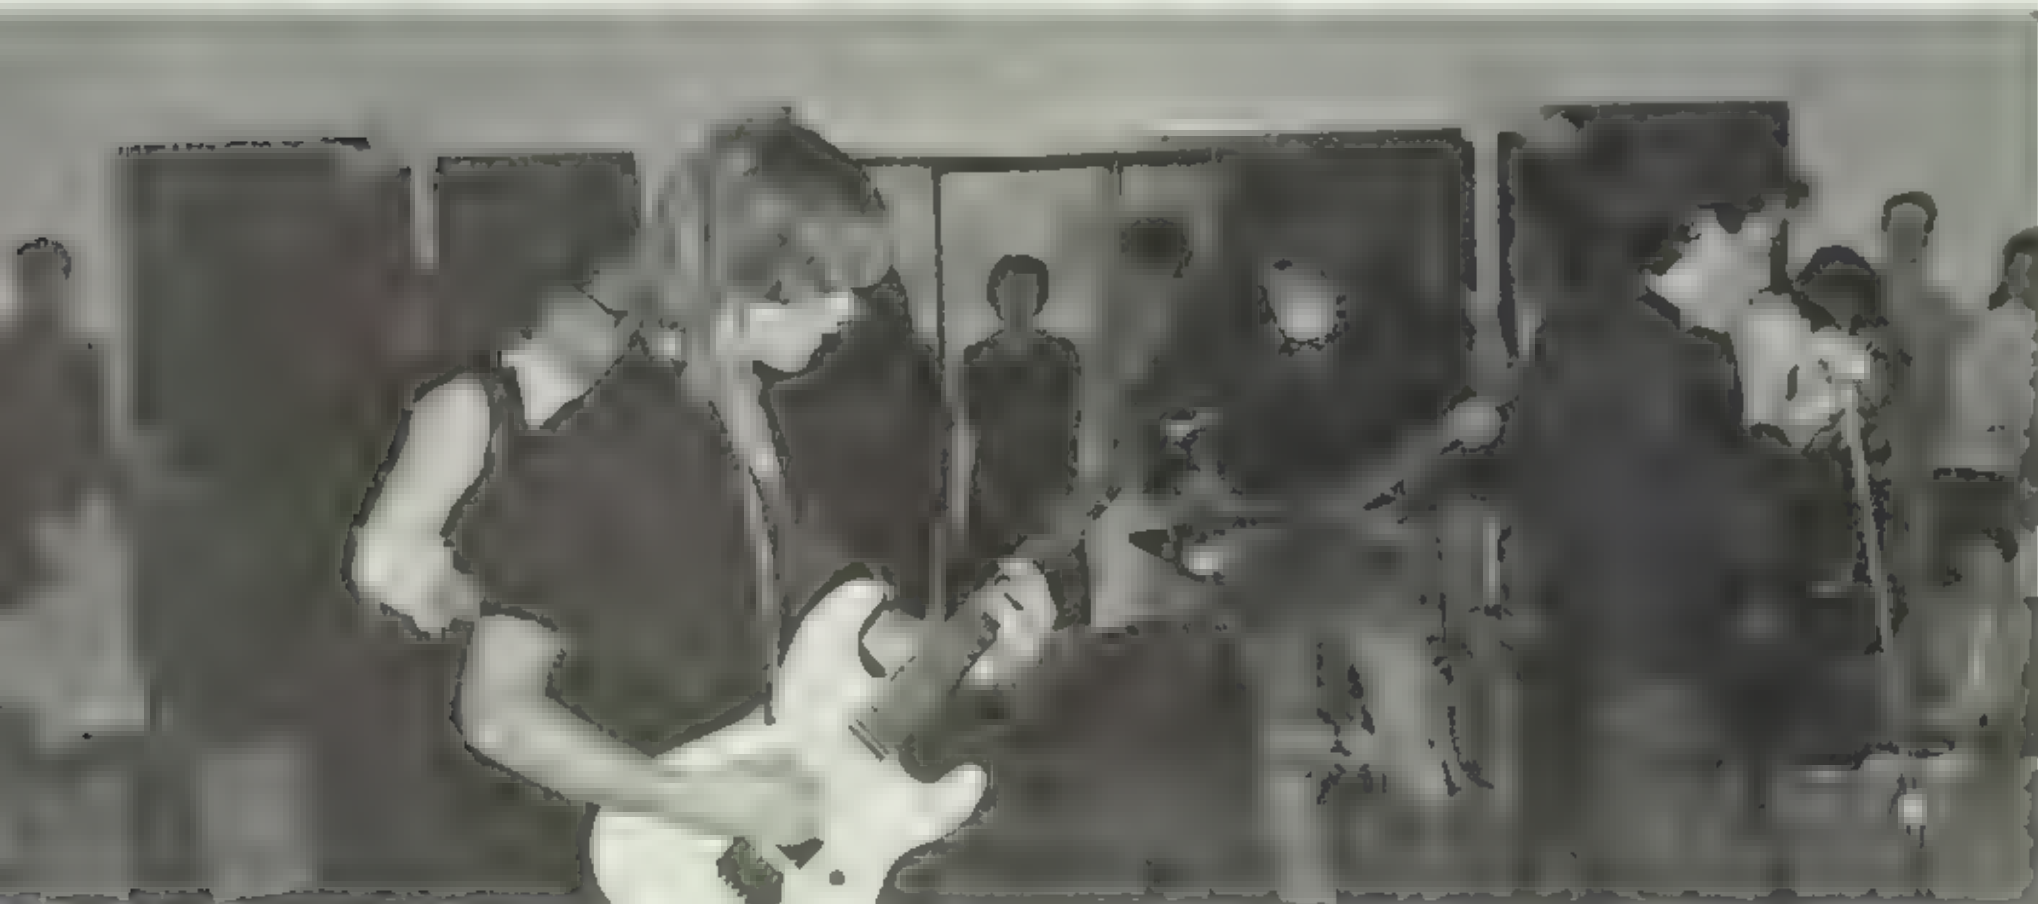

5 **Rock N' Roll** Carey Mottershead, Wally Hersham, Justin Arnold, and Derek Tanji played at the assembly.

6 **Future stars** Mike Hines, Mark Hoile, Matt Hines, and Steve Walker show their talent.

7 **Clowned** Jamie Liggins thrilled with his gift.

- 1 **King and Queen:** King Jeff Bos and Queen Shannon comprise their love during a fly on the wall.
- 2 **Keeping things Swinging:** Kevin Dorn and Date Stephanie Phillips are having a great dance together.
- 3 **Double Date:** Tiffany Johnson, Karen Fickett, Greg Morales and Helen Fields keep the tradition of double dating at dances.

Ice Castles

By Lon Collins

This years Winter Formal was held December 12th at the Anaheim Convention Center from 9 pm to 4 am. The ballroom was transferred into a castle of ice and the feeling of fun and happiness was in the air. A video D J. was hired to set the mood with favonte songs and videos on the video screen. At 11 pm the Wnter Court, chosen by various clubs on campus such as ASB and Keywanettes, was announced. The freshmen prince and princesses were Richard Talman and Wendy Basset, the sophomores were Brent Drouin and Shalene Wiest, the juniors were George Menges and Jamie Peckham, and the King and Queen were Jeff Bos and Shannon Joy. Sponsored by the Senior class, the dance turned out to be a night to remember of great friends and fun times

Pep Week Was Fun For All

by Glora Velasquez

The 1986-87 pep week began Tuesday, February 10th. This year's Pep Week was filled with fun activities, in which students displayed much school spirit. These events took place at snack and at lunch, which included a munch out, a twinkee feed, and a hanging donut game.

The final event was the all school assembly which took place in the gym, in which students participated in the following activities, waste basket tug-a-war, bobsled relay, kiss a slob. The senior class took first place in the class competition.

Pep Court was selected by the Senior Class. Pep court nominees were Laurie Reider-Lee Pooler-Marita DeLeon-Darren Puckett-Mary Spellman-Drew Lautrup-Mindy Siskowic-Mike Bard. This year's pep court King and Queen were Mike Dobak and Holly Fletcher.

1. **Eating Pies** - Kids enjoyed Tony Cena and Anthony Hampton stuffing their faces.
2. **Munch out Seniors** - Jennifer White and Harvey Davis demonstrated a new way of eating.
3. **Sophomores** - ...
4. **Donuts on a string** - A new way of eating breakfast.
5. **Gorilla** - Tony Cena showing his strength.

Our Sister School Visits Tustin

by Pam Delamater

This year Tustin High has started a new tradition. We have adopted a sister school from Taiwan. The Keelung School for girls.

This was arranged for us by Mrs. Joann Beard.

The Keelung School for girls is run very differently than Tustin High is run. We found this out when the Keelung School Orchestra came to visit Tustin High on February 4, 1987. Unlike Tustin High, the Keelung School has no extracurricular activities whatsoever. No dances, athletic games, or special events outside of the normal classroom routine. They did many things while they were visiting Tustin. First they went to the ASB room where a reception was held for them by the school Senate, then from 8:30 to 9:30 they were given tours of the campus and allowed to visit some of the classrooms while they were in session.

They then went to the Little Theatre where they practiced until they gave their orchestral performance at 10:30. After the performance was over they went to the ASB room for a pizza lunch. At the end of the day they went to the Varsity Basketball game against Saddleback.

Just before they started their performance in the Little Theatre, Mrs. Lynch and Principal Ho Hsu, Jui Tao signed a pact. In the pact they agreed to encourage greater international, intercultural and interethnic awareness and understanding. To expose students and teachers to the cultural heritages and accomplishments of both Chinese and American cultures. To plan campus visits and sharing of student and teacher skills and talents. The English Departments of both schools will encourage pen pals. We will exchange school yearbooks and information regarding each school's special activities, student clubs and organizations, student and teacher achievements, recognition in sports, music, art, science, math, and other academics. In meeting the

agreements the Principal of Keelung Girl's High School initiated the sister school relationship by visiting Tustin High in

February 1987, with a group of music students who performed traditional Chinese music for the teachers and students of Tustin High. In addition to this, the Keelung School

will provide classroom space and a teacher for Tustin students who wish to visit Republic of China, and Tustin High

will do the same for Chinese students who wish to visit America. Visiting groups to both schools will be encouraged

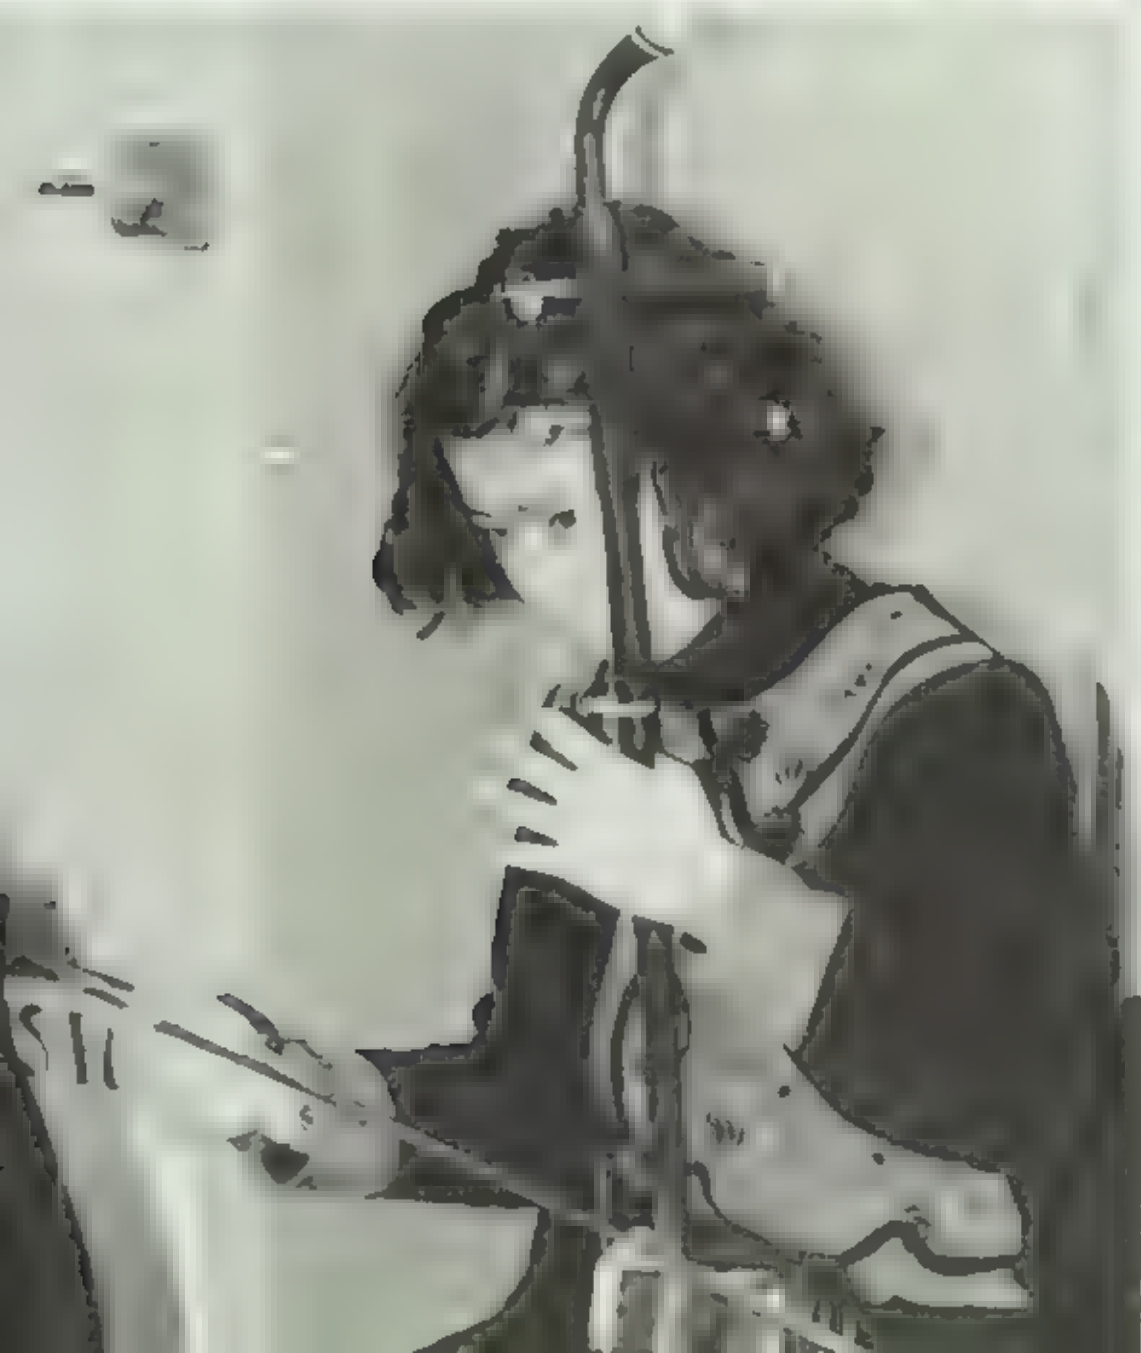

to form friendships and to be young ambassadors of good will sharing their culture, talents and interests with their sister

school students and families.

1 **APPLAUDING STUDENTS** — Principal Ho Hsu, Jui Tao and transfer We Pei Ti applaud the performance by their students.

2 **KEELUNG SCHOOL** — Mrs. Lynch poses for a picture with the students and administration from Taiwan along with Mr. and Mrs. Beard.

- 3 **CONTRACT** Mrs. Lynch and principal Ho Hsu Jui Tso sign the sister schools contract
- 4 **WELCOME** — Tustin High displays a warm welcome for the Keelung school
- 5 **PERFORMING** The students play the Nanhu for Tustin Concert

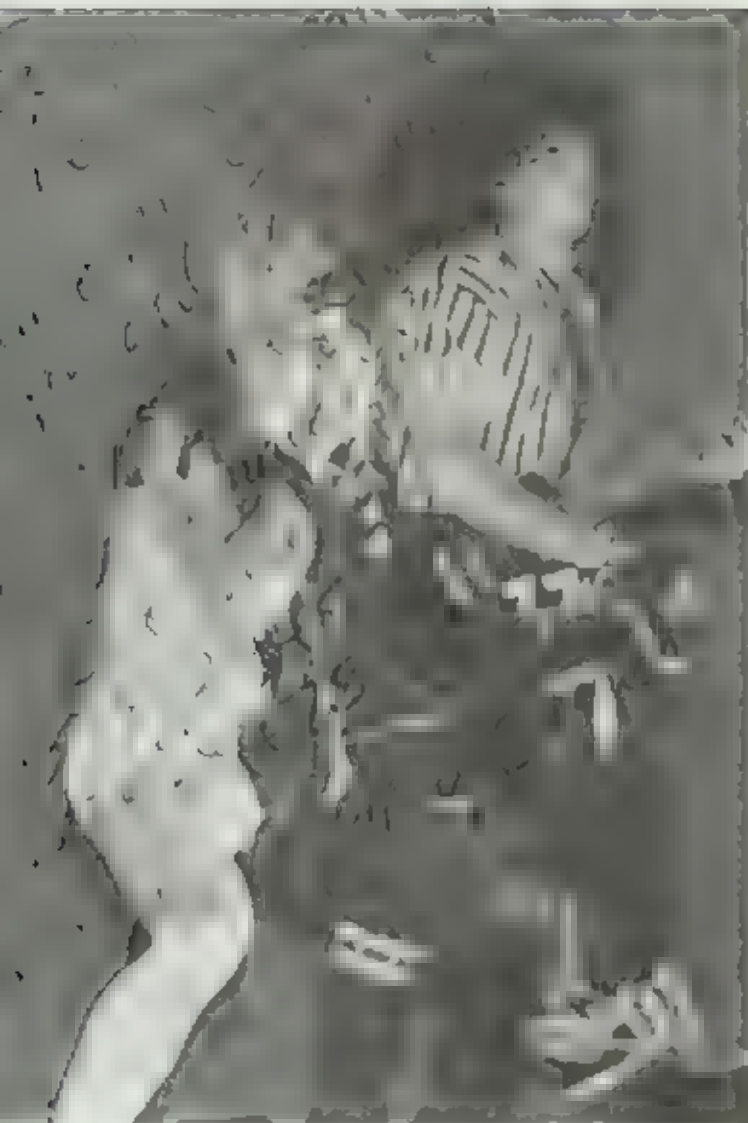

Air Guitar '87"

by Pam Delamater

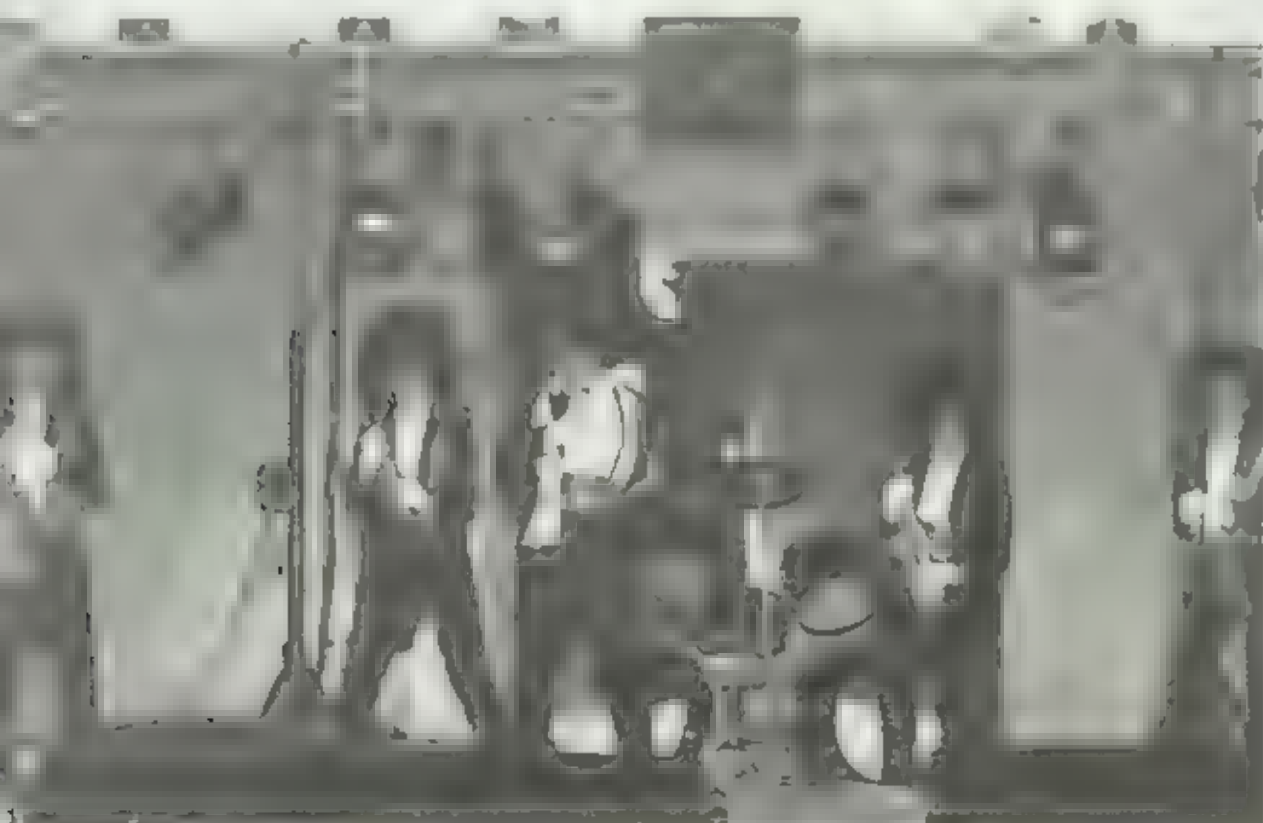

For the past three years Tustin High has been putting on their own version of "Puttin on The Hits", which we call Air Gutar. We usually give a special assembly during school for Air Guitar, but this year we did something a little different. This year we had a special Air Guitar concert in the evening at 7:30 in the gym on Tuesday March 31. The show lasted an hour and consisted of many Tustin High students dressed up as their favorite singers and lip syncing to their favorite songs. Not only is Air Guitar fun, but it is also a good investment. There are cash prizes: \$200 for 1st place, \$150 for 2nd place, and \$100 for 3rd place. This year's winners were *James Brown* for 1st place singing "Living in America". The group consisted of Scott Feldman, Greg Morales, Matt Lundin, Helen Fields, Pete Pakes, Andy Chi, Rog Middleton, and Bill Verge. The *Shouters* won 2nd place singing "Shout". The group consisted of Keri Sutcliff, Jolie Peckham, Julie Kettering, Melissa Northway, and Patty Rodriguez. 3rd place was *Stryper* singing "The Way". This group was portrayed by Tony Cena, Sean Reagin, Sean Gutridge, and Chad Sullivan. Other groups who participated in Air Guitar '87 were ZZ Top, The Righteous Brothers, Madonna, Cinderella, Essence, Peter Gabriel, Sisters' of Respect, Ladies in Motion, and The Cherry Boyz Production. Air Guitar has become a fun and exciting experience for Tustin High Students that we hope will become a tradition for many years to come.

Magic Theatre

by Kevin Dorn

As I walked into the Tustin High Little Theatre, I knew something was up. At least a billion little kids were running about, finding their seats, and making a bit of noise.

Looking for a seat to land myself in, I spotted my eight-year old sister, there to see the play. I found a seat as the lights dimmed. It's a good thing as moments later there were actors bounding in through the doors and running down the aisles.

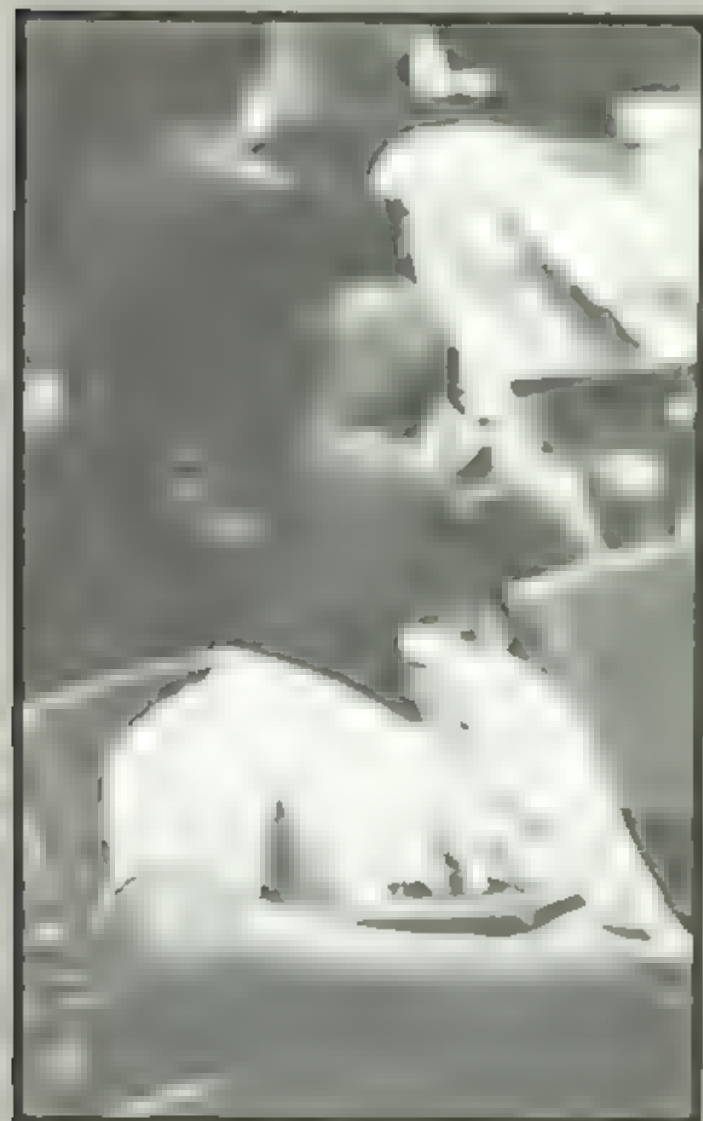

The actors kept the energy level at a feverish pitch, keeping the kids squealing in delight. Tim McFarlen romped about like a roaring lion and other actors took advantage of the 12ft slide set on the stage.

Amid the chaos in the theatre, the actors gave the audience something to hang on to. They let the kids know it was all right to be different. They said, "It's O.K. to be yourself."

As the play ended I rushed out the door to beat the flood of munchkins also trying to leave.

CLOCKWISE FROM TOP: Lyn Williamson uses her imagination to slide down on a yellow slide. It's all O.K. to be different. (L-R) Lisa Judson, Leslie Mathews, Contessa Bowers, and Wendy McManus. A local student looks on.

Tillers Take First In Special Olympics

The Special Olympics of the Special Olympics year are in November. Participants compete during the parade in several categories including Best Marching Group and Best Theme Presentation. Tustin High's Special Day Class took first place as Best Marching Group in the 1987 competition. Events to follow include, Bowling, Track, and Field, and Rollerskating. Each year Tustin is proud to send a representative to the state games.

And In The Center Ring . . . Kay Goodman

by Michele Nicks and Kevin Hargrove

This year's dedication goes to a very deserving teacher here at Tustin High. When registering for one of her classes, if you're not one of the first in line, you may as well forget it because Kay Goodman is no doubt one of the most popular teachers here on campus.

Mrs. Goodman was born in a small town by the name of Buffalo Lake, Minnesota. When she was young, she traveled as a performer with her uncle Jay Gould and his circus.

In college, at St. Paul, Minnesota, Mrs. Goodman debated with the best of them, including ex-presidential candidate Walter "Fritz" Mondale. She also acted in several school plays and wrote songs, one of which, "MOON MADNESS," became the theme for their senior dance.

Mrs. Goodman wanted to be in the theatre, but at the last minute she decided on a teaching career. The sudden change of heart seems to have had no effect on Mrs. Goodman. In fact, she says, "It's fine with me, I have a captive audience now, they have to listen!! What a way to make a living! I love it!" She must love it, she has been at it for thirty years. She has taught several subjects such as, P.E., Basketball, Cheer, Drama/Speech, and now English and Literature.

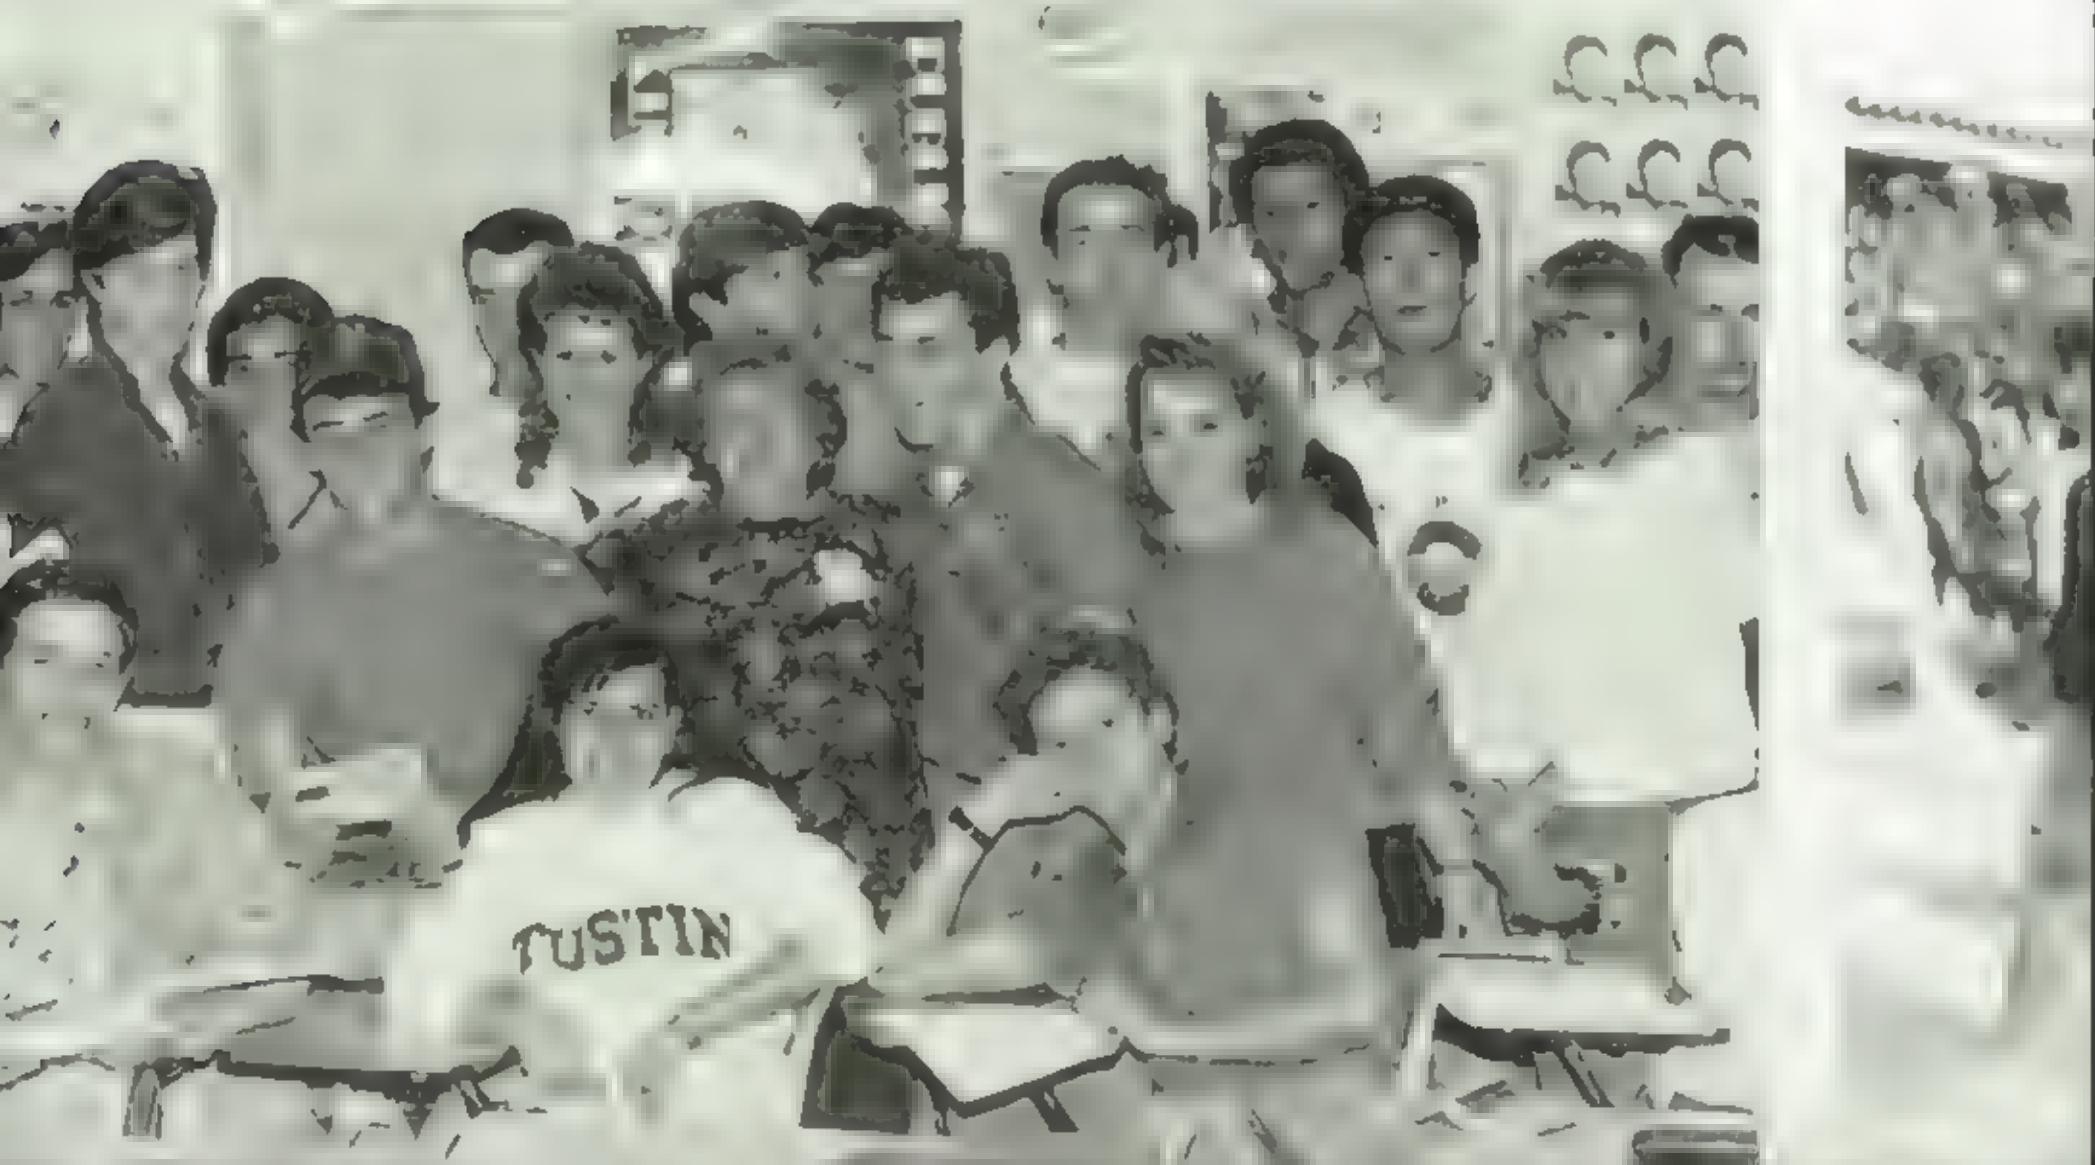

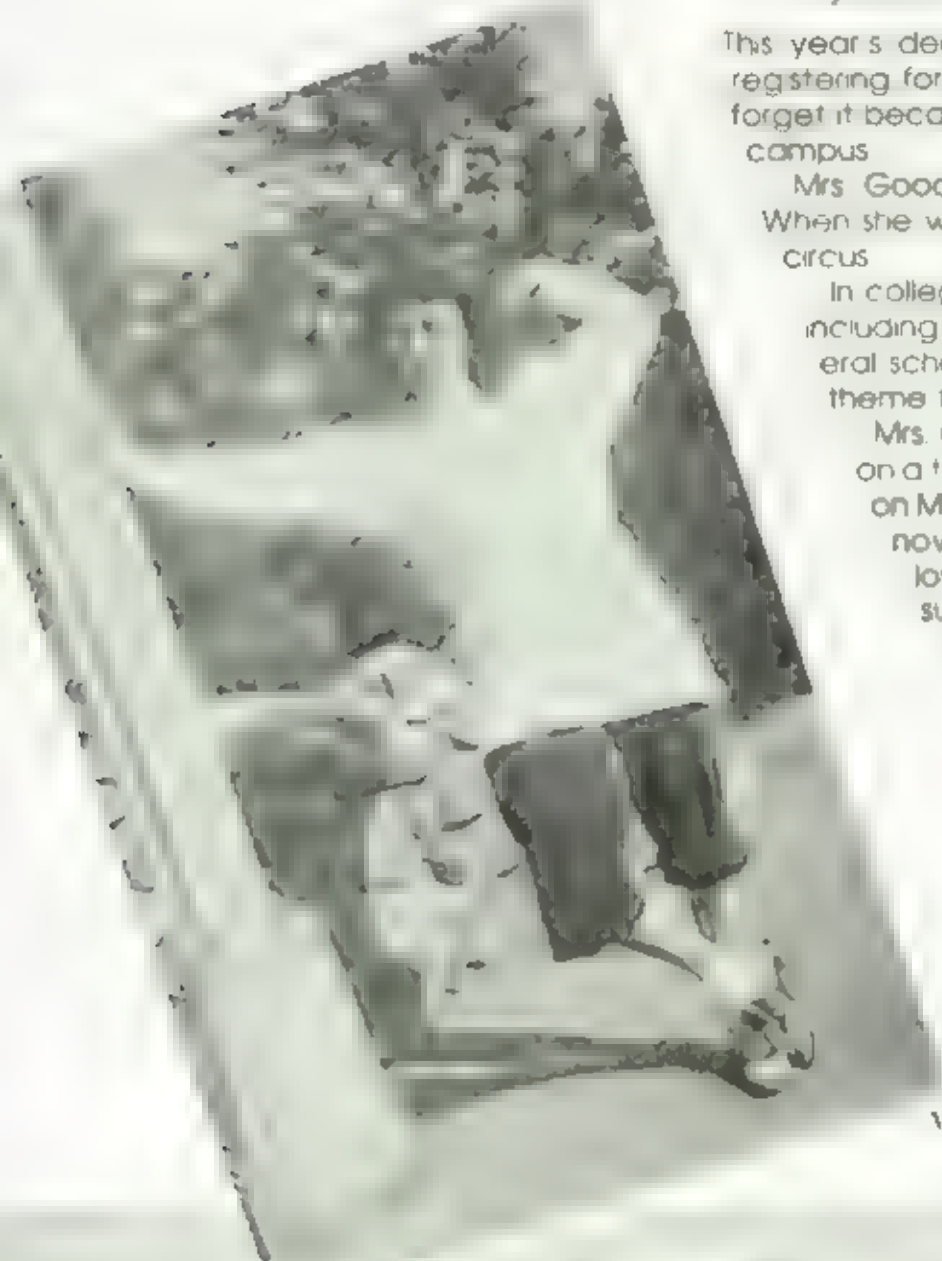

Mrs. Goodman says she, "Wouldn't trade any of her thirty years of teaching for any other work in any other field." She adds, "It's the kids — the kids have always been special — they're what makes a school special, God bless them!"

Well Mrs. Goodman, we here at Tustin High think you are a very special and vital part of our Tustin Family. From when we first entered the doors of your room, your cheerful smile and skilled knowledge touched our hearts and left fond memories of you on our minds.

Thanks for your patience and understanding for all of these years — God bless!

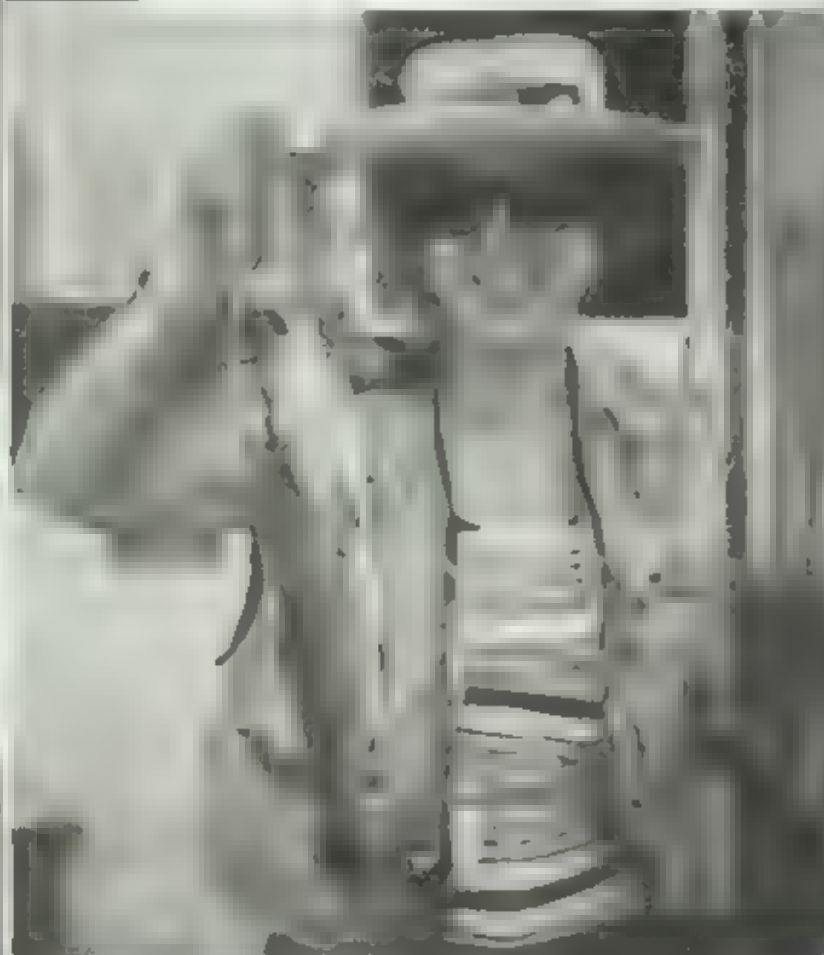

1 **A STAR IS BORN** — crazy antics have always been a part of Mrs. Goodman's characteristics.

2 **SMILES ABOUND** — as seen through the faces of some of Mrs. Goodman's students, room 410 is definitely the place to be.

Administration

The 1986-87 year has proven to be a very exciting one for Tustin High and I have been proud to be part of it. As we have faced the triumphs and challenges, I am particularly appreciative of the support from teachers, staff, students and parents.

I began the year in July by seeing several new teachers, two new assistant principals, a new band director and a new activities director. The many new faces brought lots of new energy and I'm pleased with all they've accomplished this year. From the thrill of our winning football program, to the crowning of the kings and queens, to the OCAD competitions, this has been a great year.

My thanks and best wishes to the Class of '87- You have been a special part of my life for four years. Take care!

Mrs. Peggy Lynch

Peggy Lynch, who is currently our principal at Tustin High, has spent 12 years enthusiastically supporting the Tustin High student body. She was born in Trenton, New Jersey where she graduated from Stenert High School. Mrs. Lynch then attended Parsons College in Fairfield, Iowa. There she received a Bachelor's Degree in English and received a minor in social science. In 1968, she married Ed Lynch, and a year later they moved to California. Her teaching career began at Columbus Tustin Intermediate School in 1970. In 1975 she began to teach at Tustin High. She taught English, journalism, and was the ASB advisor from 1977-1979. After the summer of 1979 Mrs. Lynch was promoted to assistant principal. Her hard work and dedication paid off when she was made principal in 1984. One thing she likes most about her job is working with teenagers and teachers. What

Bob Boise had been a history teacher for 8 years. But because he liked his idea of education with the result of attitudes by both students and teachers, he became an assistant principal just this year. He is concerned about the future of our school and supports all the things he can do to help it. Reading, gardening, golfing, and fishing are his hobbies.

Duffy Clark has been working as assistant principal at Tustin High for a year and a half. His hobbies are surfing and watching the T.V.

He says he likes working at Tustin and it not only shows he is well liked here at Tustin.

Brad Lantz Prior to becoming our assistant principal this year Mr. Brad Lantz was a band director. He

he enjoys working at Tustin. He is the most. Some of Mr. Lantz's hobbies consist of golf, law, and playing Big Band jazz music and drums. He used to be an engineer for the Disneyland train. Mr. Lantz also used to drive an armored British truck.

her favorite actor and actress is Robert Redford and Shirley Maclaine. For recreation Mrs. Lynch enjoys reading and playing sports, such as basketball.

Anna Katsuki

Ms. Anna Katsuki is a Counselor at the University of North Carolina at Chapel Hill. She has been a Counselor for 15 years and is currently a Senior Counselor. She has a Master's degree in Counseling from the University of North Carolina at Chapel Hill. She is a member of the American Counseling Association and the North Carolina Counseling Association. She is also a member of the International Board of Standards and Practices for Certified Counselors. She is a past president of the North Carolina Counseling Association. She is currently a member of the American Counseling Association and the International Board of Standards and Practices for Certified Counselors. She is a past president of the North Carolina Counseling Association. She is currently a member of the American Counseling Association and the International Board of Standards and Practices for Certified Counselors.

Peter Kellner

Mr. Peter Kellner is a Counselor at the University of North Carolina at Chapel Hill. He has been a Counselor for 15 years and is currently a Senior Counselor. He has a Master's degree in Counseling from the University of North Carolina at Chapel Hill. He is a member of the American Counseling Association and the North Carolina Counseling Association. He is also a member of the International Board of Standards and Practices for Certified Counselors. He is a past president of the North Carolina Counseling Association. He is currently a member of the American Counseling Association and the International Board of Standards and Practices for Certified Counselors.

All work and no play makes a better person-as Mr. Kellner proves this saying by being an excellent counselor.

Ken Wiedemann has been at Tustin High for 5 years. His first goal of becoming a professional athlete didn't materialize and he returned to graduate school earning an M.S. in counseling. Ken Wiedemann enjoys skiing, tennis, chess, and bridge. He enjoys working with students and faculty but he dislikes the paper work.

Gene O'Toole is a very special counselor at Tustin High who really puts a lot into his profession. Although he first set out to become a lawyer he does not regret the job he has at Tustin. Mr. O'Toole feels, "high school students are easier to deal with than the general adult population." He also added, with a smile and a sparkle in his eyes, "I enjoy explaining — I enjoy crusading for causes I believe are important to the next generation — and I enjoy stressing values such as honesty, hard work, success, growth, and change." Counseling is a tough job, but with people like O'Toole Tustin High can be a great place to be. Outside of school Mr. O'Toole is very active especially in community related jobs. For fourteen years he has been active in City Council, as well as school board elections in Irvine. He also participates in "Irvine To-morrow." At UCI he is on the Advisory Board for Public Schools in Orange County. Mr. O'Toole and his wife Joan enjoy traveling and hope someday to go to Europe. Besides travel he enjoys music, cycling, tennis, reading and cooking. It's great to know there is a person who can be highly looked up to, a person who cares about what happens to our future generation, and someone who can honestly say, "I love people, and I love ideas." You can find this person at Tustin High his name is Gene O'Toole.

Counselors

Key Goodman: What a lady! Singing, dancing, camping and fishing are a few of the things Mrs. Goodman enjoys. But at the top of her list is teaching, which she has been doing for the last 30 years. What else would you do if you grew up in a family of teachers? If you want to get on Mrs. Goodman's good side, you could try finding the top to her car. It flew off one morning on the way to school, and she hasn't seen it since. If that doesn't work, you could try getting her some Sesame Street plates. Australia's better for a Frank Sinatra album or a new Bible. But even without any of those, you won't find it hard to get on her good side, 'cause it's hard to get on her bad side.

Mrs. Pam Gray Pam Gray is the reading and writing lab teacher here at Turin High and has been for the last two years. When asked what she liked most about her job she replied with a smile. The students. Outside of school, she enjoys photography and basketball and the taste of Mexican food.

- 84 English

Mr. Harrington is an English teacher at Tiffin and as he stands has a strong feeling that he is a good teacher.

ments of fine time he enjoys playing golf, working to save money for his children's education.

Roger Linderman

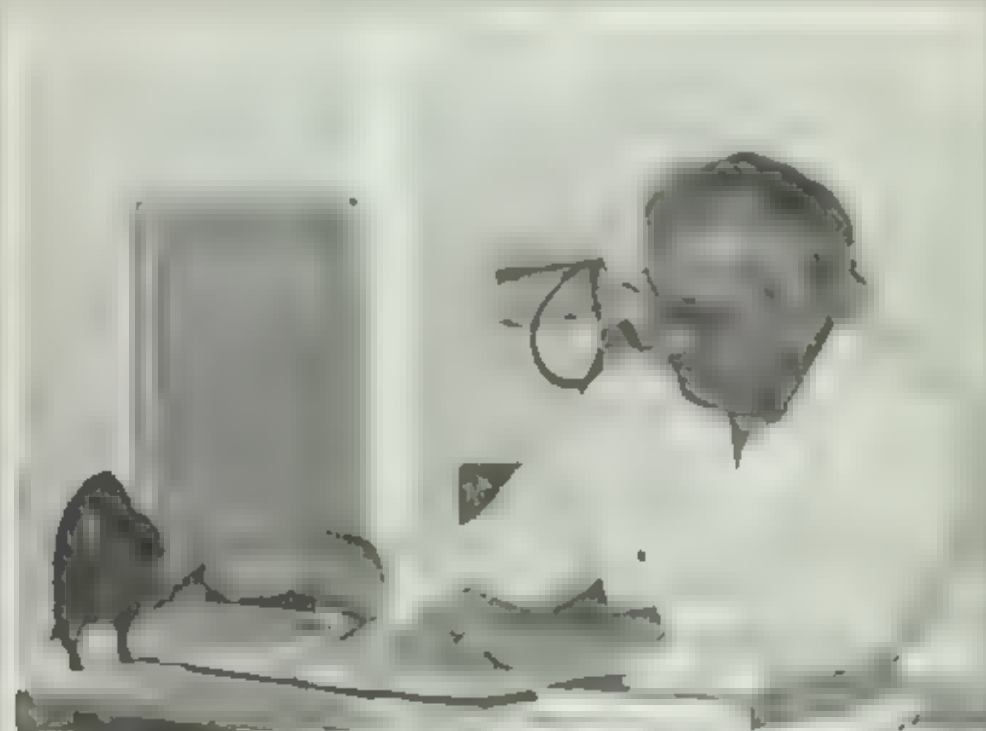

Mr. McSparran is a teacher who can not be accused of being "wacky" or a push over or any of those kinds of terms. He is a teacher who, even though he is in the classroom, is always well-spoken from the very beginning. He is strict but not a whelmingly so as to make his students feel that he is a control and even more so the mastery of his subject, mythology.

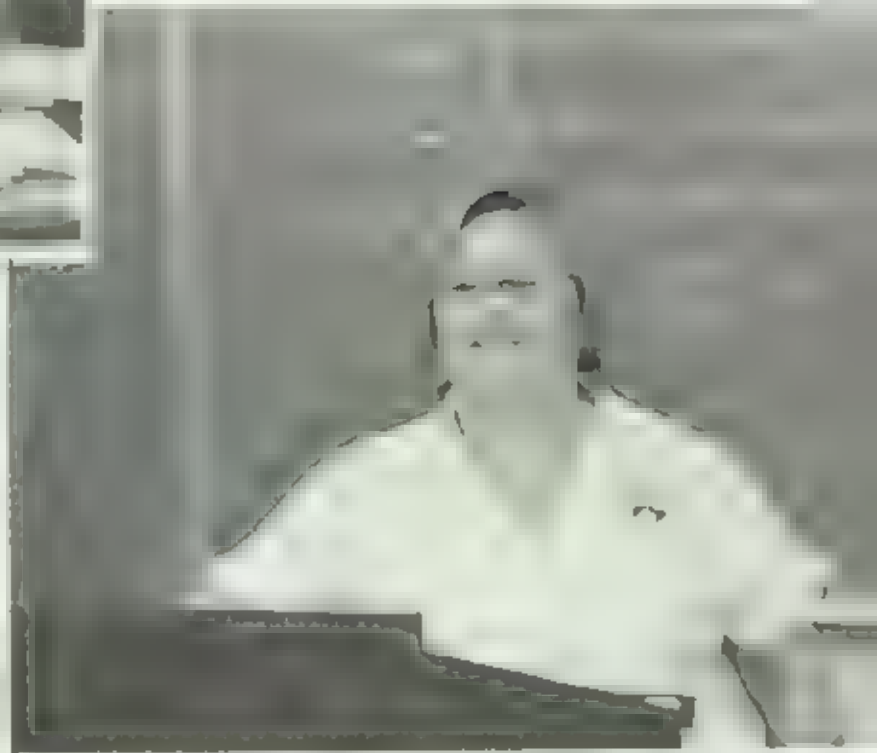

Dan Sheehy former Tiffin basketball player and now a player for the Tiffin Indians. Dan Sheehy teaches sports, literature and English.

Carl Sims. Once upon a time there was a little boy named Carl. At the suggestion of another boy, little Carl hid in a pile of leaves. Then the other lit the leaves on fire, with little Carl inside. The reason Carl grew up to be a teacher was to warn students from being so glibble. Stories like this and plenty more are at part of the Mr. Sims experience. 24 years in the field, a dog named Polli, and a vast knowledge of English and American literature make his teaching among the best. If you haven't already, try one of Mr. Sims' classes and make sure you bring along some ice cream. Macho. Among. Hodge. It's his favorite.

Lindsey Sims. has been in the Tustin District for 18 years. Mrs. Sims came into teaching because she enjoyed school herself, plus loving to read and travel Mrs. Sims says. "teaching allows me to use my imagination." Some of her hobbies are golfing, knitting, reading, and travel.

Mrs. Sleeper. has been teaching for 23 years. 20 of those years have been spent at Tustin High. She enjoys teaching because she believes for every individual the development of the mind is the most important thing of all and she wants to be a part of that. Mrs. Sleeper chose english because it was the only subject that dealt with all human concerns. Mrs. Sleeper enjoys reading, traveling, hiking and spending time at her mountain cabin. One of Mrs. Sleepers favorite things about T.H.S. is the students and the fact that it's a wonderful place to teach. She also has tremendous loyalty to Tustin High (who wouldn't after 20 years?)

John Sorenson. A great teacher in his own way. He teaches differently than any other teacher. He teaches imagination in writing, Bible and English (supernature). He enjoys band, he taught band in a church for a number of years, and loves students.

English

Hank Woods is an English teacher at Tustin High School and has been at it for 13 years. He originally commuted to West Covina for a teaching job and found it awesome due to the fact that it was so far away from home. Real fun came when Mr. Woods was hired at Tustin as a football coach. He's been here ever since. Mr. Woods says he enjoys working with young men and women in an excellent job atmosphere. But sometimes finds it hard to do so in the bulky realm of his classroom. Weight lifting, reading, running, and swimming are among the other activities Mr. Woods enjoys. Generally, he says, "I have been interested in American History. I've been reading about Thomas Jefferson." Mr. Woods has two young children and admits it's difficult to keep spare time. This may be difficult for some of us to admit and so we do value so much time to his students. Thanks Mr. Woods for all your time and devotion directed towards Tustin High. We appreciate it.

"Oh no, it's Monday!" Mrs. Sims writes the day's schedule on the board.

Royner Taylor left Oklahoma seeking fame and fortune in Southern California. He found his fame and his fortune in education. Mr. Taylor has been in the United States Naval Reserve for 22 years. Photography, traveling, and observing the growth of his boys and family are Mr. Taylor's hobbies. He is a respected teacher who is looked up to and is admired by his students and co-workers.

Paul Whitelock has been teaching for 23 years. His hobbies are hunting, fishing, flying, and scuba diving. What he likes most about teaching is helping students and watching them learn new things that will help them later in life. He dislikes students who will not even try if it is the least bit difficult and are therefore letting the world pass them by.

Don Sheehy lives in San Clemente with his wife, Marina, and two sons. Don himself is a sibling of 11 other brothers and sisters, all of which have names beginning with the letter "D". Don was a former varsity baseball and freshman football coach for 10 years. He enjoys snowking, waterskiing, and playing golf. His favorite things about teaching at Tustin are intellectual stimulation, youthful enthusiasm, and optimism. He dislikes apathy, interruptions, and the "It's not my fault" syndrome.

Duane Carlsen Math teacher used to teach woodshop at Tustin HS

Mr. Kell has been teaching for the better part of twenty years. His career has been a journey and it demonstrated by the success of his students. Mr. Kell went into the teaching profession because I was inspired by my high school teachers and hoped someday make a difference. Despite his dedication to his profession, Mr. Kell has time for camping, carpentry and attending sporting events.

Mr. Falk teaches math foundations, introduction to algebra and is the girls Basketball coach here at Tustin. Mr. Falk enjoys watching "St Elmo" in the evenings and eating Reese's Peanut Butter Cups and Tacos. His favorite movie is "An Officer and A Gentleman". One of his favorite hobbies includes playing golf. He also enjoys listening to Sandi Patti and other Contemporary Christian Music.

Mr. Mel has been in the teaching profession for many years, but it was not until three years ago that he came to Tustin High. Each day he can be seen traveling back and forth between the two Tustin campuses because he teaches both intro to algebra and Divers Ed. Outside of school he enjoys both participating in and watching a variety of sports.

Mr. Larson teaches math. He is a fan of playing cards and it is the card game that brought him his greatest campus success. He is a teacher of many students and it is the card game that brought him his greatest campus success.

Stewart Mortensen math teacher of general geometry

Don Richardson a mathematics teacher here has been teaching for 19 years. He began as a playground supervisor in college and wanted to continue teaching kids. His hobbies include swimming, horses and working the ranch.

Math

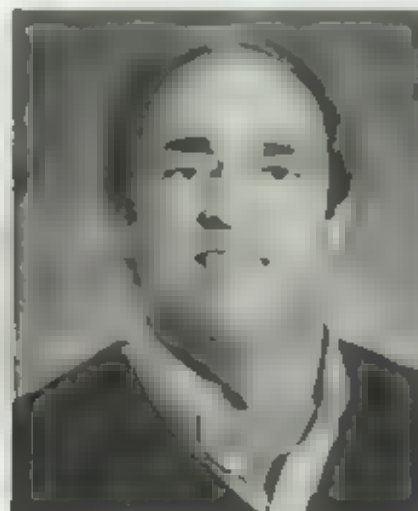

Mrs. Mattison has been teaching for 21 years and has spent those 21 years with us at Tustin High. She went to Whittier College and majored in mathematics, her minor was physical education. Some of Mrs. Mattison's degrees include a B.A. in math, a Masters of Education degree and she also has her Life Teaching Credential. She enjoys math because it was the only subject in school that was challenging. It was very organized and it was the only subject in which you could always find out if your answers were right or wrong. When asked her why she teaches, she replied, "I enjoy it and it keeps me young at heart." She enjoys the students and the many variety of personalities that come into her classroom. Mrs. Mattison's hobbies include being a sergeant in the Orange County Sheriff's Department Reserve. She also enjoys sports and computers. Although you would think she is a very busy person, she always finds time to spend with her 13 year old daughter and her husband. If you have yet to take a math class or computer class from Mrs. Mattison, you are missing out! She's a great lady and a super teacher!

Mrs. McMaster is a math teacher here at Tustin High. She teaches many different forms of math including Geometry, Algebra, and Intro to Algebra. If you go over to Mrs. McMaster's house on a Thursday evening at 8:00 p.m. you just might find her watching the "Cosby Show" and eating chocolate ice cream.

Mr. Patten has been teaching for 14 years. He enjoys the friendships made with the students here at Tustin High. Some of Mr. Patten's hobbies are basketball, reading, science fiction/fantasy, cars and antiques.

Mr. Wagoner Mr. Wagoner has to be in contention for being a teacher the greatest number of years. He has been teaching for thirty one years. His great experience in the subject of math is clearly apparent in the three classes he teaches. They are Algebra, Trigonometry and computers. Outside of school his interests are quite different from his profession. He enjoys singing and working with wood.

Betty Schaff lives in San Clemente with her husband Al, who is the head football coach at San Clemente High and their spoiled Airedale dog. They live on the edge of the sand on San Clemente Beach in a Spanish style house that Mrs. Schaff and her husband designed and built by themselves. Before Mrs. Schaff came to teach at Tustin High she taught for three years in Pennsylvania, three years in Arizona, and taught at Montebello High near Whittier for nine and a half years. She has been at Tustin High for thirteen years now, and currently works in the computer department and is a supervisor of the Business department. Mrs. Schaff and her husband enjoy water skiing, and just recently bought a motor boat. They plan to travel across the country in their motorhome sometime in the near future. Mrs. Schaff enjoys watching "Who's The Boss" on Tuesday nights at eight o'clock. Her favorite movie is "The Color Of Money" which stars her favorite actor, Paul Newman. Mrs. Agosy is a Spanish teacher at Tustin High. You can tell that she is very dedicated to her job because she gets up early every morning and drives to school all the way from Westwood. Now that's a dedicated teacher.

Mrs. Berry's main goal was to become a teacher and indeed she became one. She has been teaching English and Latin for sixteen years at Tustin High School. Mrs. Berry enjoys teaching because each class is like meeting a new personality. She also has a chance to influence and relate with students in a positive way. The thing she dislikes the most is when students don't work to their fullest capacities. Mrs. Berry also enjoys reading. Her favorite book is *Heart of Darkness*. She enjoys doing aerobics and being with her dogs. Her favorite food is steamed vegetables.

Mr. Brown: Habla Español? If you're looking for an English class, you better look down the hall. Mr. Brown is dedicated to teaching Spanish. When not prepping through Spanish, Mr. Brown likes to read science fiction or maybe watch a Harrison Ford flick. Mr. Brown has been in the sunny state of California for a while, attending Long Beach and San Jose State, then teaching for 20 years.

Marilyn Lusk: Teacher, comedian, kid (at heart), and a great artist in the field of stick figures. If you could see her stick people during a lesson you'd be laughing. At school and after school, Mrs. Lusk is just one of the gang; she's a real jokester. Her first love is the French language and she is fluent in it. It's a good thing too because she's a French teacher. You could see her at every football and basketball game. What a "Go Go." When she goes home she likes to read or listen to rhythm & blues (soul) and to play with her fido-puppy "Gigolo." Seventeen and one-half years ago Mrs. Lusk gave up trying to become an actress/comedian to become a teacher. She has absolutely no regrets about it because she truly loves her job and her students.

- 1 **Sitting pretty** - Behind her back, Snoopy says nice things to Mrs. Lusk.
- 2 **Feeling the holiday spirit** - Mrs. Berry, Mr. Brown, Mrs. Wood and Mrs. Lynch enjoy themselves at a holiday party hosted by the principal.

Doyle Barker is a Spanish teacher here at Tustin High. She has been teaching for 9 years and has been with Tustin for 3 years. The thing Mrs. Barker likes most about her job are the students, the hours, and the vacation time. Mrs. Barker has one 9 year old girl and 2 year old twins which she loves very much. One of her major hobbies is tennis. She also enjoys traveling, skiing, and flying. She has a pilots license. Some of her favorites are the Street Blues, Moonlighting, Cheers, the color red and black, candy and luscious, and the movie Gone with the Wind. She is fluent in the Spanish language as she used to live in Acapulco, Mexico.

Leon Smith has been teaching at Tustin High for many years. He is the ES teacher but up until this year he taught German. Mr. Smith likes to make guitars in his spare time. He enjoys reading Time magazine, eating pizza and listening to classical music. He says his favorite book is "The one I'm reading now" and his favorite car is "the one that runs." This is Mr. Smith showing his humorous side.

Jerry Spivey teaches French and ESL. This past year he has become Head Coach of both boys and girls tennis. He is an avid tennis player himself. Being a French teacher he enjoys French cuisine and visiting France which he has done a few times. Jerry loves to sail boats in his spare time and has organized a sailing club.

Coach Boyd Philpot. Being a substitute teacher and coaching the 1979 girls swim team, Boyd Philpot naturally was a prime candidate for a teaching position. That was seven and a half years ago and today it is the timeless instruction and coaching of the competitive aquatic teams that compel him to continue teaching. Yet, being a person in search of more than academia, he does not waste a chance to play the piano, surf the waves, or collect a few records. There is more to life than school and grade books. Coach was a college All-American in Water Polo at UC.

Coach Tom Coffey has been at T.H.S. for 14 years, during this time he has become well known as a cross country coach having coached many championship teams. He attended Placer High School in Downey, Cal. but didn't become interested in coaching until he got into college when he helped a friend form and coach a team. Coach Coffey enjoys primarily soft rock music and watching James Bond movies. When it comes to T.V. he likes to watch football games and Lifestyles of the Rich and Famous. Coach Coffey's favorite hobby when time permits is driving his race boat. He also enjoys driving his Corvette. Coach Coffey likes all sports which is one of the things that makes him a good coach. Coach Coffey and his wife, Lou, live in Huntington Beach with their 2 sons, Tom Jr. and Tim. The family also includes 3 dogs and 1 cat.

Coach Marjion Anetch teaches P.E. at Tustin High but he is better known as Head Coach of Varsity Football. He is responsible for instilling the winning tradition back into our football program. The past season he passed over two hundred victories making him the win-gest coach in California. Outside of school and football, believe it or not, Coach enjoys surfing along with carpentry and going to the movies. Coach was head coach at St. Paul High in Santa Fe Springs where he led the Warriors to the CIF 4-A finals five times.

Mary Jones-our Resource Specialist is a very special lady. She loves working with her students and enjoys her fellow teachers. She has been doing this particular job for 15 years now and doing a good job of it as well. Mary likes to read, go to gym, work in her garden, and most of all spend time with her 3 year old daughter, Lacey. Some of her favorites are top seeded bunnies, In-N-Out Burgers, country music, roses and watching St. Louis. Mary enjoys very much working with the students in the resource center at South High.

Dolly Orloff-Has been teaching for approximately 24 years. She enjoys working with students who want to learn. She is very energetic in the way she teaches her students. She enjoys playing tennis, entertaining friends, and is considering a future as a taxi driver since she's getting a great deal of experience from her two daughters.

Natalie Lucas -BS, BSW, M.Ed.

Mrs. Mann-is a special ed teacher here at SHS. She has been teaching for 12 years. She got interested in teaching from a class she took at UCLA working with special kids. She was originally intending to go to law school, but became interested in helping special people and switched to working for special kids. Mrs. Mann's hobbies are swimming, knitting, walking, hiking, playing tennis and tinkering.

Mrs. Holub Runs Home For Deprived Students

Who other than uberman could, during an average school day, not only treat and deal with elementary school children but also commute so as to treat and care for the Tustin High School community. Mrs. Holub, our school nurse, is such a person, and she is qualified to treat the different illnesses, injuries, and other medical problems associated with everyday attendance or absence to academia. She said, "It's always a and never routine or boring."

In September of 1964, when her three daughters were younger and her husband was involved in education, the position as school nurse seemed a convenient job that would allow her to perform her nursing duties as well as allow her ample time to be home with her daughters. Her experience in the emergency room of a hospital qualified her for the position. Along with her occupation as nurse, mother, and wife, she still finds time to read, cook, and travel.

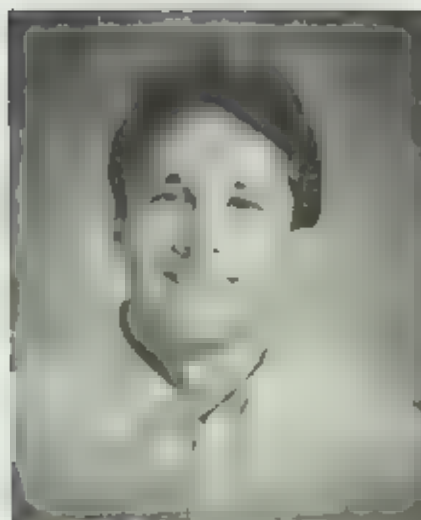

Over the past several years, Mrs. Holub and Mrs. Lynch have been providing and working with students who have experienced various difficulties as a result of domestic differences. As plans developed and as a result of generous private funding and many hours of work, the dream of establishing a home for deprived, district children has become a reality. As of November 17, 1986, five out of six beds in a four bedroom, 24 hour a day staffed North Tustin home are being occupied free of charge by students from the Tustin Unified District.

Although as individuals, we might not be directly effected by such a home, we should nevertheless be very grateful not only for the couple who staff the house, but for Mrs. Holub's

that further strengthens and provides great meaning to the

Jeff Winneke is the plant manager of Tustin High. He attended Tustin High School all four years and he graduated in 1967. Why did he pick the field of custodial work? He likes building and he likes the responsibility. He worked at Dana Hills High School for eight years. Then when he heard of an opening as Plant Manager at his old high school, Tustin High, he came here to be loyal to his school. Jeff Winneke has a ten year old son who attends Rancho San Joaquin. In his spare time, Jeff likes to watch all different sports and play basketball. Jeff Winneke's favorite thing to do is to record movies off of TV, and keep up to date on the latest films. He has a collection of some one hundred movies for his VCR. Jeff Winneke just loves his job here at Tustin High School.

Activities Bring Class Closer Together

Our first week as Freshmen was confusing and frightening, but most of all exciting. We found ourselves meeting new people, new demands and new challenges. Our greatest challenge was discovering who we were and what we planned to accomplish at Tustin High.

As the year progressed we gained confidence in ourselves and began to participate in the many programs that took place on campus. Our school this past year has offered us an opportunity to take part in academic, athletic and social activities. These activities have brought our class closer together. The class of '90 has shown a great sense of pride at Tustin High, and are proud to be Tilers.

Vanity Kills

by Greg Morales

What time do you wake up? 7:30 to get to school by 8:00, 6:35 to get to school by 7:00, 7:15 to get to school by 8:00. Boys, what time do you get up? 5:00 to get to school by 7:00, 6:00 to get to school by 8:00. 5:30 to get to school by 8:00. Girls, Girls, Girls. You are going to lose so many hours of sleep that in doing so you, you are going to lose days of your life. So don't worry if your Natural Wonder lip stick or Revlon Eye Shadow or Hair Spray is not applied just perfectly because it will not matter when it is too late. Remember Vanity Kills it doesn't pay the bills. For the few boys who get up at 6:00 to be at school at 8:00, for your sake, I hope you are just watching cartoons.

Oh! Oh! Oh! Vanity

S.W.A.K.

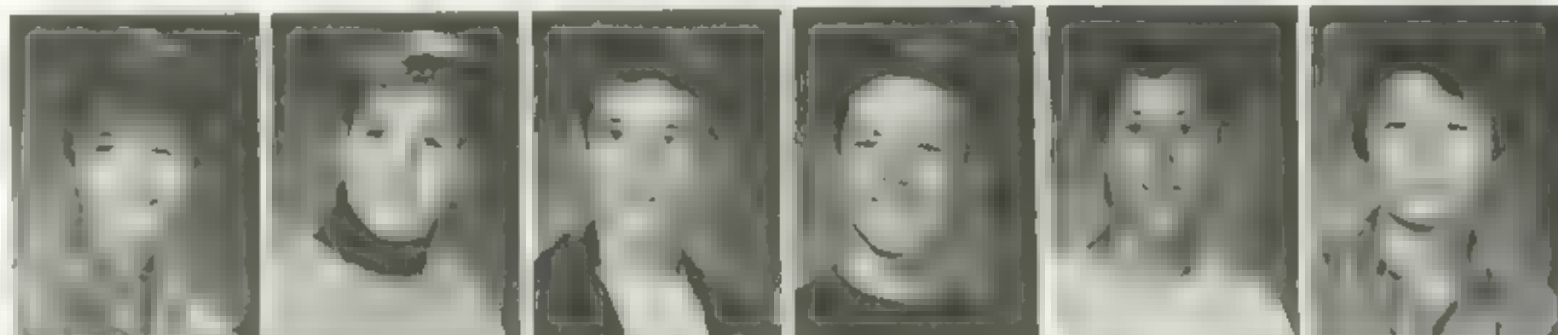

by Suzy Jones

It is a syndrome that is commonly known to Freshmen. It's called the first kiss. Your date's dad is driving you two home from the movies. You sit with sweaty palms in the back seat of your date's car. His dad is questioning you about the movie you just saw, but all the while you are worried about the alluring kiss goodnight. Finally the moment arrived when you pulled up in front of your house. But, oh no, your mom left the porch light on and he couldn't kiss you goodnight in fear that his dad might see you. So the all important first kiss is saved for the following Monday when his football practice and your tennis practice ended at the same time. The two of you slowly walked off toward your locker hand in hand while the football team makes remarks. You opened your locker and acted like you were doing something important. Neither of you knew who should make the first move. Finally he does and you have experienced a peck on your lips that you called your first kiss. The moment will forever be remembered in your mind. Both Lisa Golka and Sara Lundy remember that special moment. Lisa said, "My first kiss was Winter Formal my freshman year with Frank Sorrao and we are still seeing each other." Sara said, "My first kiss as a freshman was at the Wedge in Newport Beach."

Don't Laugh, You Had To Do It Once Too!

by Suzy Jones

Did the parking lot look like the start of the Tour de France this year? A bicycle was one of the most prominent forms of transportation for students in the Freshmen class. There are almost more bikes parked in the bike racks than there are cars in the parking lot. But if you were smart juniors and seniors you wouldn't laugh at those Freshmen riding their bikes. Think of all of the advantages riding a bike offers. While you were in your car gaining weight, they were burning off calories and as you waited in the long line to get out of the parking lot, the bicycles buzzed by you. But bicycling to school did have its disadvantages. Senior Heien Fields remembered, "The days when it was freezing cold and by the time I got to school my hands were numb." Ted Kim also had a bad experience riding his bike, he said, "When it's raining and you ride your bike and by the time I got home there was a black line down my back." But it seems that the advantages outweigh the disadvantages. So the next time you pass by a bicyclist don't try to run them over, think about trying it yourself.

Over Crowding. A picture of the bike racks proves that a lot of students ride their bikes to school.

Tustin's Own Miss Costa Rica

Amy Aguilar, a senior at Tustin High School, recently won the 1987 Miss Costa Rica Pageant. Amy was born in the U.S., but as a citizen of the U.S. and of Costa Rica, she was considered eligible for the pageant. Amy plans to attend Evangel College in Springfield, Massachusetts and to major in Music and International relations. Her ambitions are to someday be an American Ambassador and to be the next Miss Universe.

Super Girls

by Suzy Jones

It was Superbowl XXI, but they were not playing in the game, they were performing at it. It all started when 1,200 people from California auditioned and 350 were picked. Among those 350 three girls from Tustin High were picked. They were Jennifer Wade, Laura Frazier, and Kristy Edling. They performed a dance routine in the pre-game show with Neil Diamond and the Beach Boys. The NFL paid for their costumes and accessories. Each participant was allowed to keep their costume. The pre-game show was televised on nation wide TV. After the game, the NFL treated the entire group to a party. Jennifer Wade was very enthusiastic about the experience. She said, "This was my first experience auditioning and dancing in a professional show. Although it took away a lot of time and was a lot of hard work, I really looked forward to it and had a lot of fun!"

NFL Stars- Jennifer Wade, Kristy Edling, and Laura Frazer became Stars in the Superbowl Pre-Game show.

Vanna Turn Me A Letter

by Suzy Jones

Recently two Tustin High students appeared on two nationally syndicated game shows. Jeff Bos appeared on Wheel of Fortune and Paul Egendorf appeared on Jeopardy. It involved a couple days of taping and a lot of nerves. Both Jeff and Paul agreed that it was much easier to play at home than it was to play on the actual show. Jeff won a handful of promotional prizes. He received everything from a year's supply of Rice-A-Roni to a watch. Paul fared a little better. He won five thousand dollars for his second place finish. Paul Egendorf said about his experience on Jeopardy Teen Week "I'm looking forward to playing the real thing." Jeff's fondest memory of his experience was meeting Vanna White. That is something most guys would not mind doing.

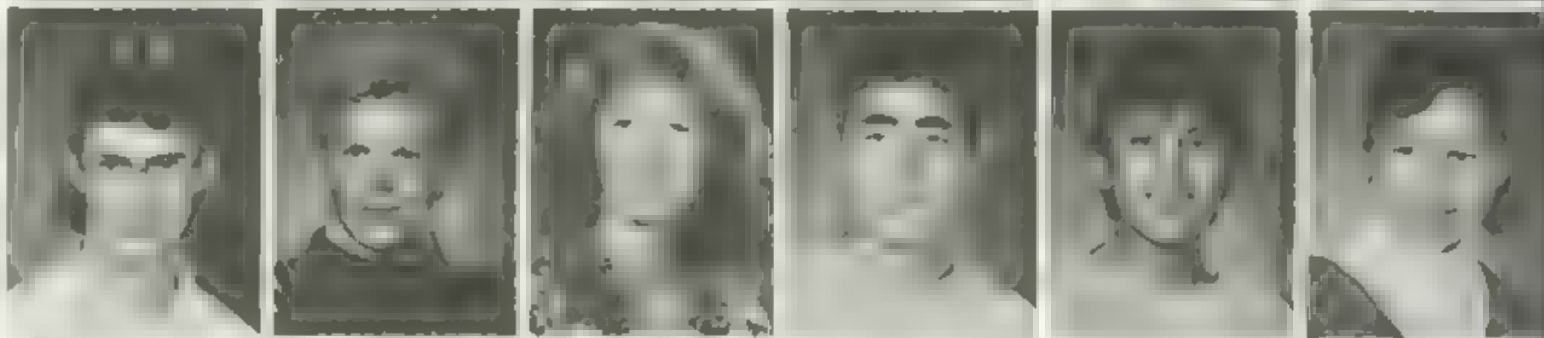

TV Stars: Jeff Bos and Paul Egendorf certainly are not camera shy after appearing on game shows this past year.

Skateboarding-A Fun Way To Go

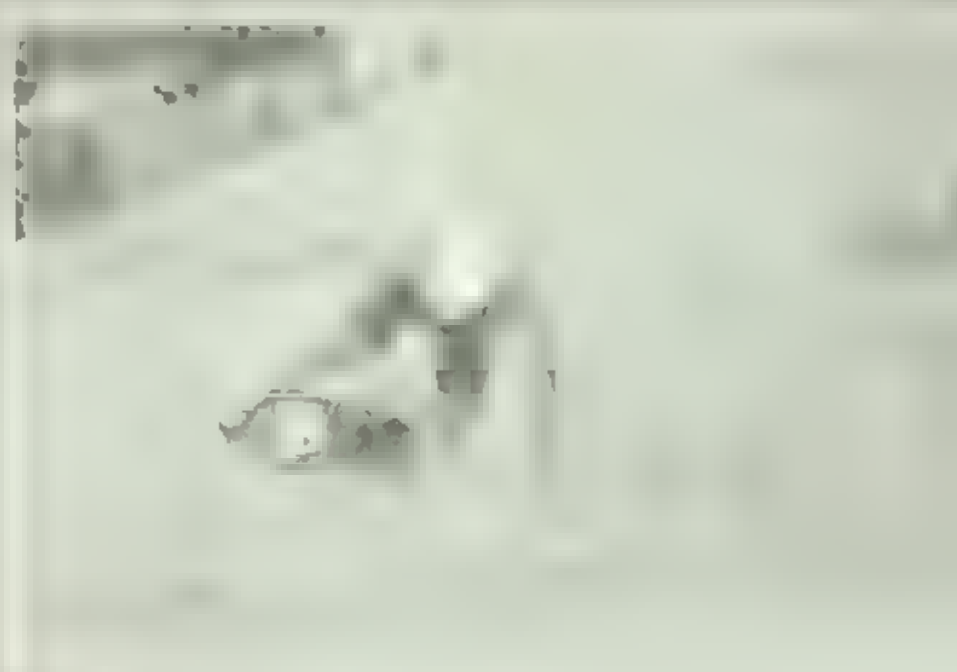

by Sean Killehua

It's not just a sport, it's an adventure. To a large portion of adults and non-skaters, it's a menace, an extreme danger and a hazard to everyone around. To an extent this is true but not as the extreme, it's made out to be. The main problem is that the non-skater doesn't understand the thrill of skating. Skating never has any one purpose, to have fun. But what is so fun about rolling around on a piece of plywood? Put that way, nothing. When one lets loose his creative mind and all the energy and capabilities of the human body, riding a skateboard takes on new dimensions.

With all the new maneuvers invented in skateboarding, it is skating and becoming a new art form, but it mainly is a source of fun and creativity. The fun of skating is trying, says Mark Foster. And the stoke you feel when you pull things off. Perhaps it's by Ferry summed it up best when he stated, "skating is like karate, it gives you a definite treat." It could be this skating stuff, he elaborated, "can do anything."

Accomplishments, that's what it's about.

- 1 **On the Wall.** Jason Corley enjoys street skate. Here he's doing a wall ride.
- 2 **Basic Street Invert.** By Keith McChesney.
- 3 **Grind.** Mark Foster gets happy as he grinds away at the concrete.
- 4 **Rock'n'Roll.** Bob Ferry licks his chops while performing a juicy "rock n roll" on his half pipe.
- 5 **Who Needs Wings.** When you have a skateboard, Keith McChesney thrusting skyward.
- 6 **Where's the Sewage?** Exclaims Keith as Sean Killehua skates the pipe for all it's worth.
- 7 **Air.** Sean Killehua soars through the air above the "Keyhole" a swimming pool at Del Mar Skateranch.
- 8 **Laid Back.** Kevin Dorn relaxes with a layback.

Sophomore Class Unites As One

The class of '89 started this year showing our incredible spirit by coming out on top of Homecoming week. We have proven ourselves to be excellent not only in academics but also on the athletic field.

The Sophomore class has grown together throughout the past two years. We have united as one. We all hope that in the next two years we can continue to show our enthusiasm.

We have proven to be the best at everything we do, academically, athletically and individually. The Sophomore class of '89 not only meets the standards, we set them!

Sincerely,

Joanna Zuniga

Gentlemen, Start Your Engines!

by Suzy Jones

Have you ever heard a car screaming out of the parking lot? Well, it wasn't a senior trying to get out of school fast, it was a sophomore taking behind the wheel training. One of the most horrifying experiences of the sophomore year is taking ten hours of behind the wheel. The frightening part wasn't your own driving, but it was the other drivers in the car who had previously only driven a car by themselves from the driveway to the garage. For people like Mary [redacted], driver's training was difficult to even begin because "The first day my driving instructor came, I lost my permit." But just because you finally had passed your driver's test doesn't mean the problems stop. Kristin Vogt's first time alone with the car ended in disaster. "I was backing out of Wendy's and I thought my foot was on the brake, but it was on the accelerator and I flew backwards!" So, just because you have passed your driver's tests doesn't mean that you have all instantly become an Indy car driver.

Off Limits- The Senior parking lot remains off limits to all underclassmen.

Modern Art

by Suzy Jones

Toilet papering or more commonly known as "TP-ing" has for many years been a favorite pastime of high school students. The latest craze this year was to add construction signs, shopping carts and various For Sale signs to the display. It really has become an art form. At about 2:30 a.m. a group stole off into the night (or morning). They collected selected construction signs throughout the city of Tustin. Then they raced over to the victim's house they quietly bombarded the front lawn with cheap no name brand toilet paper. All the while they made sure not to make a single noise otherwise they might wake up the dog. Once they ran out of "TP" they put the signs in strategic spots. The final thrill was to ring the doorbell and break the world record getting back to the car before the victim's dad comes out and tries to shoot you.

Ian Rice and Kim Ellison had similar experiences toilet papering. Ian Rice said, "My funniest experience TP-ing was when about 20 girls went to Foothill at 3:00 a.m. in the morning the day of the big football game and we hung signs and spread hay all over the place." Kim Ellison gave some advice to perspective tp-ers, she said, "Never get caught in a house that has a front gate and always make sure the getaway car will wait for you."

Not Made For Comfort

By Leo Parker

Weren't you tired of sitting in those uncomfortable desks in class? Who designed them anyway? It obviously was someone who did not take into consideration that a student would be sitting in these desks for approximately six hours a day. It would have been nice to have enough room for both a piece of paper and a book to fit on the desk at the same time. Didn't you long for the days when you could lean back in your chair like in elementary school. As soon as you did the teacher would yell at you saying you were going to fall and break your neck. Now since the chair is attached to the desk the only thing you had to do with your feet was to put them on the book basket under the desk in front of you. Didn't it drive you up the wall when the desk in front of you had the basket missing? Some people even go to the extent of switching desks around just to be able to have something to rest their feet on. Students think the worst thing of all is trying to sleep in one of these desks. It's near impossible to sleep and be comfortable. Imagine that, designing a school desk that isn't comfortable to sleep in! David Kaufman had a complaint about the desks too. "They are too small, I can't have a notebook and a pencil on the same desk."

No Room: Leo Parker struggles to sit comfortably in a desk.

Perspective

by Greg Morales

Sports Illustrated, Feb. 24, 1986, pg. 73, by Bruce Anderson

As time passed, however, the Appie Pickers became Wildcats and Prune Pickers became Mustangs. Watsonville probably hasn't seen a Wildcat since Juan Cabrillo planted a Spanish flag on the hillside and the city.

Mustangs in Gilroy are made by Ford Homogenization, the hallmark of 20th-century America, has invaded high school athletics. There are exceptions. In California, we still have the Hayward Farmers, and the Tustin Tillers.

You can read on, but the point is clear. We are the exception. We are the exceptional!

How To Pass A Week

by Greg Morales

Why not fly to the East Coast? It only costs two hundred dollars round trip and whatever else you wish to pay. Why not climb to the top of one of the tallest buildings at one of the world's most famous "barrios"-Harlem- from a distance. Shop at FAOL Schwartz, Macy's, Sax's Fifth Avenue. Eat at the Hardrock, ride the subway, go on Broadway, visit Wall Street, see the Statue of Liberty, watch the Mets, ride the ferry, see David Letterman, walk to the train station, and go to Princeton, Boston, or New Haven or wherever Ted Kim and Greg Morales did such a thing all by themselves. What would you do in one of the greatest cities in the world without any parental supervision and time to kill? Just Imagine

Winter Sport

by Tanya Lefevre

Aspen Mammoth Vail Park City Snow Summit
 Sound familiar? They should, many of you probably visited these resorts during Christmas break to enjoy one of Tustin High's favorite sports SKIING. Although snow skiing is an exciting sport it takes alot of patience and lessons as well. With a little bit of work just about anyone can learn to ski. Usually once you start, you're hooked, and in no time you'll be dreaming of snow during those hot summer nights. With a pair of skis, poles, lift ticket, and alot of warm clothing you'll be set for the slopes.

Special Group Of Girls

By Suzy Jones

What do Helen Fields, Tina Ramirez, Teresa Person, Olivia Fields, Kim Morris, and Alessandra Moraes have in common? They were all part of an American tradition, the Girl Scouts. They are in the Mariner Scout Ship Aquila, Troop 1015. Their most important event of the year is the Gathering of Mariners. They compete with other troops in a variety of events. The events range from having knowledge about the international code flags, charting, and first aid to swimming, canoeing, and sailing. They have won two first aid to swimming, canoeing, and sailing. They have won two fifth places and a second place in the last two years. They also organized a community oriented program called "Brownie Playday" as an information day on a variety of subjects. They also go Christmas caroling each year and sell their world famous cookies. Helen Fields commented on her work "Why have I stayed in scouting? Because it's a lot of fun, and the people I know and meet are the kind that stay your friends for life."

Cars, Cars, Cars . . .

by Kevin Dorn

Find my baby and bring her back, 'cause, she ran off with my Cadillac!"

-Jimmy and the Mustangs, 1983

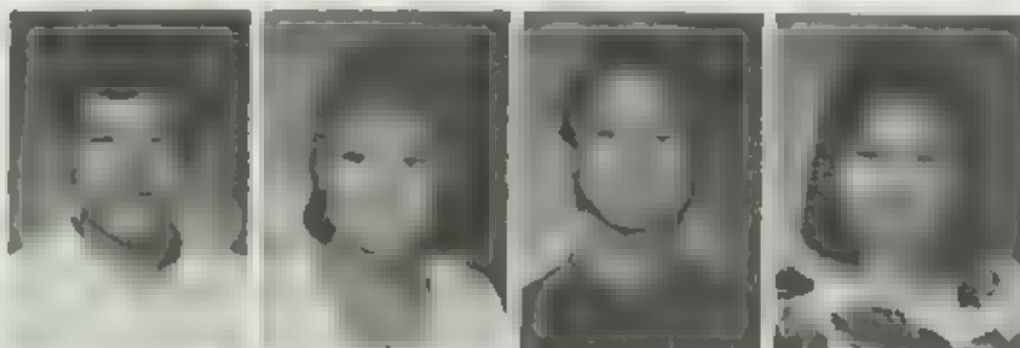

Like Jimmy, a lot of us want a flashy car, but lack the cash for a Ferrari. So what do we do?

Take an average every day boring automobile and put it in the hands of a Tustin High student. Soon it's no longer a car, but personal expression on wheels. Some go to great lengths to make their car like no one else's. Custom paint jobs, \$100-\$400, personalized license plates, 4 high performance speakers, and other accessories such as interior carpeting, and tinted windows are all part of it.

By far the most common and inexpensive route is the bumper sticker and assorted signs. "Why be normal?", "H₂O Polo" and "On the 7th day God went surfing."

The one trend that overtook THS this year had to be the tile yellow diamond shaped signs. It all started with "BABY ON BOARD" after that the fad went crazy. Even Fred our own janitor has a "Bess in Trunk" sign on his maintenance cart. Do you like "Baby Im Bored" or "Psycho on Board"? A lot of people don't. They're stupid! Jantel student Bif Myers. As talk show host David Letterman put it "They've really gotten out of hand."

Whatever trends arise in the future, one thing is for sure. Tiers will go on personalizing their cars.

Junior Class Shows Spirit & Unity

The class of '88 was unique because of its spirit and unity. Throughout the past two years at Tustin High our class has shown excellence in all areas from athletics to academic competitions. The great times we have had our Junior year and the memories of exciting events will never be forgotten. The friendships we have made in school will last forever. Each year the class of '88 gets better and closer. When we were Freshmen we met new people and began to participate in new activities. During our Sophomore and Junior years the people we met became close friends and we became the best in our activities, sports and academic areas.

The past three years have flown by quickly and the class of '88 has accomplished many great things. We have one more year at Tustin High and since each year was better than the last our Senior year no doubt will be the absolute best. With our spirit and unity we will make our Senior year one of the most memorable years of our lives.

Even Princess Di Would Be Jealous

by Suzy Jones

As many avid shoppers have noticed South Coast Plaza went through a major renovation this past year. They added two major department stores, Robinsons and Broadway, so now South Coast Plaza has every major department store in California. It also has many elite specialty shops that can also be found in other metropolitan cities like New York and Paris. Shoppers like Crista Morehead said, "I love it! Shopping is one of my favorite things to do and now it is even better!" Julie James says, "I'm excited that all the new stores are here but even though shopping is one of my favorite hobbies, it now makes going to South Coast Plaza a serious workout with all the walking to the various stores." South Coast Plaza also puts a strain on your bank account. With the addition of new stores it means the reduction of cash for the shopper, but it means mega bucks for the stores. So you not only have the best stores in California, you and your automatic teller card have a better workout than Jane Fonda could ever offer.

Working For A Living!

By Michelle Martin

You're broke, all your friends are going dancing and you can't go because you don't have any money. You say to yourself "I need to get a job!" (the same thing you've heard your parents say a hundred times) But where, whose going to hire a high school student besides Burger King or Del Taco, and who would work there! So you start asking around and you find out a lot of your friends work at Souplantation. So you go in and fill out an application, go through that dreaded interview, and you're hired into one of the many positions available. Your first day of work and you really don't want to go but you drag yourself there anyway thinking money all the way there. First you meet your manager and take a walk through the restaurant, and then you get your uniform that consists of a polo style shirt, khaki colored shorts or pants (which you must purchase yourself), white socks and white shoes. As you walk through your shift you realize that it's not so bad and your actually having a good time. Well your shift is finally over and it's time to go home, on the way home you're looking forward to working your next shift!

These are just some of the reasons why working at Souplantation is so great. You get to eat free food (on your working days and half off when you're not working), wear a comfortable uniform, joke around with you're managers and just have a good time. Besides, where else can you find a job that will close down at 4:00 on Halloween day to give their employees a Halloween party?

The Point Of Vulnerability

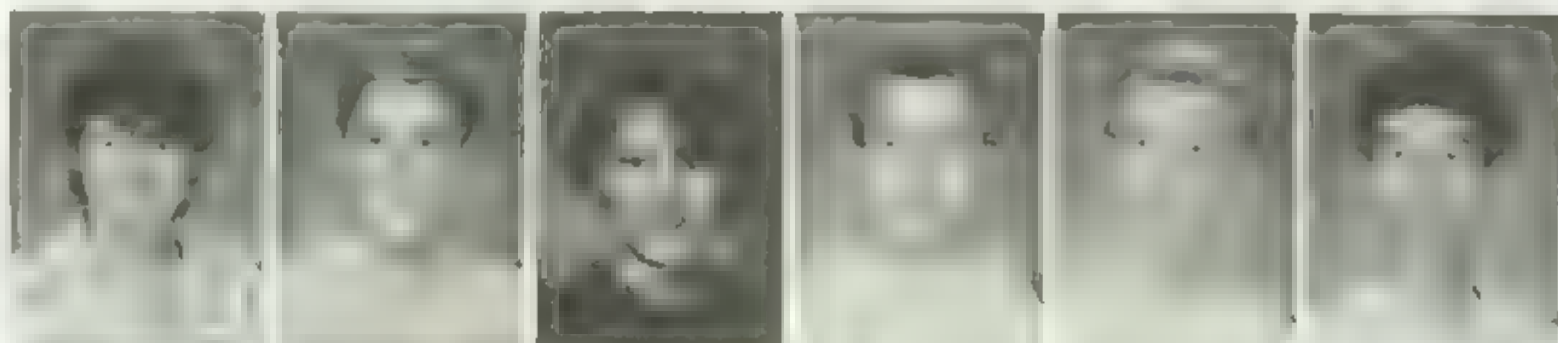

by Greg Morales

Everyone wears them. In fact everyone hides behind them. You see them best at lunch time. They are the masks people wear so that they will impress others. The cliques are determined and if you can not pay the price for the right mask then you can not be admitted. You must appeal to others and sad to say at this and every school we all do not appeal to each other. Sometime when you are tired of impressing everyone sit back and simply watch. It is then and only then that you will see how people are able to wear and change countless different masks in such a short time period. It is at school that we test and discover which masks fit best and accomplish what is desired for individual profit. After our high school years we will buy new masks, keep old ones, and throw out those that are of no benefit. In between wearing each mask is a point of vulnerability and it is this point where a person shows their true colors. It is at such a point that when two people simultaneously are changing masks that they will be drawn to each other. After such encounter the pair will be able to see right through each others mask and time will dictate the rest. I dare you. Sit back and just watch. You'll be amazed. We could all be actors. Just pick the right masks.

Divine Comedy

by Greg Morales

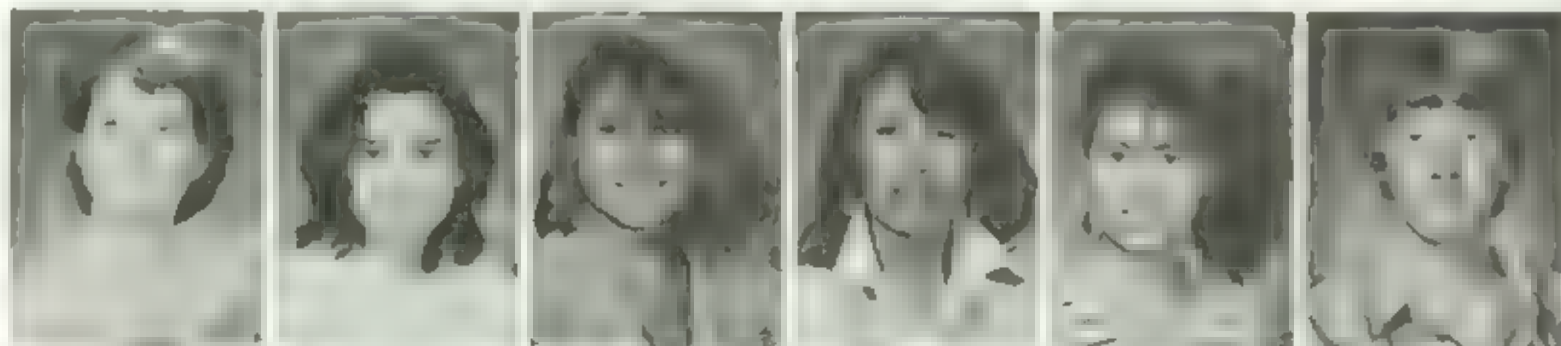

It is called a romantic comedy. Have you seen it? Anyone who is anyone, has! It is what Tustin High and the entire nation take time out to do on Tuesday nights. The pencils stop writing, the eyes stop reading and the minds stop thinking. It is listed in the television guides at 9:00 on channel 7. When it begins, people relax. People await the new episode of "Moonlighting". The Blue Moon Detective Agency prepares to take on a new case. Maddie Hayes and David Addison tackle the case like no pair before and the results are laughter. Who, more than anyone else, brings about that laughter than David Addison — The Big 'D' sssh... listen.

- "Oh... It's the first living brain donor."
- "We might need a manual for this."
- "I put the 'F' back in siesta."
- "Die you dirty digit."
- "Do bears bear, do bees bee?"
- "Clue? I'll give you a clue. It starts with a 'C' and ends with a 'ue'."
- "Zounds with Mounds."
- "Jack be nimble, Jack be quick, Jack go under the limbo stick."
- "Heere's Petruchio!"

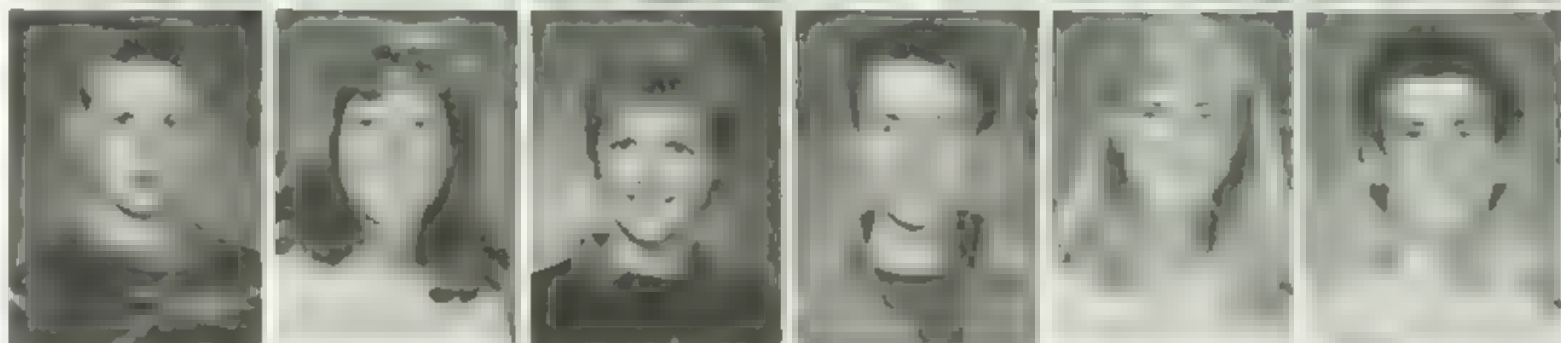

Believe me. The list goes on and on. What was fit to be on Network television that touched the lives of millions, is unfit to be printed within the spheres of the Iron Curtain.

The Dating Game?

By Michelle Martin

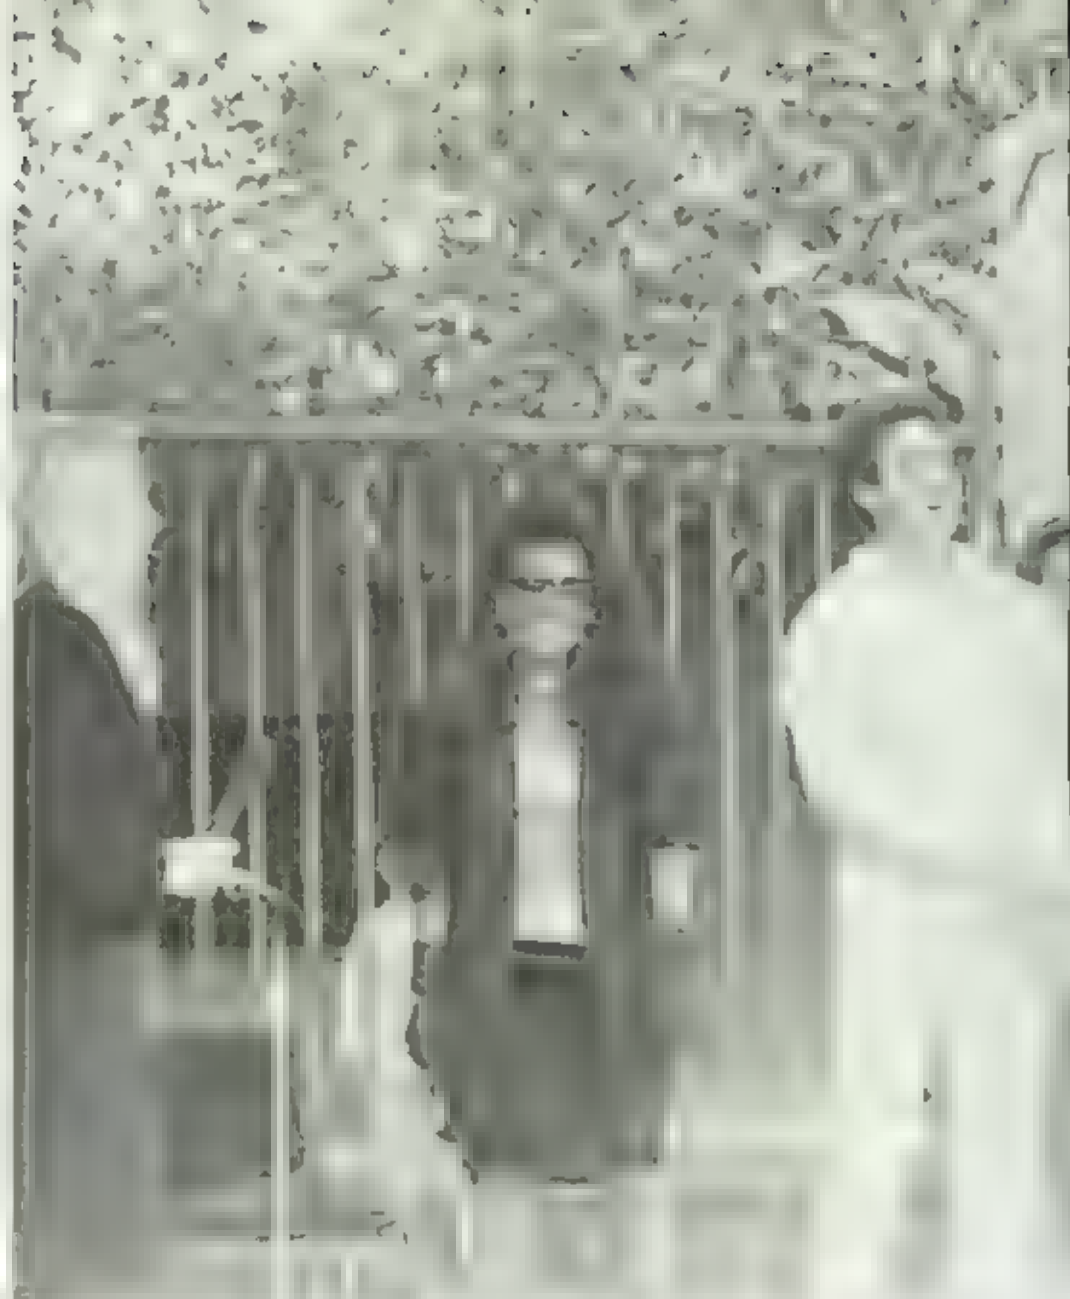

What kind of desperate person would go on the dating game to find a date? I mean let's get serious this is the 80's, you don't need a game to get a date.

This year Marita Deleon was the lucky lady with three wonderful bachelors to chose from. Rodger Middleton, Louis Klien, and Joe Adrian. Their host, Melissa Northway, introduced the lucky lady, Chi Chi the mud wrestler, and her three choices.

Marita's first question, of course was, "Can you say hello in your sexiest voice?" One reply was "Helloo" in a deep throaty voice.

The lucky bachelor was chosen and who else but Rodger Middleton, after being described as a carrot! When I asked Marita about her day on the dating game she replied, "I enjoyed being Chi Chi the mud wrestler for a day!"

Oh Dating Game- Oh My Gosh!-Louis Klien shows us his best surprised look when he finds out Chi Chi is really Marita Deleon.

Stryper Junior Performs at the Door

by Bill Hargrove

What is the Door? The Door is where everyone goes after the football games and you can get all the pizza, coke and ice cream you want for only \$5.00 or \$4.50 with a coupon. That's an awesome deal! Imagine you can eat until your face falls off and you can spaz out with your friends and a LIVE band! The bands we had were Imman Bond, Got It, Modern Mission, Darrell Mansfield Band, Lambachew, Headbays, Earth Watch, Altar Boys, 441 and special guest Cory Trivonovich. Got It was such a great hit we asked them to come back. They originated in South Africa. That was only their 4th time to play in America.

Who makes it happen? RAY SCHWARTZ with the help of Jesus Christ. That is what the Door is all about to spread the word of Christ. Ray is youth pastor at University Church in Santa Ana where the door is held each year. Come out and see what the Door is all about. We have school competitions, live bands, food and testimonies.

This year we had the opportunity to watch our infamous football players, Bill Hargrove, Tony Cena, Shawn Reagan and Sean Stryper. The girls just went wild. For example the girls were trying to pull the guys down to where they could get a better reach to touch them. One girl went even as far as to jump on the stage to give Shawn Reagan a huge hug.

The guys had trouble getting to the Door they got lost in Santa Ana. They were supposed to go on at 11:00 but they didn't get there until 12:00 then they said it was too late. They asked again and got to perform. Tony was lead singer and guitar, Sean was the drummer, Bill was Bass guitar, Shawn was lead guitar.

Tony Cena's mom made the costumes and Scott Drapkin designed them. Tony's mom worked on the outfits for a couple hours a night for 3 nights. They practiced from 3p.m. to 6p.m. and on Sundays after church.

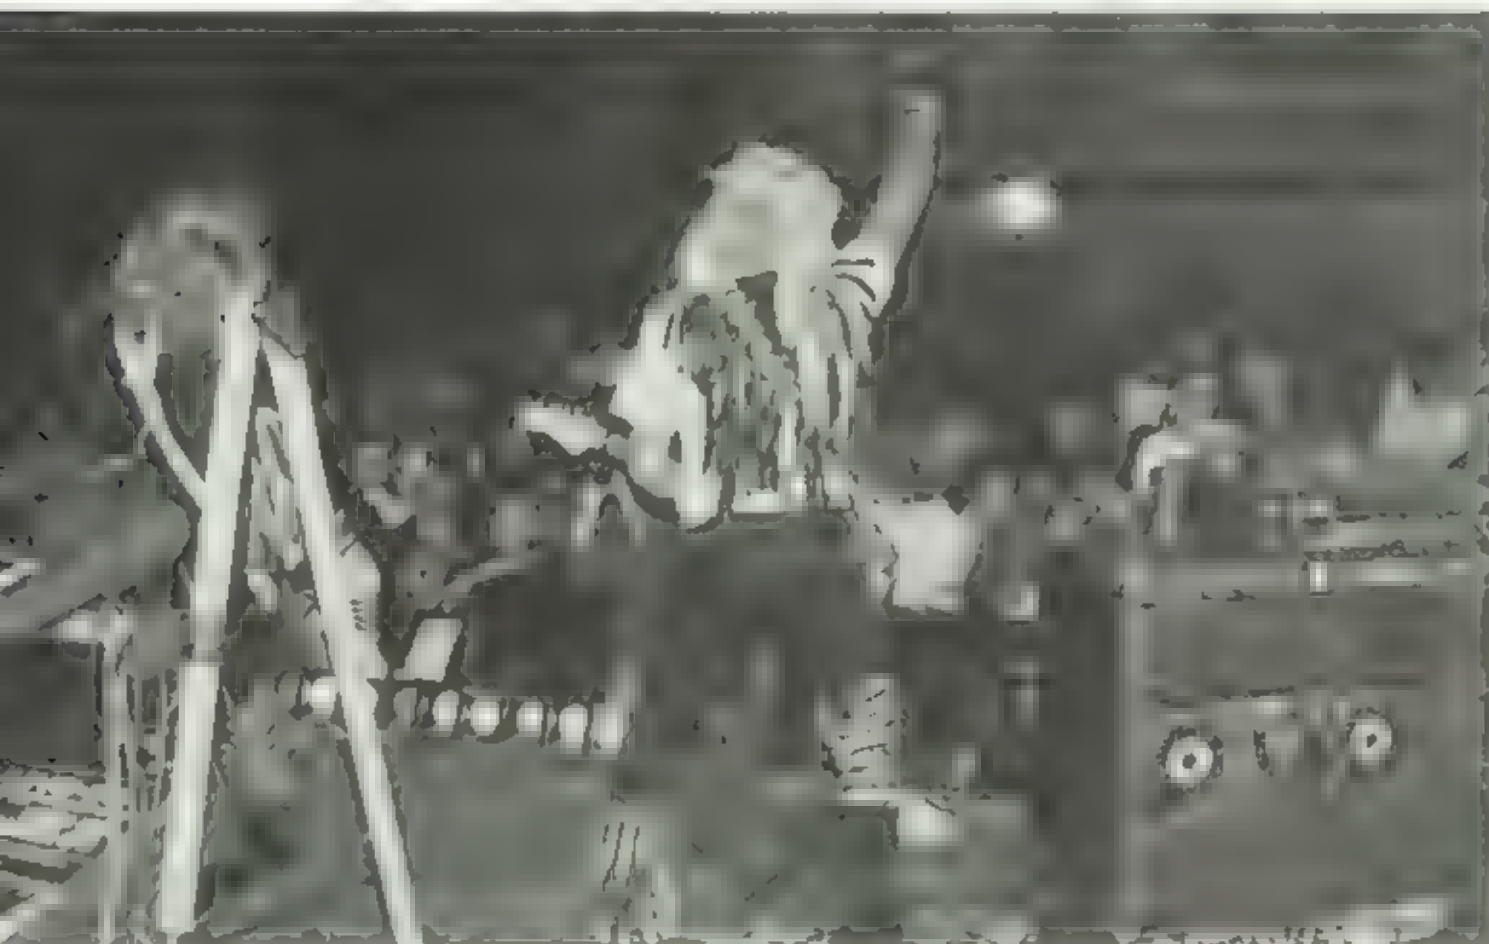

Tony formed the band he decided a requirement was to be a dedicated Christian. He's always wanted to perform air guitar with Reagan but he never wanted to do a Christian band. Then at the first Door Shawn decided to give his life to Christ. Tony jumped at the chance to get Reagan to do a Christian air guitar. We asked them why they chose Stryper they said because it grabs attention and it's relevant to teenage society.

This year Tustin High had some of the football players give their lives to Christ. Every Tuesday night at 7:30 after practice 15 to 20 guys went over to Brian Hardin's house for a Bible study. Steve Comings lead the Bible Study each week. They had special guest speakers from the Rams, George Andrews and Steve Bartowski.

Stryper Junior knows where they're going when they die. DO YOU?

- 1 Stryper Talks- Oz Fox, real guitarist for Stryper gives his testimony at the Door.
- 2 One Way- After the University football game, "Stryper Junior" from Tustin High performed for thousands of students from several high schools at the Door.

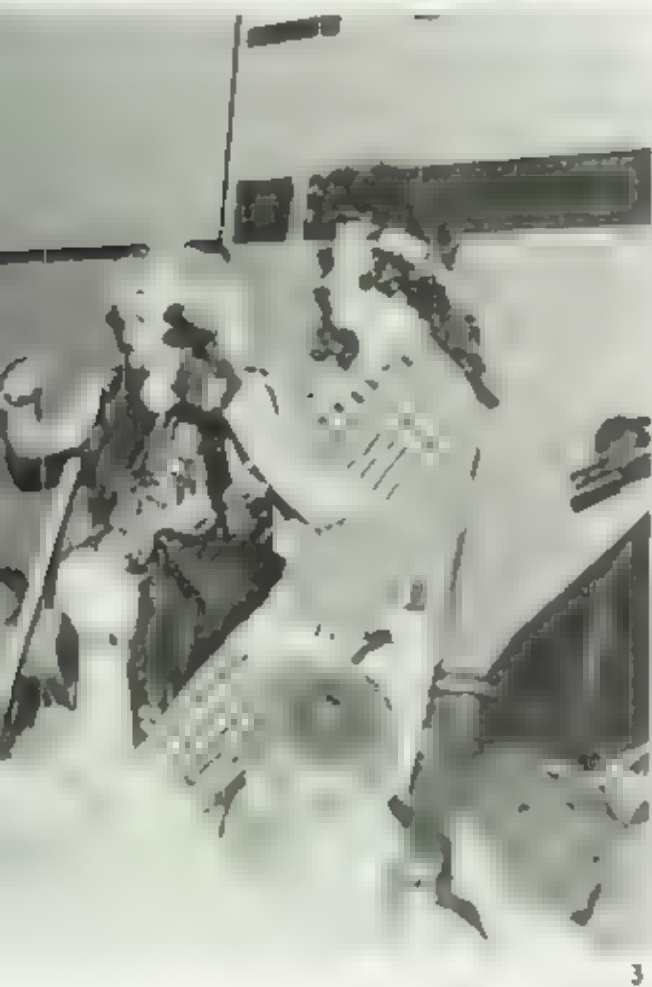

Reynaldo Yumul
Corey Zahn
Gabriel Zamora
Steven Zeal
Bret Abramek

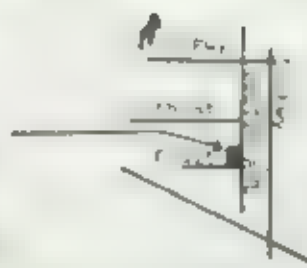

- 3 **Stryper Junior-** Lip Sync Artists Bill Hargrove, Tony Cend, Shawn Reagin and Sean Gutridge, all Tustin football players, mimic the popular Christian heavy metal band Stryper at the **Door**
- 4 **Having a good time-** Tilters Sean Killehua, Sara Garner, and Rich Goldstein enjoy all of the pizza, coke, and ice-cream they want at the **Door** after Games
- 5 **Good Company-** Deeanna Routon, Jennifer Kline, and Nicole Brown live it
- 6 **Jamming for the Lord-** "Altar Boys" entertaining at the **Door**

THE DOOR

WHERE ELSE CAN A STUDENT GET ALL OF THE PIZZA ICECREAM AND COKE THAT THEY WANT PLUS VIDEO HIGHLIGHTS OF SEAVIEW LEAGUE ACTION, EXOTIC GAMES, GREAT SPORTS FLICKS COUPLED WITH OVER 800 HIGH SCHOOLERS FROM ACROSS ORANGE COUNTY? **THE DOOR**, OF COURSE! Food Galore

by Suzy Jones

When Tustin Builds Seniors prosper!
With the recent construction of new shopping centers, Tustin has gained some new eating places. Now less than two minutes away from THS are 4 new eating places. They range from Mustard's Hot Dogs, where you could check up on the latest soaps while eating, and also order your food ahead of time so it's ready when you get there. Heidi's Frozen Yogurt, Souplantation (only seniors who had no 5th had time to eat here) to Yours Yogurt where you were allowed to serve your own yogurt and Tustin High students were given a discount. It made racing to lunch a much easier experience. Seniors are obviously happy about the new eating places. Senior Holly Fletcher said "I really like Mustard's because of their French Fries."

Ready, Set, Go - As soon as the bell rings, this place will be empty!

Remember the day that the campus was completely void of seniors? Well, it was not because they were all ditching, it was because they were all chowing down on spaghetti at the Spaghetti Factory. As all the seniors rushed in starved to death, they ran for the various seats in the train and the booths that looked like beds. After devouring approximately three loaves of bread per table, each person received a generous portion of spaghetti which filled even the heartiest of appetites. Everyone was then thoroughly entertained by singer comedian Paul Aldrich. Andy Chi said, "I enjoyed the bus ride and I loved the bread!" Brad Finney summed it up best when he said, "I liked getting out of school legally."

Chowing Down — Seniors Julie James, Crista Morehead, Diane Predney and Sara Lundy are seen enjoying themselves at the Senior Lunch

29-31, 30-36, 36-29, 25-29, 31-34, 41-42, 27-29, 32-33, 34-31 ... blue, yellow, white, black, red, grey ... Those are the numbers and the colors. To what? 501 button-fly shrink to fit jeans. You have seen the commercials Do you have the blues? Then get colors. Everyone has them Easy-on, easy-off They're affordable. They're hip They're a fashion statement. You can rip them, you can throw them, you can wash them, you can do almost anything and they'll always be the same. They're like a fine wine, they get better with age. They're never out of style. They are not too expensive. They can fit everyone. Large. Small. Skinny. Chunky. They define those ways and means- even Ronald Reagan wears them. What would the U.S.A. be without them? What would Tustin be without 501's? Imagine if we had a dress code that outlawed button-fly 501 jeans-shrink to fit by Levi's. We'd still wear 'em!

Levi's - They are everywhere

Non-Stop-Pakistan To Tustin

Muhammad Qureshi Age 17 This Tustin High School senior came to the United States in July of 1986 from Pakistan. He came to the U.S. blessed with the ability to speak 5 languages Urdu, English, Punjabi, Sindhi and Hindi and he pursued his studies toward becoming an electronics engineer. Muhammad has aspirations to visit the great cities of New York and Washington D.C. and in doing so visit the world famous Statue of Liberty and the White House. Muhammed came to California welcomed by his 2 uncles, 2 aunts and grandmother, and it was one of his uncles who sponsored him in coming to Tustin, California. Muhammad said, "I hope to be a good person for the U.S.A. People are very friendly and the system of education here is very good." Muhammad Muzaffar H. Qureshi is one of the people who make things happen. Together with Muhammad we will make it happen.

American Traveler—Muhammad Qureshi stops for a minute to smile for the camera.

The competition was intense. The spotlight was on. The team of Paul Egendorf, Ted Kim, Lee Pooler and alternate Gregory Morales coached by Mr. Hume had become television stars. Matchpoints, the game that pitted high school against high school and the winner be thou that knowest the most. The competition of trivia and knowledge began for the Tustin team November 24, 1986 at 1:00p.m. Paul Egendorf led the team allowing his knowledge to flourish and due to his intense frame of mind the score between Tustin and University see-sawed back and forth until the last question. It was 210- Tustin and 220- University with one last question remaining. A correct answer by Tustin would deadlock the score and force a tie-breaking question. A correct answer by University would signal a first round victory celebration. Sweat was dripping and bodies were shaking as host Jim Miller of Chapman College read that all important final question. All six participants slammed the buzzer. The crowd roared. University was faster. All they needed was the correct answer. Tustin crossed their fingers as University answered. The answer was correct. Tustin lost.

Brain Power - Despite their loss in the competition the members of the Match Points team still can smile because of their valiant effort. They are Paul Egendorf, Greg Morales, Lee Pooler, and Ted Kim.

Tustin Law

by Suzy Jones

Objection, the Counsel is leading the witness, overruled, Counsel may proceed. It may sound like a few lines from the new show L.A. Law, but the actors were not from Hollywood, they came straight out of Tustin High. The event was the California State Mock Trial competition. The participants enacted a fictitious case. The performances included everything from being an attorney to being a witness. The attorneys were assisted by a real public defender, Ron Clark, in formulating questions and the over all case. The witnesses were expected to memorize their character's background and make an accurate account of the events on the stand. Drew Lautrop, attorney for the prosecution said, "To have the floor, or complete attention of everyone in a room is fun, however, to object and cut someone off in midsentence and have the judge sustain it, now that is the best!" Paul Egendorf, a witness for the prosecution said, "Even though the court is nothing like the movies it is still fun." The other participants were defense attorneys Julie James, Craig Castellenet, prosecution attorneys Suzy Jones, Mike Dobak, Nicole Bartolomucci and witnesses Shannon Robison, Chris Monty and Jennifer Carter. The experience gave all the participants an interesting insight into our judicial system.

On the Defense- Nicole Bartolomucci, Suzy Jones and Mike Dobak, attorneys for the defense think about their next line of questioning, while defendant Jennifer Carter worries about her fate.

Propaganda. The many appealing college brochures

by Greg Morales

It begins slowly. One here. One there. It begins during your junior year. It does not stop until . . . They come addressed dear student. You feel so proud. Your parents can not hide their pride. Grinnel Univ. of the Pacific. Santa Cruz. Oberlin. Boston College. Washington Univ. Puget Sound. The Marines. The mail increases. You send off the reply cards simply hoping to get more mail. And your wishes are answered. Soon all the mail is addressed to you. The mail box is full beyond capacity, until finally the mailman must deliver the mail personally. Finally it happens. Yale sends a letter. USC, UCLA, Harvard, Stanford, Columbia, Princeton, Berkeley. They are still addressed dear student. You can't hide your emotions and your parents are so excited, they are speechless. The mail continues to increase throughout the summer. You feel so important. Finally, a letter comes addressed to not dear student, but to you with your own name. This time it is even signed not by a stamp, but personally. September comes. It is time to apply. Large manila envelopes arrive in the mail. Applications. Where are you going to apply? First, why not take a week off from school and visit the colleges? Even go back East if you can! Any excuse to get out of school. That is what you do! So you come back. You do not narrow it down at all. Instead the list broadens. Finally, after deciding which campuses to apply to, you read - "make a \$40 check payable to . . ." What? \$40 a shot- 10 schools \$400. Oh, my! The applications are enormous. You send 'em. The mail still has not slowed down. You're mind begins to turn upside down. SAT-is it good enough? Deadlines. More mail. Interviews. Essays. Transcripts. Money. Achievements. Scholarships. Teacher recommendations. School reports. ACT. Telephone calls. Early action? Early decision? Nov. 1, Nov. 15, Nov. 30, Dec. 31, Jan. 1, Feb. 15. The list goes on. You try to cope-not to mention regular school work. More teacher recommendations. Interviews. Rush report. Try the SAT one more time? Take a SAT class. Christmas comes-you forget to shop-too many applications. Finally, everything is submitted-as far as you know. Universities send you postcards telling you are missing this or that. Luckily you xeroxed your application. It's done. \$400 spent. Wait . . . that is all that's left. Wait. Will I make it? You console yourself-safety in numbers. Concentrate on regular work. Only time will tell. You think-what will happen if you get 10 rejections? The mail box will again fill up. Take a breath. At least for now.

The first of the new
 year is a time of
 new beginnings
 and new hopes
 for the future.
 It is a time when
 we can look back
 on the past and
 see how far we
 have come.

Representing the Senior Class of 1977, Kristy Shives, Senior Class President, was elected to the position of Student Body President for the year 1977.

Senior Class Excells

As our four years at Tustin High have quickly sped past, I can without a doubt say that this year has proven to be the best yet. Not only has the class of '77 excelled in academics and athletics, but our class seems to have grown into a unified whole. Involvement in this year's activities has been tremendous and, upon your leaving Tustin High, that you will have great memories to carry with you. Best of luck in your future endeavors. Thanks for a great year.

Would you believe that Bigfoot married Marie Osmond last week? Well Mike Hanes and Penny Martin might because they were voted most gullible. They tended to trust what other people told them so they ended up getting fooled a lot. Mike said the most gullible thing he ever believed was when "I believed my friend saved all these people's lives". Despite the fact that Mike is gullible, he still was a member of the Varsity baseball team. Penny says the most gullible thing she ever believed was that "My friend told me her father was 89 years old".

In the summer of '84 Mikay's dream came true, she received a scholarship to study at the Jeffery School of Ballet in New York City. Mikay was one of approximately 30 dancers chosen out of thousands through a national audition to study at Jeffery. Mikay's plan for the future include returning to Manhattan to continue to study with Jeffery until she is offered a contract with a major professional Ballet company. Mikay dances three hours a day, six days a week. While she spends most of her time dancing, she still maintains a 4.0 and enjoys modeling, singing and drawing.

A romance by definition is a love affair, so those of you who can understand the term romance. It is a beautiful experience that brings fulfillment to one's life. A romance need not end, but sadly enough an increasing trend of the '90's is to substitute a romance for a thing. But there is hope. Brian Harkin and Potty Rodriguez are the last of a great series of endangered species, and in the future it may be necessary to put them in a similar group. It might generations might come to understand what a romance is, but will be avoided if all of you learn and take note of Potty's relationship, and the strength and support they offer.

Do you wonder why they call twinkle twins? The reason is so obvious. They were made by fate and they are sold in pairs. Tim and Tom Koller could tell living proof of the miracle of the twinkle. Each pair of twins, though alike in many ways were and still are very different. Growing up together they obviously developed several diverse interests. Being the twin of a twin has definite drawbacks, like having to buy someone's birthday, but it is an sure twinkle has some benefits. It continues to spread their influence, so when you contemplate what you would do if you had a quadruplet (4) or even a do-decadet (12) you have the individual.

Go to school, go to work and go surfing. That's the life-style of Mark Zolac, a senior who has been surfing since his freshman year. He says to have no trouble juggling the three. "I can't go before school but after, I get out of school at 12:14. He surfs until 4:30 then he goes home to do homework. He has competed in two contests. In his first over-all and in his second contest he placed 1st. It was a good start for turning his ultimate goal into a reality. He is one of the best surfers in the world or at least (Association of Surfing Professionals)."

Tillers Become A Seaview Power

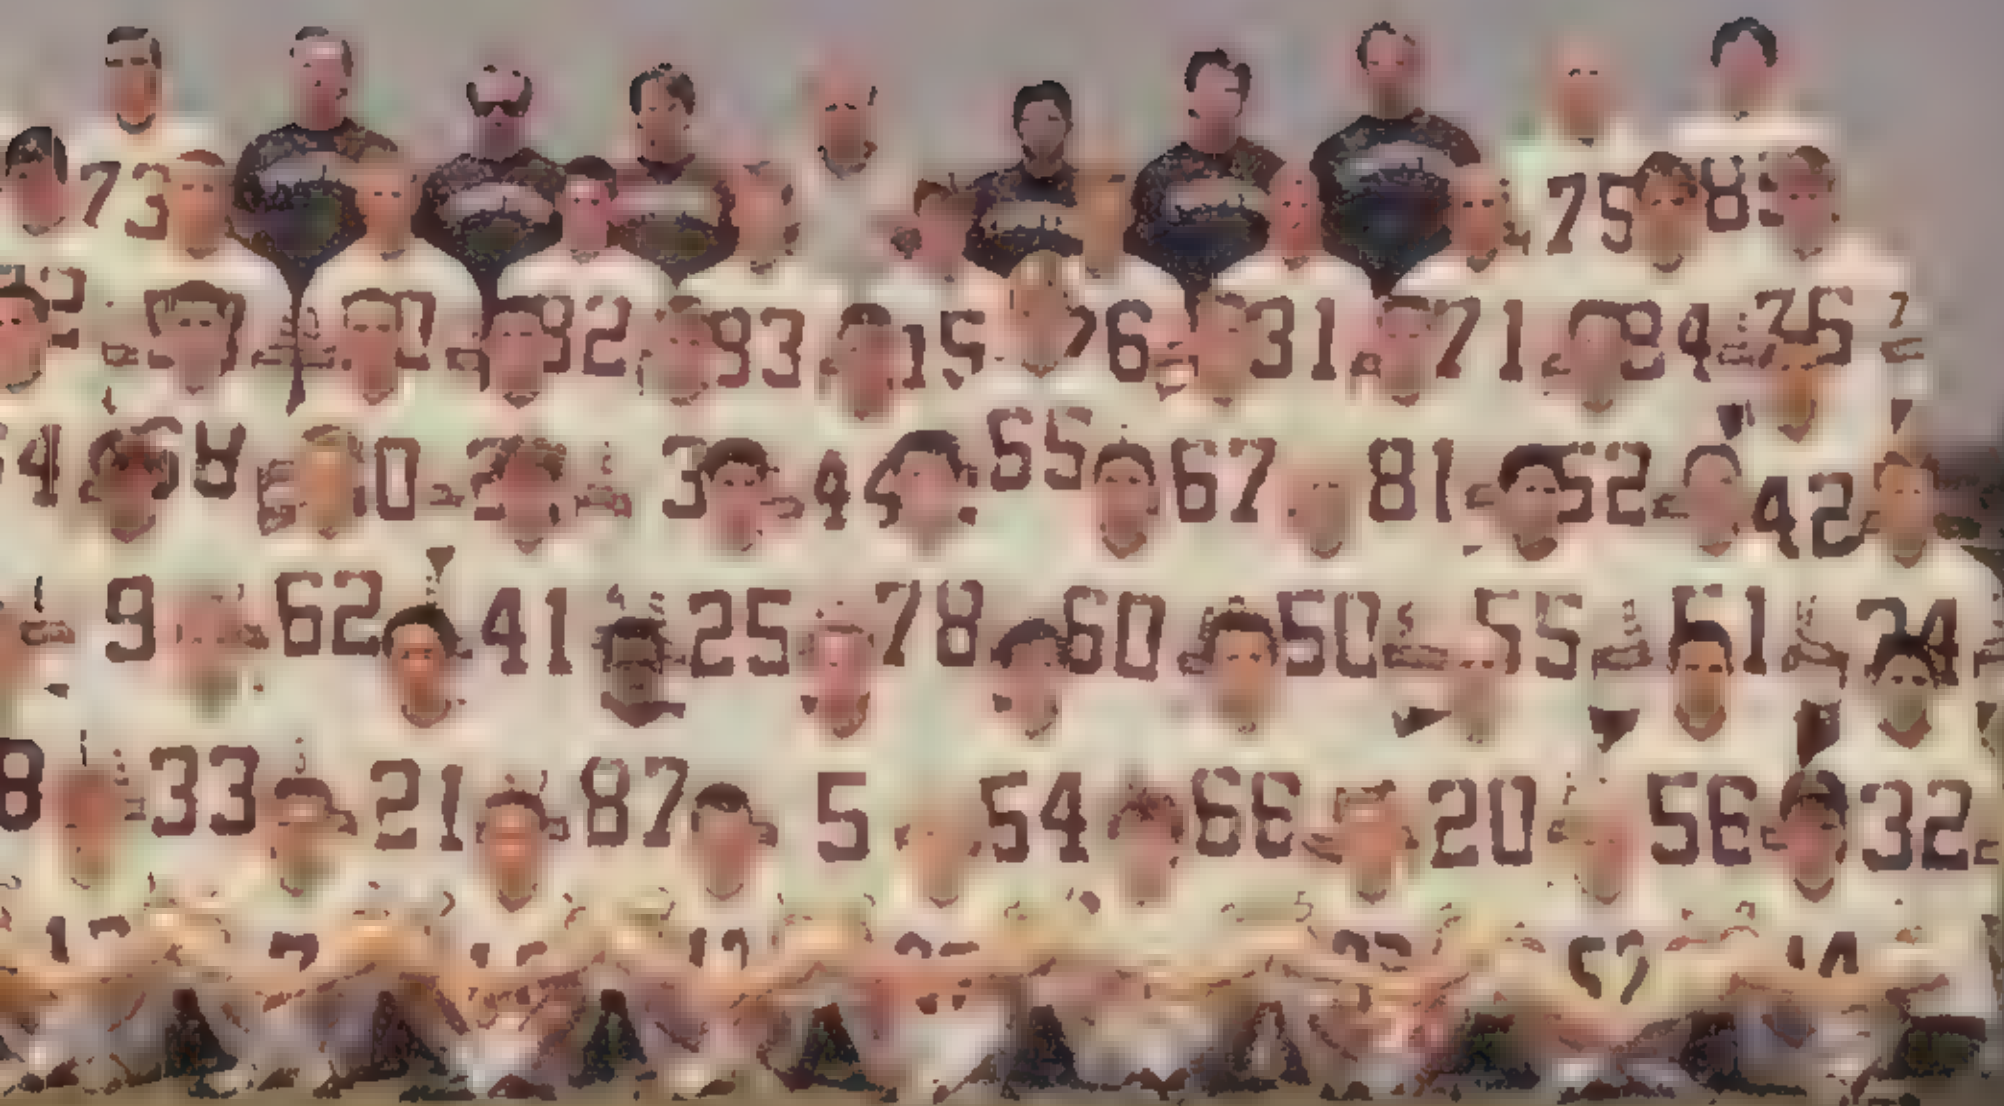

The 1986 Tiller football team has created a new mold of the way exciting football should be played. The squad, under third year Coach Marjon Ancich, was like a well oiled machine turning out touchdowns and wins one after another. Tustin High has waited a long time for a team of this quality but watching this team play was well worth it.

The players and coaches have been working extremely hard for the past few months to create this success. The coaches, Ancich, offensive coordinator Ed Carberry, first year D-line coach Vince Brown, Jeff Veeder, Mark Lopez, Mike Reiter, Tony Wyatt and Coach Stipp felt from the beginning that this team was going to be a success in the Seaview League.

The Tillers are led by cornerback Brian Hardin, quarterback George Menges, and tightend Dave Patstone. The team started off the year with a big win in Hawaii over Kapaa, 26-0. Back in California, our first loss was to top ten ranked Los Alamitos, 7-3. The Tillers first home game proved to be a tough one with a come from behind victory over Irvine, 10-7. The Tillers proved they were a championship quality team the next week by beating number four ranked Foothill, 24-6. West Torrance proved to be an easy opponent which we beat, 33-7. Our first league opponent was tough Newport Harbor which we beat 28-17. The Tillers then let down and had to come from behind with a 13-0 half time advantage to put away a scrappy Corona Del Mar team, 14-13. On Halloween evening the Tillers clinched a play off berth for the first time in 32 years with a 35-6 win over Estancia.

- 1 **Looking for Daylight:** Tiller fullback Tim Hollinger tries to get outside against Los Alamitos.
- 2 **Pass Rush:** Defensive right tackle Roger Oreb puts pressure on Foothill quarterback Chris Furgus.
- 3 **Opening the Door:** Offensive line opens a hole for big gain.

Coach "A" Wins 200

by Greg Morales

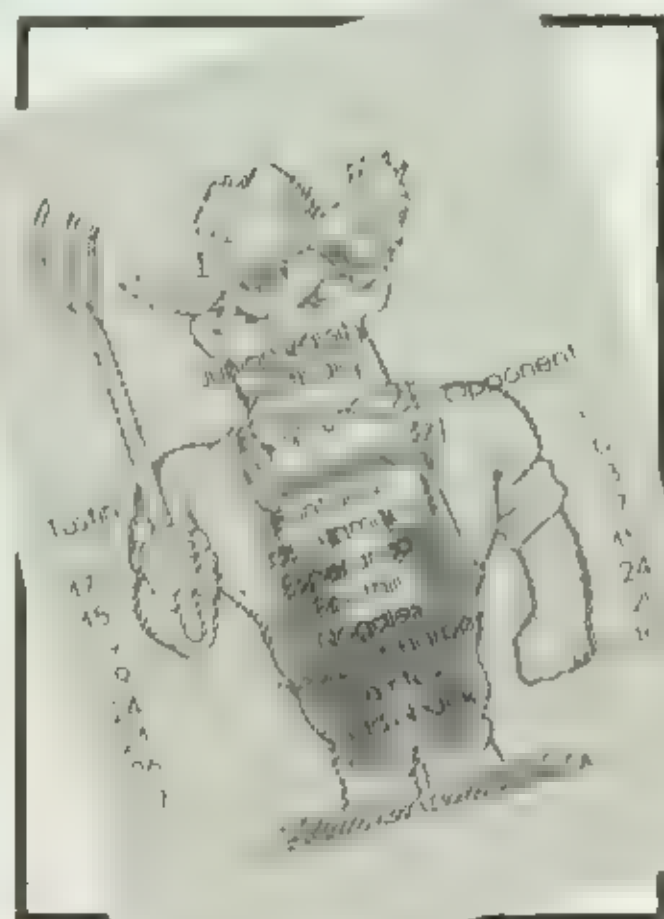

Milestones come and go. The 20th century came and went. The 21st century is here and it will go. On September 25, Tustin's Northrup Field became the site of a significant milestone. A milestone few have reached, and one that few ever can hope to reach. In a 17-7 battle over Irvine, Marlin Anich, with 22 years of coaching experience, under his belt, reached that elite milestone of 200 coaching wins. In achieving it, he began on a new quest, a new goal. The goal, and the milestone being of course Tustin's quest for a 3rd state championship.

- 1 **Flying Leap:** Quarterback Matt Hinch gets into the air to beat the field goal attempt.
- 2 **All Smiles:** Tustin High Football Head Coach Marlin Anich expresses joy after receiving his 200th career victory against Irvine.
- 3 **Offensive Block:** Linebacker Matt Hinch gets a good block against Los Alamitos.
- 4 **Running Hard:** Runningback Earl Marchetti turns the corner against Irvine.
- 5 **Tiger Leaders:** Tim Fossell, Brian Hardin, Mike Blair, George Menges and Tim Tomiczak are the 1996 Orange County State Champions.

1 Ironmen- Top Left- Jim Russell, Tim O'Brien, John Brent, Sean Gutridge, Mike Biard, C.T. Tillers Win Sea View League Title

Stun Saddleback 9-7 in Tense Game

With a forty yard field goal, Tim Kotlar erased 31 years of frustration for Tustin High School. On November 7th with 9:11 remaining in the fourth quarter, Kotlar's kick lifted the Tillers to a 9-7 victory over Saddleback in a standing room-only crowd of 4500 at Northrup Field.

The victory was significant for several reasons. Tustin earned its first league championship in 44 years and also toppled 17-0 Saddleback from the ranks of the unbeaten.

They did it with a game that was as much a tactical battle as it was a physical one. The game was a tactical battle from the start. Saddleback's defense was a formidable one, and the Tillers had to find a way to break through it. Kotlar's kick was the key to the victory, and it was a moment of pure magic. The game was a tactical battle from the start, and the Tillers had to find a way to break through it.

Santa Ana Valley 41-6, Santa Ana (1986 Century League champion 9-1) 28-6, Irvine 41-0, Corona Del Mar 28-7, La Habra 24-8, Capistrano Valley 48-7, University 35-7, and Newport Harbor 17-0. Kotlar said before the game that to win, "We are going to have to stand on the sidelines and cut them off." And that the Tillers did! In the first quarter, Saddleback scored on its second possession, driving 74 yards in ten plays, the touchdown coming on Hector Santa Cruz's 2 yard run on fourth down. After this score the Tillers' defensive stiffened and smothered the Roadrunners' speed.

Tillback Nate Primous was the most effective performer in the game. He was the first of Tim Kotlar's three field goals came as time expired. The game was a tactical battle from the start, and the Tillers had to find a way to break through it. Kotlar's kick was the key to the victory, and it was a moment of pure magic.

With a 32 yd run by Lari Machado (103 yds in 23 carries) and a screen pass to Machado for 29 yds, the Tillers drove down to the 11 yd line where they scored but had the TD called back on the penalty. Kotlar then added his first field goal of the night to narrow the score.

On their first possession in the second half, Saddleback went 10 plays, 60 yards, and was being caught 100 yards behind. The Tillers drove the ball down to the 15 yd line before stalling. Kotlar came in to kick his second field goal, which made the score 9-7.

Saddleback drove quickly down the field but their drive stopped when they recovered a fumble at the Tiller 31 yd line. Saddleback made another major error after they forced the Tillers to punt when Tillback Nate Primous fumbled a pitchout which was recovered by Brian Hardin.

At the beginning of the 4th quarter the Tillers started at their own 39 yd line and gave the ball to Machado. Saddleback stopped the Tillers but Kotlar came in to kick his 3rd field goal which made the score 12-7. Kotlar said about the kick "I was trying to concentrate on doing my job. The first two kicks felt pretty good, and this one was exciting." Kotlar was 3 for 3 with kicks of 28, 32, and 40 yards. The next Thursday, the Los Angeles Times voted Kotlar player of the week.

- 5 **Scoring a TD** - Lari Machado (32) shakes off Saddleback defender Antwan Lark (17) and heads for the end zone. The touchdown was called back on a clipping penalty.
- 6 **Pass Reception** - Steve Dahlberg (81) catches a clutch pass and tries to out run Antwan Lark (17).

Tillers Split Second Season

CIF Playoffs

Tustin High set a school record for victories on Friday November 21st and advanced to the second round of the CIF Central Conference playoffs with a 21-14 triumph over Western High of Anaheim.

The Tillers (9-2), seeded second in the playoffs, snapped a 7-7 tie with a 14 point third quarter to eliminate the Pioneers of Western.

"We broke the 64-year-old school record by winning nine games," Tustin Coach Marijon Ancich said.

Scott Pulaski's 66 yard punt return early in the third quarter put Tustin ahead to stay. Then his 28-yard runback on Western's next punt set up the deciding touchdown.

Lani Machado played a key role in the game gaining 79 yards rushing and 14 yards on two pass receptions.

Western scored first in the game by scoring in the first quarter. They also scored in the final minutes of the 3rd quarter when Art Giovannini grabbed a deflected pass and ran across the goal.

George Menges passed 6 yards to Chris Gankema for Tustin's first touchdown following a fumble recovery by Walter McMahon at the Western 13. Sean Pulsifer made a key play with an interception in the end zone to stop a Western threat. In the 4th quarter Brian Hardin intercepted a pass by Rich Miklos and the Tillers ran out the clock for a 21-14 win.

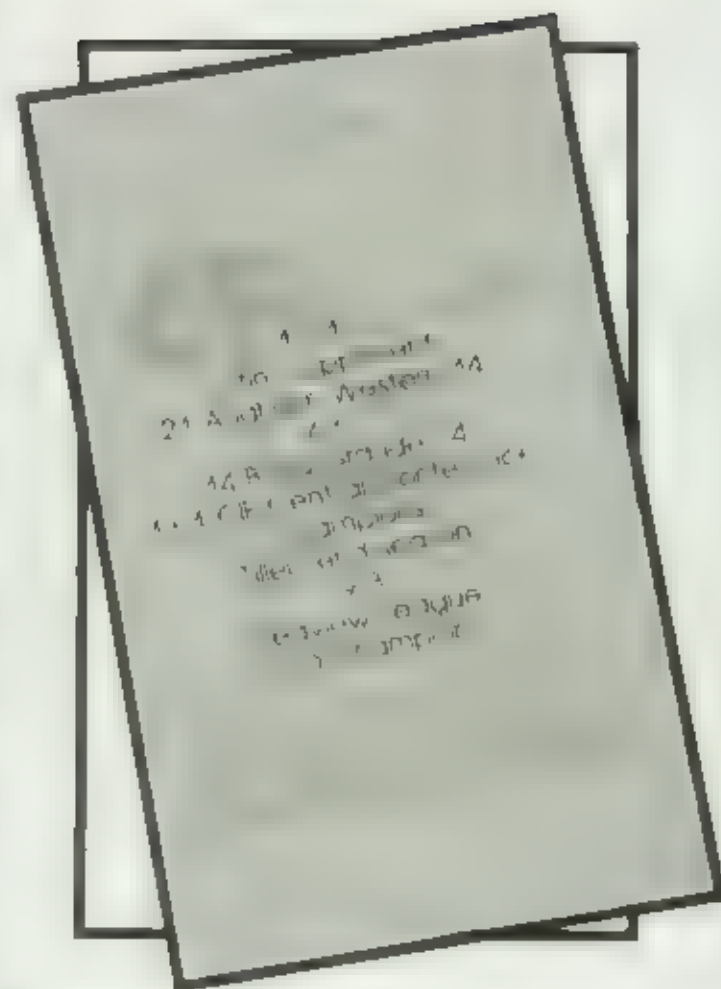

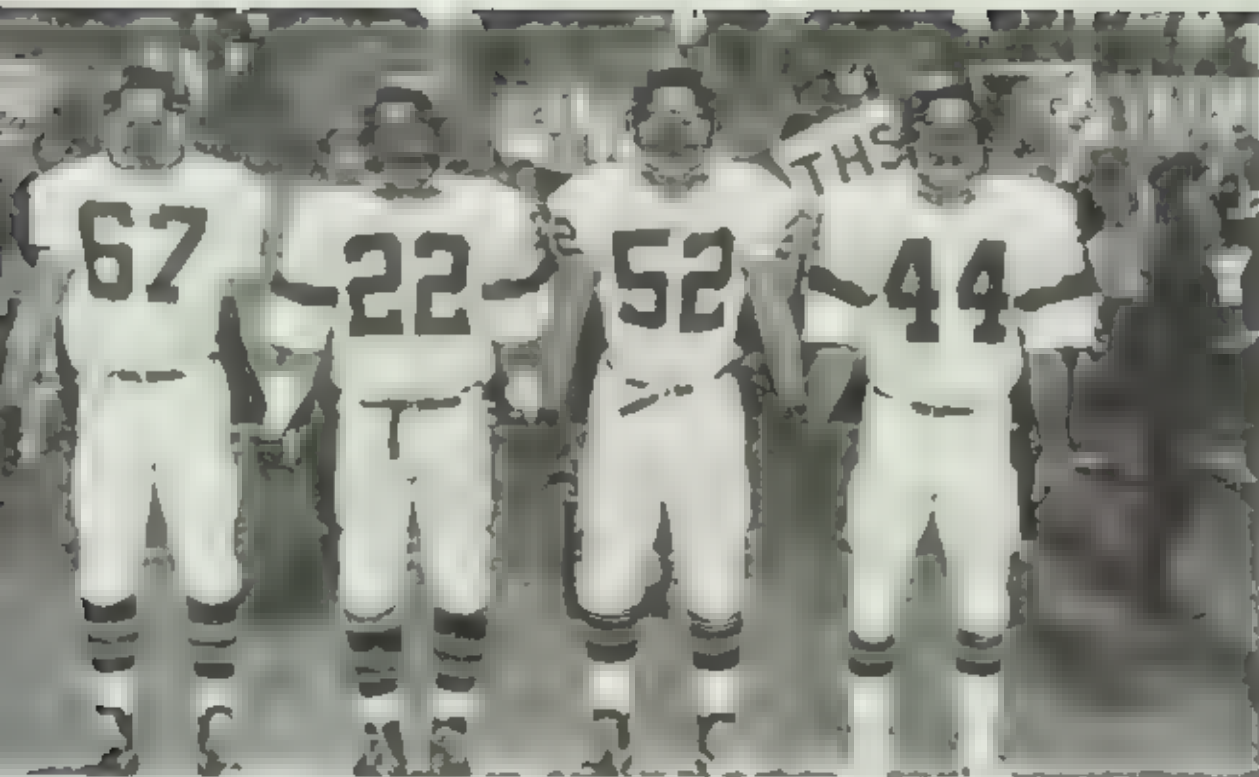

The Tillers advanced to the Quarterfinals of the playoffs and met Bolsa Grande High School, the Garden Grove League Champion with a 10-1 record. Bolsa's only loss was a 33-10 beating by top seed Valencia H.S. of Placentia.

The first quarter was a scoreless tie. During the second quarter Bolsa kicked a 24 yard field goal and picked off George Menges for a 28 yard interception return for a TD giving them a 10-0 lead at the half. On the first play of the 4th quarter, Bolsa quarterback Damon Fisher ran through the Tustin defense for a 68 yard TD for a 17-0 lead. George Menges then connected with Dave Patstone for a 42 yard pass completion to bring the score to 17-7. Tustin attempted an onside kick which was recovered by the Matadors. On the next play, Fisher ran an option play and decided to keep the ball. He zig zagged past several Tiller defensive players for a 48 yard touchdown run that put the game out of reach for the Tillers at 24-7. Tiller quarterback George Menges hit Dave Patstone with a 37 yard pass for a touchdown to bring the score to 24-14. Menges was 9 of 21 for 169 yards and Lani Machado gained only 33 yards. "Their defensive front manhandled us - They just beat us!" Coach Ancich said of the game. Bolsa Grande went on to have a 13-1 season and win the CIF Central Conference Championship.

Tustin's football team finished their finest season of all time with a 9-3 record.

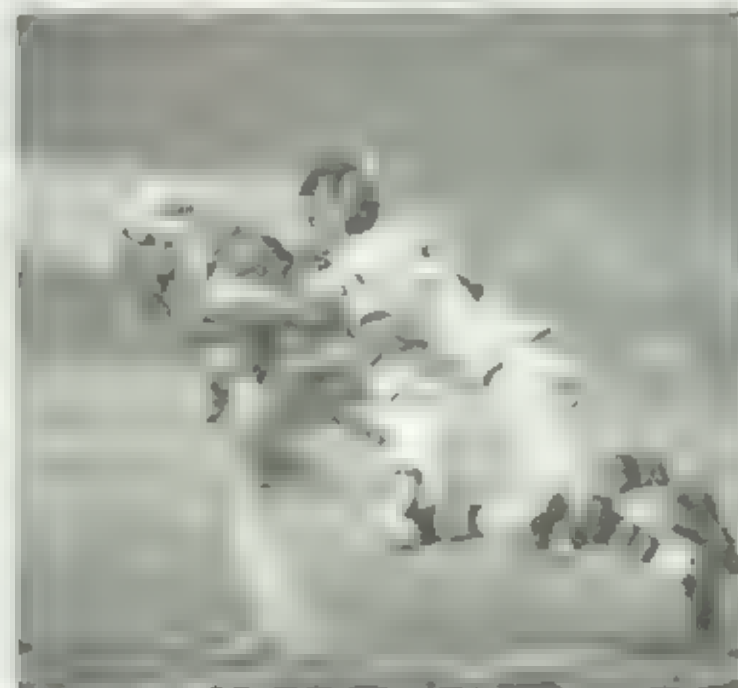

- 1 **Power Football** Lani Machado rushed for 79 yards against Western.
- 2 **Key Interception** Sean Pulsifer picked off Western quarterback Damon Fisher.
- 3 **66 Yard Return** Scott Pulaski returned a punt 66 yards against Western.

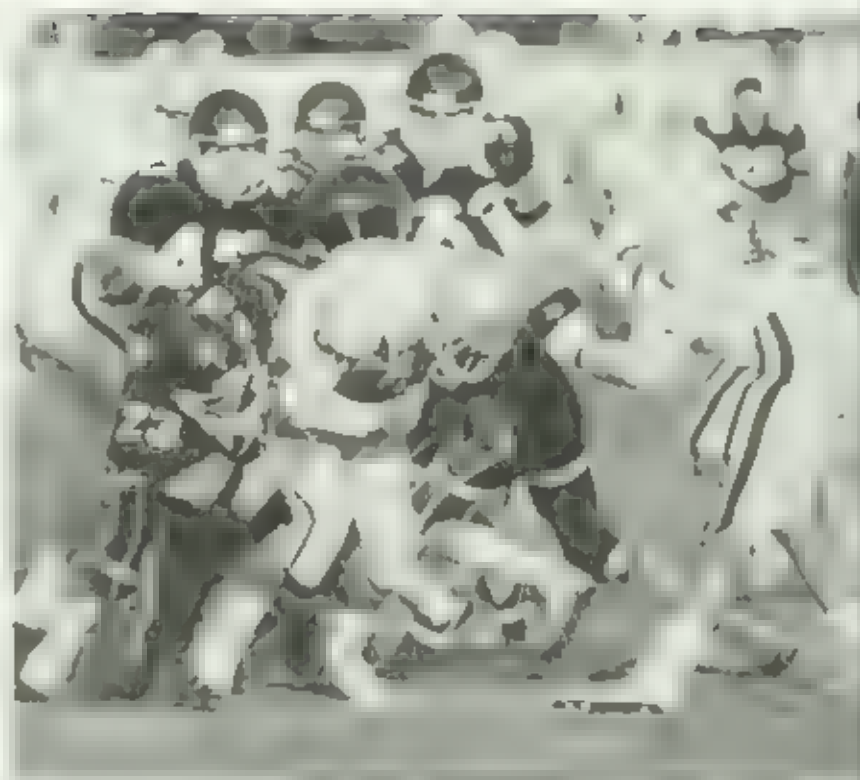

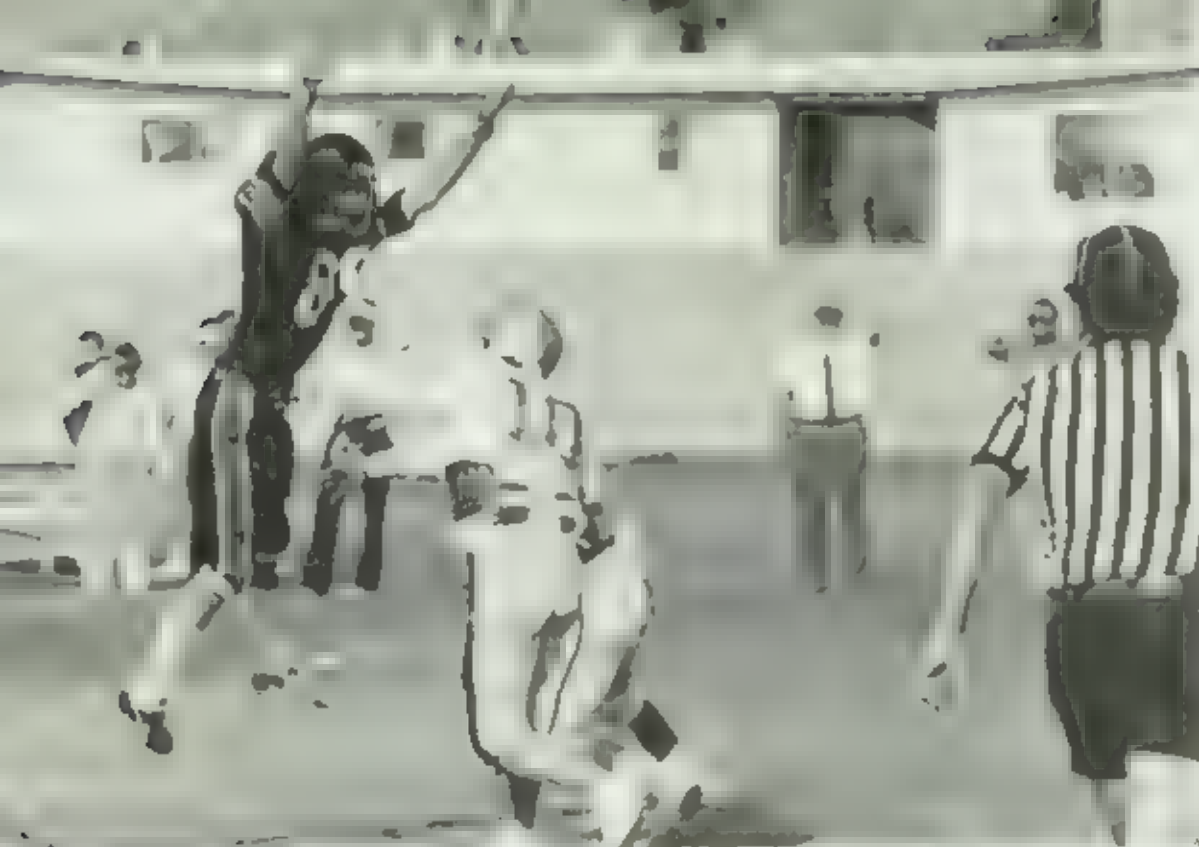

4 Tiler Captains - showing unity are Mike Audel (67), Mike Macias (22), Mike Biard (52), and Walt McMahon (44). 5 Stretching for yards - McMahon reaches for a first down while Dave Patstone (85) gets held by a Bolsa Grande defender. 6 No Gain - Shawn Reagan (31) stops the Bolsa Grande attack. 7 Touchdown - All county tightend Dave Patstone scores the first Tiler TD. 8 Gang Tackle - Sean Reagan and Mike Macias put the stop on Bolsa Grande receiver.

Sophomore Football Plays With Intensity

By Coach Mirich

Football power in the Sea View League looks good for the future at Tustin High School. Led on the offensive line by Eric Rasmussen, David Sagan, Brent Drouin, Chad Scott, and Clayton Sellers, this Varsity Type line blended well with running backs; Hung Hoang, Jason Piazza, Chris Varvarinecz. Quarterback Jack Cargile had a fine group of ends to throw to like Pete Gerlach, John Weldon, Chris Mazurek, and Jason Avey.

On defense the Sophomores were led by a Standout group of linebackers like Chris Feliceano, Kevin Jurkowski, Ken Ammann and Justin Mooney. The defensive line was made up of Jason Newingham, John Brant, Mike Fox, and Terry Rosenagle. To round off this defense were defensive backs Brady Michel, Steve Hall, Joe Severino, Travis Martin, and Randy Erickson.

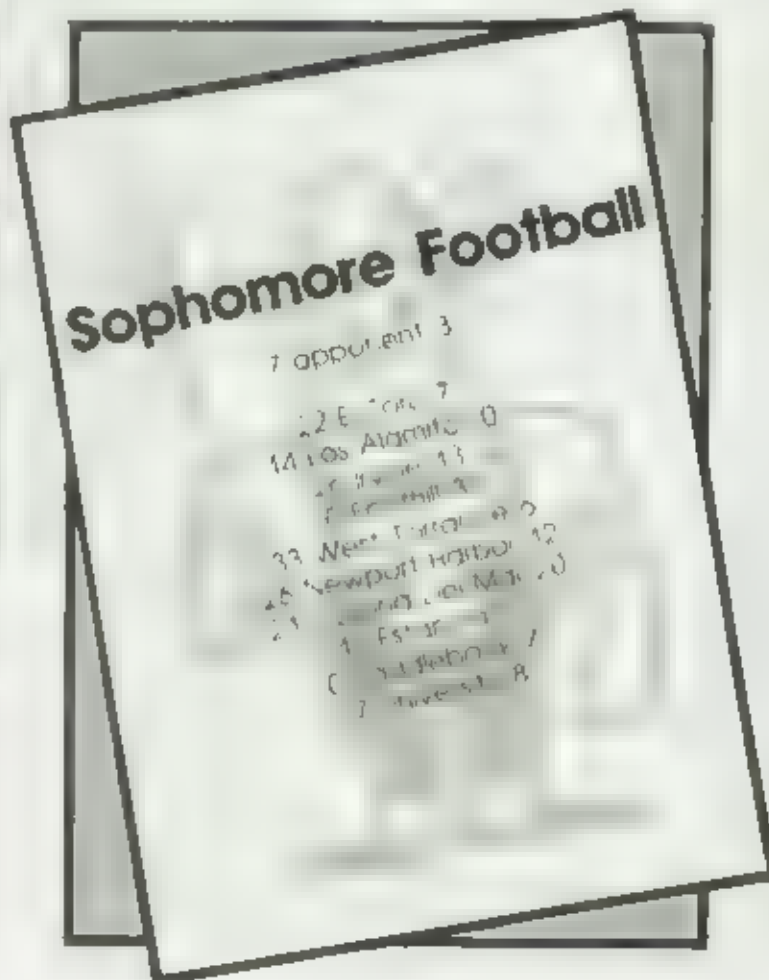

A true team effort by all the coaches, parents, and players made this a great year Tustin High Football.

Freshmen Build towards Future

Even though the freshmen football team won 4 and lost 6 games, the future was not dark for the Tillers. The freshmen offense was led by Quarterback Dan Baker and wide receiver Frank Mercuri. Together they combined for 15 passing touchdowns.

Defensively, the Tillers recorded 4 shutouts and played aggressive football all year. The defense was anchored by Darren Mc Cab, Brian Sorenson, Jason Barney, Robert Richardson and Andy Gomez.

Special Teams were outstanding, not allowing an opposing touchdown all season. The frosh improved week after week and with continued practice will blend into the strong Tustin football program.

The freshmen were coached by Dick Stevenson, Head Coach; John Colon, defensive coordinator; Kent Katnik, offensive line, Chris Hord, linebackers; Greg Kossak, defensive ends; and Todd Nelson, defensive backs.

Girl's Cross Country on Upswing

by Coach Coffey

In what would be termed a rebuilding year for our girl's Varsity Cross Country team, they nevertheless qualified for CIF once again. Freshman Erin Cunningham and sophomore Olivia Fields were the most consistent front runners on the team. Seniors Laurie Reider, Carrie Freeman, and Christy Clevenger, along with freshman Wendy Bassett, made other valuable contributions. Of special mention, the girls' freshman team had a perfect 58-0 record in invitational competition - This insures a bright future for the girls program.

Cross Country Runs to the Top of Sea View League

The transition to the Sea View League this year was very successful for the boy's Varsity Cross Country team. The team lead by seniors Rich Brethour, Alex Mate, David Gilbody, and Don Glover swept to an undefeated dual meet season. Super sophomore Pablo Guzman also made a big contribution as the varsity's number two runner. Pablo set a sophomore school record of 15:22 in the process. Rich Brethour, the team's number one runner, highlighted his season by winning the Sea View League individual title with a time of 14:51. Richard was Tustin's first individual boys Varsity Cross Country champion in 22 years.

Water Polo finishes 4th Place in Top League

by Coach Philpot

Our varsity team finished with an overall 18-9 record, and held a 4th and 5th place ranking for the majority of the year in all of C.I.F. The Tillers worked their way into the top 10 by upsetting Sunny Hills and Villa Park early in the season. The Tillers rose in the rankings to 4 as they later knocked off powerhouse teams from Wilson, Foothill, and once again beat Sunny Hills, this year's eventual C.I.F. Champions. Perhaps the most encouraging part of this year is that this was accomplished with only three seniors on the entire squad. This was Tustin's best team since the 1982 C.I.F. championship squad. Next year, however, could be even stronger.

JV/Frosh-Soph Look Strong for Future

Junior Varsity Polo - A strong junior varsity squad bolstered up with four key sophomores lost only two games all season. Many of these players will be competing for varsity positions next season, and several even logged some varsity experience this season. Our outstanding JV team is just one more reason why next year's water polo team looks so promising.

Frosh-Soph Polo - This year's frosh-soph consisted almost entirely of freshmen since most of the sophomores had to play up to the junior varsity level. Our freshmen still managed to knock off a few teams dominated by sophomores. In the final game of the season against Foothill, both coaches agreed to play all sophomores and frosh together for the final game. Result: Tustin 8, Foothill 0.

Tennis Finds It Tough in Sea View League

Girls Varsity Tennis had a tough season this year. They played against some of the top ranked players in Southern California. Bridget Rundle led the team with the most victories and also was the Most Valuable Player. Uyen Nguyen was a newcomer to Varsity, but she managed to hold her own. She won the Coaches award. The singles rotation was rounded out with the play of Susan Conklin. The doubles was led by Suzy Jones (team captain) and Sara Lundy who rallied with Carrie Sisel and Jenny Mumenthaller for the number one position. Jennifer Wade and Joanne Eagan had an excellent year as number three doubles. The team was coached by Jerry Spivey.

Tustin High's Junior Varsity tennis team made its debut in the Seaview League this year with somewhat less than a victorious season. It was definitely a growing fear for everyone involved. The team was led by Captain Mei Brumfield - both Mei and her partner Kelsey Beck, received the Most Valuable Player awards for doubles play. Diane Nguyen was awarded Most Valuable Singles Player. Charlotte Bieri was most improved while Diane Nguyen was awarded the scholar athlete with the highest GPA. Coach's Award was given to Terri Morelos for dedication and willingness to improve.

Together We Stand. Team togetherness for a pre game pep talk

Tillers Fly In Seaview League

by Matt Lundin

The 1986-87 Tiller Basketball Team was one of the most successful teams in recent years. This team could play the power game, they could run, or they could play outside. With an overall record of 19-5 one could see just how good they were. Led by senior forward Rog Middleton and junior Leo Parker Jr. the Tillers finished second in league with a 7-3 record. This team's talent was spread all over the floor with such key players as Vern Broadnax, LeSean "Tiny" London, Brad Cantrell, Dave Patstone, Lou Klein, Eric Hermann, and George Menges. This team went all the way to the third round of C.I.F., and gave all of its fans something to really look forward to twice a week.

After going over to Arizona during Christmas vacation and playing in the Fiesta Bowl Tournament, everyone in the county knew that this was a team to look out for. This team was a team with a lot of heart, you could see the will to win in their eyes everytime they took the floor. What a great season it was for the 1986-87 Tillers!

Tillers Reach Quarterfinals

by Matt Lundin

The 1987 CIF playoffs proved to be very successful for the Tillers. After crushing Buena Park and coming back to beat a powerful Morningside team, the Tillers and about 1500 Tustin faithfuls made the trip north to the College of the Canyons to face Saugus. This was a game in which the Tillers had an eight point lead late in the game, but saw that lead disappear and the game went down to the final buzzer with Saugus barely holding on to win 59-56. It was a great tournament for Tustin and a great year!

True Champions

by Doneisa Anderson

This years Girls Basketball team had the best record in the schools' history and brought home their first ever league championship. Their 20-7 record included a 9-1 league mark, a third place in the Etiwanda Tournament, fifth place at the Savanna Tournament and a consolation crown at the Costa Mesa Tourneyment. A tough draw and key illnesses saw the Tillers eliminated in the first round of their 14th consecutive playoff appearance.

The Lady Tillers led in scoring by Sea View League MVP Tricia Andres, who finished in the top 5 in the schools' scoring and assist categories. Leading rebounder Doneisa Anderson was joined on the All-League first team by Melissa Hammond. Janice Gonzales was named to the second team, while Dorene Haver and Jennifer Kline received honorable mention.

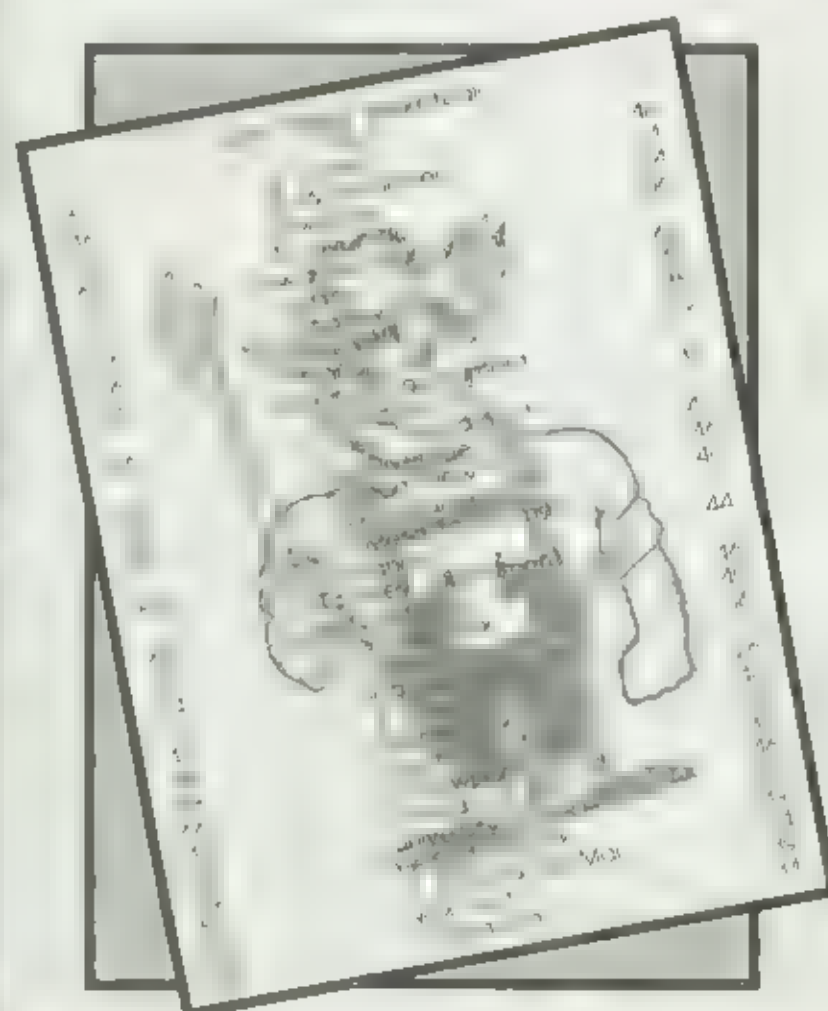

Although they were the new kids on the block the girls 1986-87 Varsity basketball team dominated the Seaview League and took control over all the games winning all but one to Estancia. The team led by captain Tricia Anders showed extreme intensity through every game, giving all they had to become true champions!

Vision Toward Victory

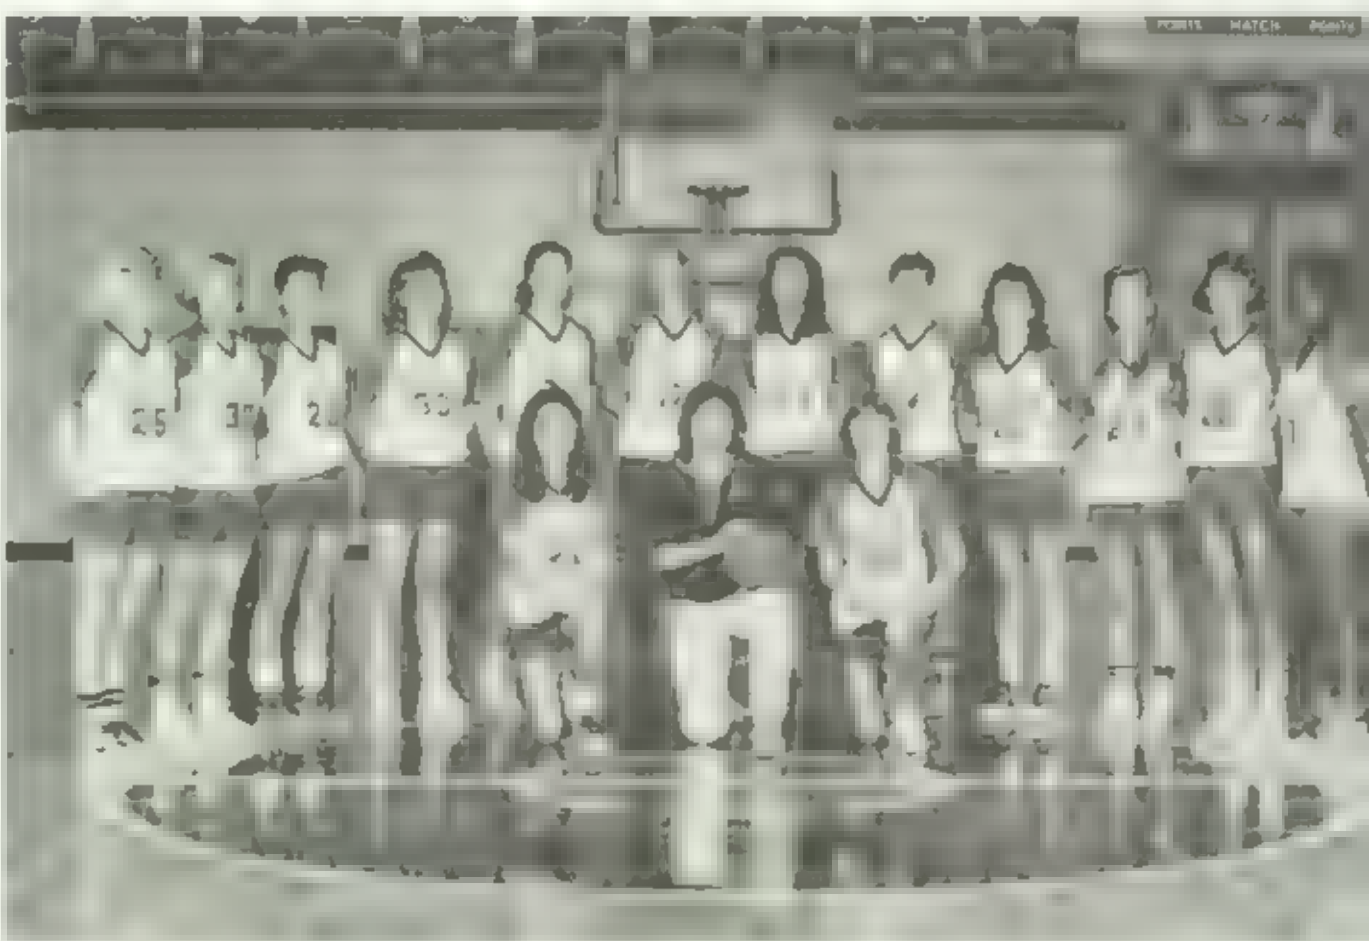

by Doneisa Anderson

In spite of learning from a new coach and having only one experienced JV player, the JV's rolled to a 10-0 league record and their second straight league championship.

Their 17-4 record gives the Lady Tiller JV's a 53-11 record over the last three years, including 30 consecutive wins in league play. Highlights also included a last-second win in the Consolation Championship of the Costa Mesa Tournament, and two exciting league wins over second place Saddleback.

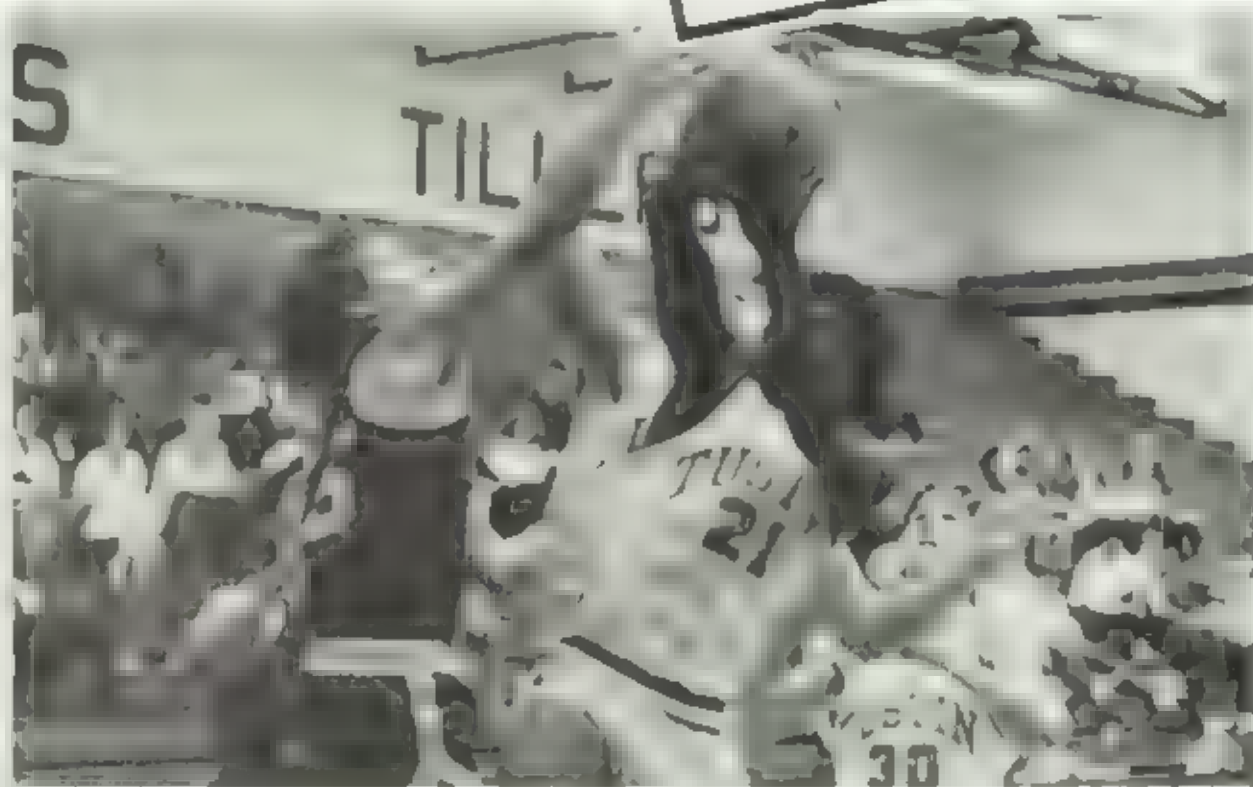

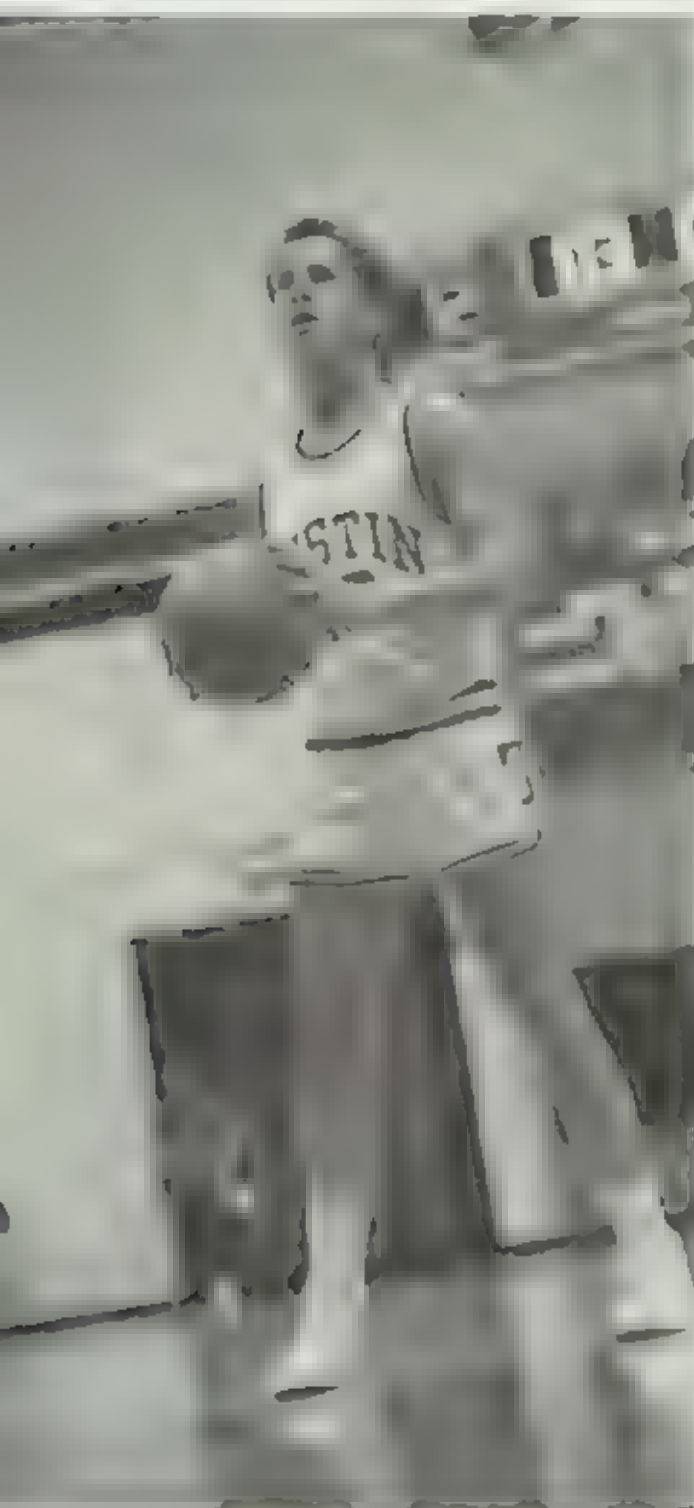

- 1 **Fake right drive left.** Theresa Perkins fakes out Corona's defense for another Tiller's two points.
- 2 **Quick action.** It takes some pretty quick defense to stop fast break Tanya McGure.
- 3 **Out of the jungle.** Kelly Julian fights her way through to sin two.

JV Girl's Basketball- Front Row: Jame Gonzales, Coach Denise Shaffer, Jayme Ondrick. **Row 2:** Suzanne Fontaine, Laura Hockersmith, Kathleen Ruz, Tanya McGure, Kathy Snyder, Sherry Crawford, Brenda Bally, Kelly Julian, Julian Lundin, Theresa Perkins, Lynette Gonzalez, Erica Wilkins.

JV Tried Hard

The J.V. boys were a hard working team always ready for their games either home or away. Most losses that occurred were the result of long hard battles which could have gone either way.

This team should be commended for their hard work as it showed when they got on the court. In years to come J.V. will no doubt be more aggressive and determined than they were this year, and will become a threat to all other teams.

- 2 **Concentration:** Pat Erickson studies the board before he puts in another point for the Tillers.

Frosh/Soph Basketball Looks Toward Future

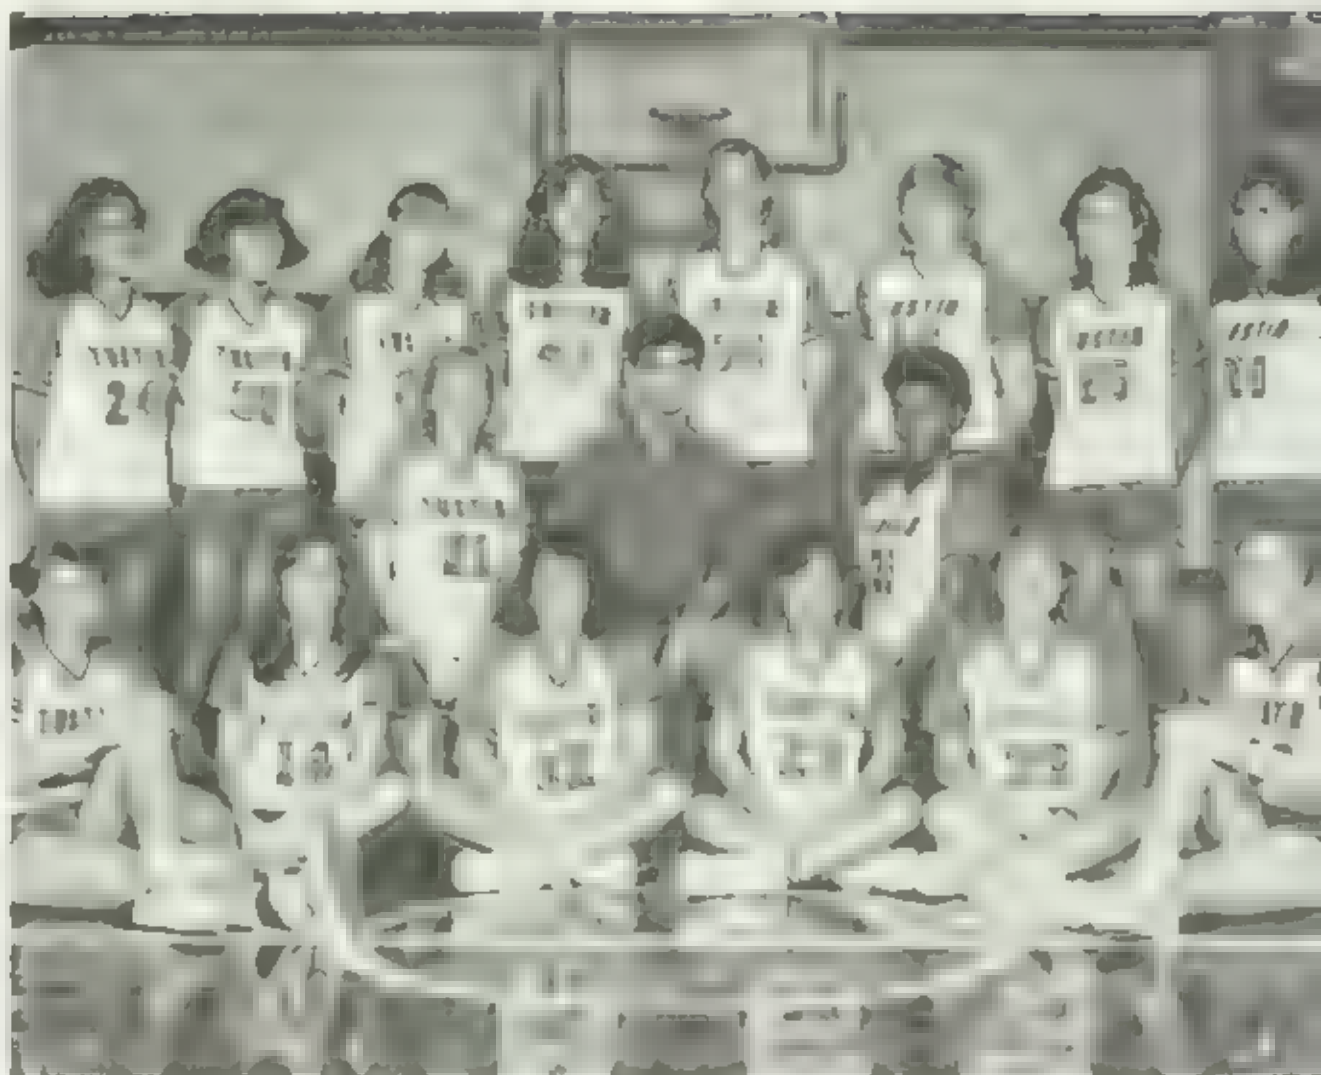

It was a tough road for the sophomores this year, but this was a team that never quit. To start, seven sophomores were moved up to the JV team, all having a significant impact on that level. That left first year coach Pat Newton having to scramble to develop a cohesive unit. Key players included Dale Erbes, Carl Robinson, John Weidon and Tom Kim. Improvement by everyone is needed and that can be accomplished through hard work. If this group is willing to put forth that effort, then good things can happen and the future looks bright.

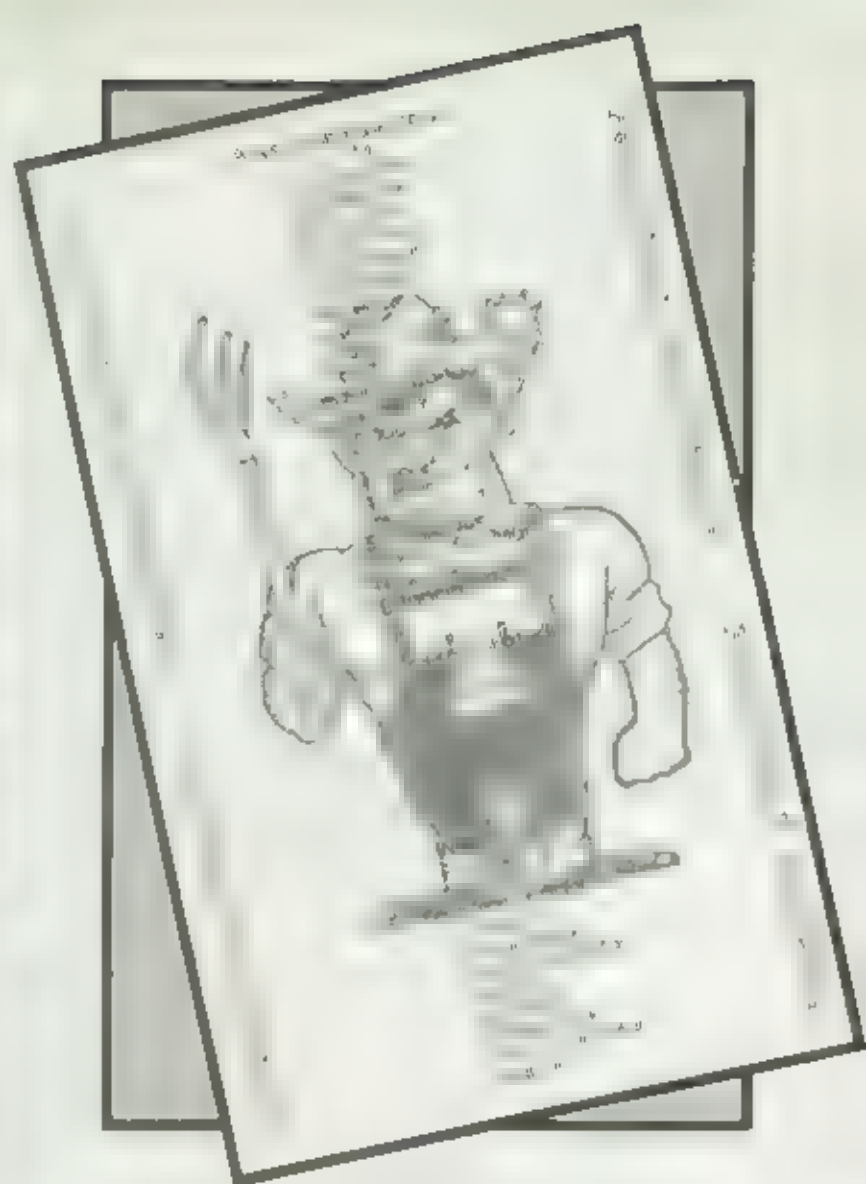

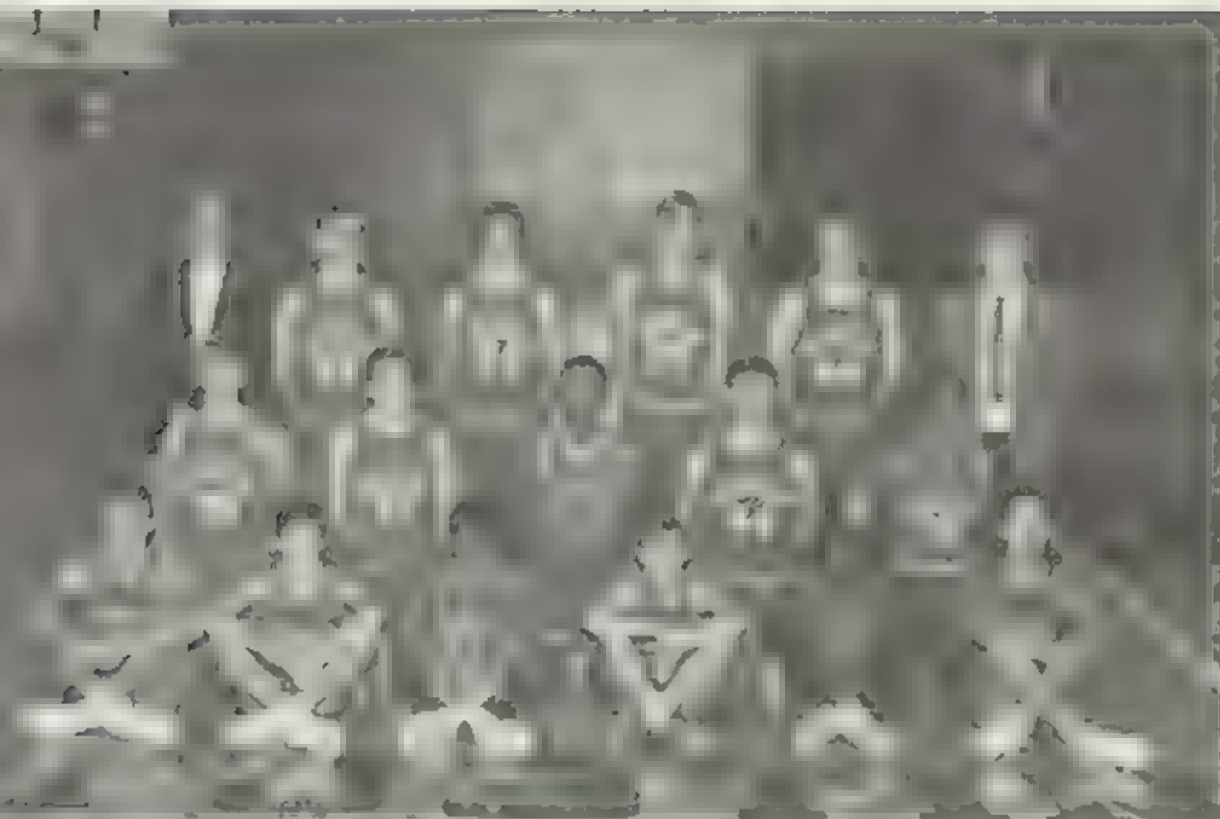

The 1986-87 Tustin Freshmen Basketball team under the direction of coach Judd Frystie shows lots of promise for a bright future in Tiller basketball. The team was led in scoring by M.V.P. Jason Moore and Phuong Tran and most important player Freddie Biarrell. All members of squad chipped in with outstanding efforts throughout the year while facing tough Sea View league opponents.

It was a season to be proud of and with a little hard work in the off season and lots of vitamins these freshmen Tillers of today will be an impressive group to follow in the years to come.

Most Successful Season Ever

Varsity Soccer enjoyed its most successful season in school history, setting many school and individual records with eleven victories, six shutouts, fourth place finish in league, just missing C.I.F. by one point.

Scott Feldman, Kevin Villar and Matt Alexander led the team in scoring with eight goals each. Brian Hardin had five assists to lead the team. Goale Tim Kotlar recovered 110 saves in recording five of the teams six shutouts. The defense was led by Greg Morales with outstanding help by Craig Gill, Jeff Tillotson, George Beveridge and Neal Kawasaki. All league honors **second team** were earned by Goale Tim Kotlar, defender Greg Morales, midfielder Kevin Villar, and strikers, Tom Kotlar, Scott Feldman, and Matt Alexander.

- 3 **Come and get it.** Lee Pooler traps the ball as his opponent watches.
- 4 **Ballerina.** Darren Puckett shows off one of his other talents.
- 5 **I'm Open.** Kevin Villar keeps the ball away from his opponent as Brian Hardin gets open for a pass.
- 6 **What's Up.** George Beveridge jumps up to head the ball.

Soccer Finishes Fourth

by Coach Seidenberg

Tustin Girl's Soccer. 1986-87, an introduction to a new league, a development of a young team, and a hope for the next season.

We had a respectable performance this season, coming in, in fourth place in the Seaview League.

We will miss seniors Marita DeLeon, Julie Kettering, Laurie Reider, Christy Snaadt, and Kristin Vogt, each of whom provided stability, direction, and inspiration to this year's team.

The Girl's Soccer program continues to grow and develop in performance and comradere. We have many to thank for our successes and many to carry on the tradition.

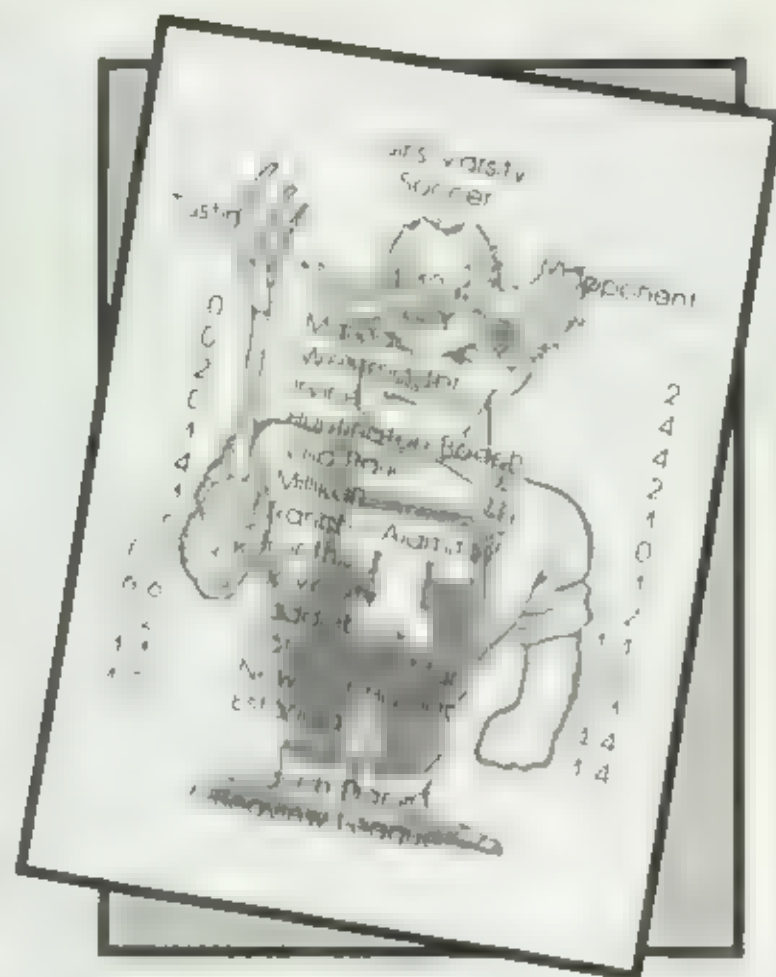

- 1 **Tricky.** Laurie Reider shows her opponent some moves.
- 2 **Watch Out.** you have no chance when Chanele Chambrone is around.
- 3 **Plastic Women.** Jennifer Netherwood stretches to kick the ball.
- 4 **I Got It.** Dana Le Blanc and Kristin Augustine apparently both called for the ball.

JV/Frosh-Soph Soccer Finished Strong

J.V. Soccer came on strong late in the season to finish in a tie for second place in league which is the highest finish in school history for J.V. The defense played very well, led by David Healy, Richard Jaeger, Brian Kawasaki, and goalie Steve Werthmuller. The offense was led by Shawn Reagin, Andy Fisher, Jay Warren, and Bret Fairbanks.

F/S Soccer had a fine season posting a 12-9-3 record and a third place finish in league. Outstanding performances on offense were given by, Song Yang, Matt Hardy, John Watson, and Rob Waterhouse. The defense was led by Daryl Hickey, Arturo Pugliese, Joe Martin, and Goalie Mike Snaadt.

Girl's Soccer Rebuilds

by Coach Don Augustine

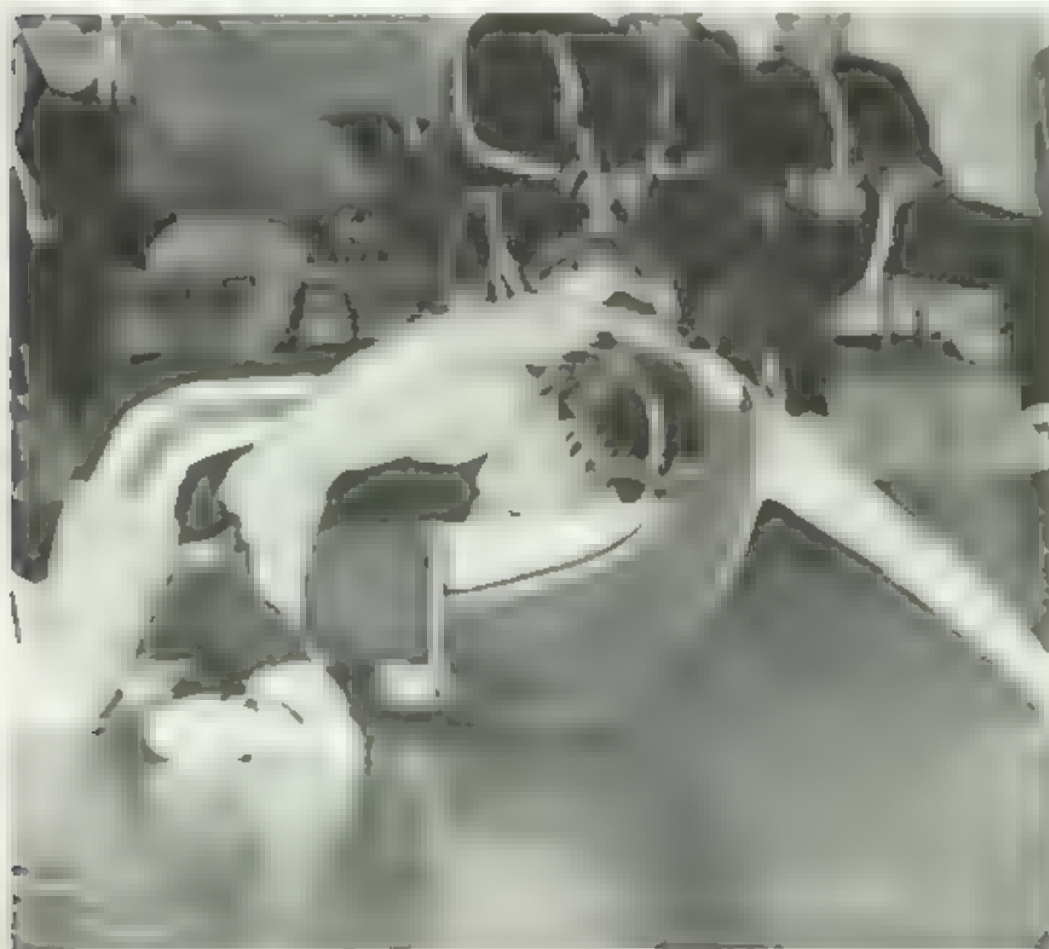

Our first year in the Seaview League was a learning experience. I expected strong soccer programs from most of the schools and wasn't disappointed. Most of the season, although we played well, we were one goal away from winning. Our two wins came against two old Century League rivals in preseason play. Next year we will be more prepared for the level of play in the Seaview League.

The Tustin Wrestling season was highlighted by three events. First, the Frosh/Soph capped a most successful season by capturing first place in the Seaview League. The team was undefeated in league with individual championships won by Jay Guciso, 115; Tony Marquez, 157 and Brent Drouin, 168.

The Junior Varsity team also won a share of the league championship by defeating University in the final match of the year. Individual league championships were won by Bill Hargrove 148, Dwight Charnomud 157, and Jeff Brown, HWT.

The Varsity was 2-3 in league. Dane Wilson won the Laguna Hills Individual Tournament in January. February found Dane Wilson, Mike Hoffman, and Jay Enciso traveling to C.I.F. Wilson and Hoffman capped four years of wrestling with Outstanding performances. Each came up one match short of pacing in C.I.F. Other seniors leaving the squad are C.T. Tomczak, Brady Palmerino, and Erik Records.

Seaview League Proves Tough

The 1987 boy's *Varsity Tennis team* was led by seniors Chris Amormino, Rod Kukla, Neal Kawasaki, Jeff Bos, Huy Nguyen, and Mike Dobak. Other outstanding performances were given by juniors Kevin Villar, Seong Suh and freshman Darin Hughes. Despite the extremely intense competition in the new Seaview League, the team persevered and continued to improve during the season.

The *Junior Varsity team* fared pretty well in the new league. They were led by top players, Ken Sunan, Geoff Clark, David Kenyon, Vinnie Acosta, Kevin Born and Tim McFarland. The future of Tustin tennis looks bright with these young men.

Gymnastics Has Fine Season

by Roxanne Larkin

The 1987 Tustin High School Gymnastics team has had yet another successful season. Junior star, Mauri Takenaka, returns to lead the J.V. team in her all around. Returning star, senior Natalie Vaupel, has come to be our #1 Varsity all around gymnast this year. Lora Wentzel, Patty Rodriguez, and Brenda Harron, along with sophomore vaulting star Chris Uruski provide a strong support for Natalie Vaupel.

With sophomore Sandy Lee and freshmen Janet Takenaka and Jaci Negendark (this trio not far behind Natalie) Our promising young Varsity team looks forward to many more successful seasons ahead.

New League Brings Tough Competition For Boys Swimming

by Kevin Hargrove

Entering into the Sea View League brought on some stiff competition for the Boys' Swim Team. Teams like Corona Del Mar, Estancia and University were expected to be the teams the Tillers would fight against for the league title.

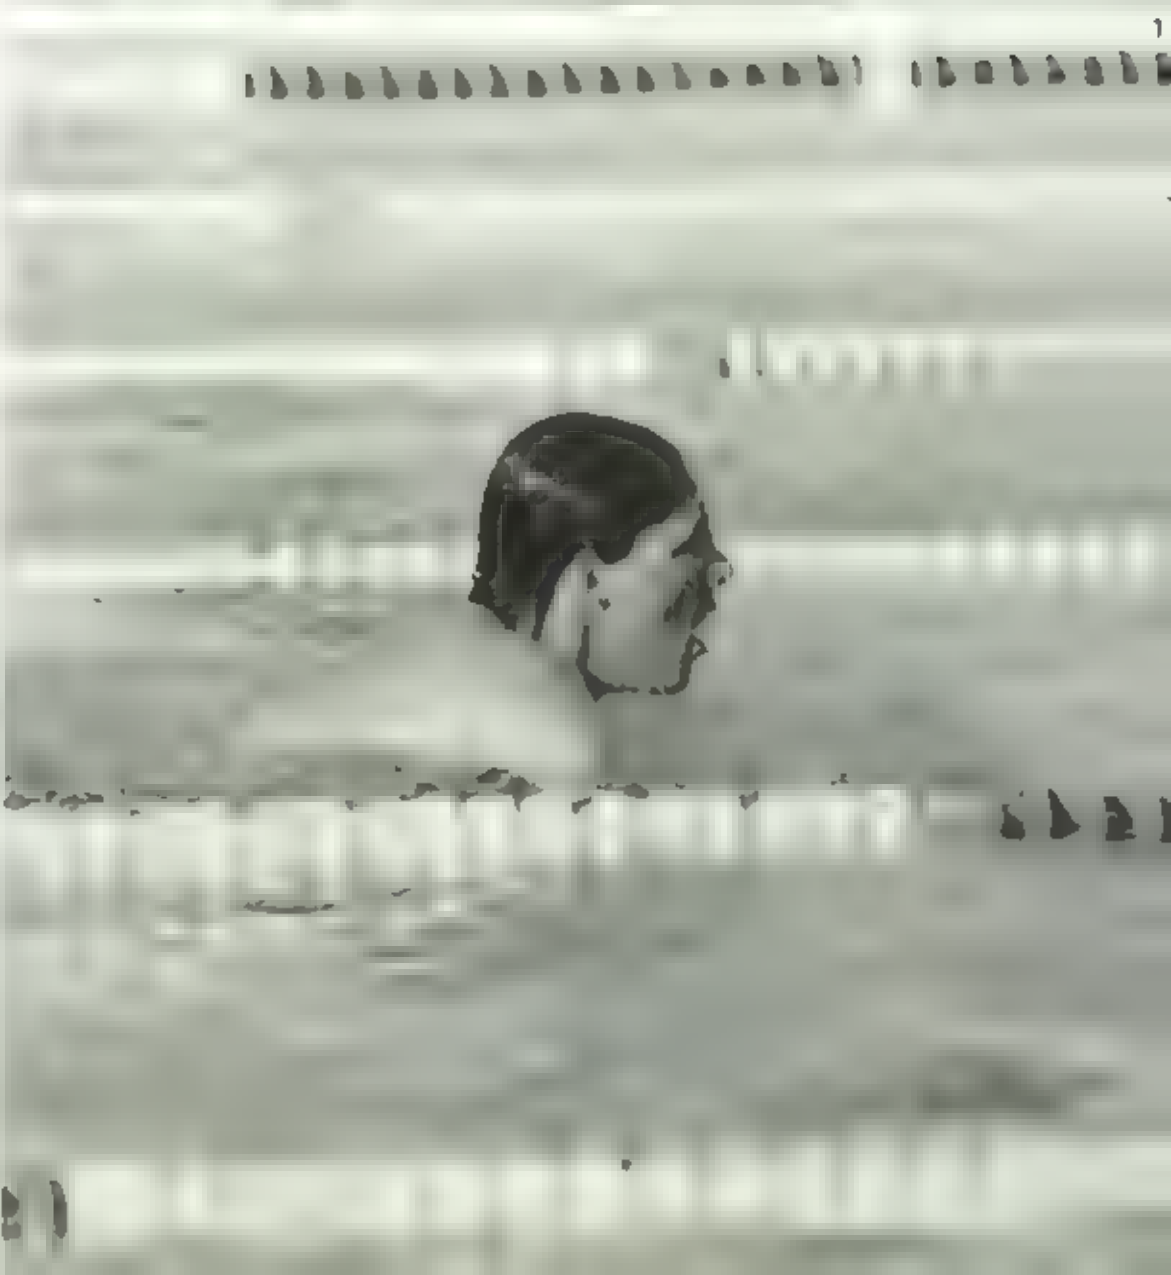

In addition to tough competition, the new league made efforts on personal goals more concentrated.

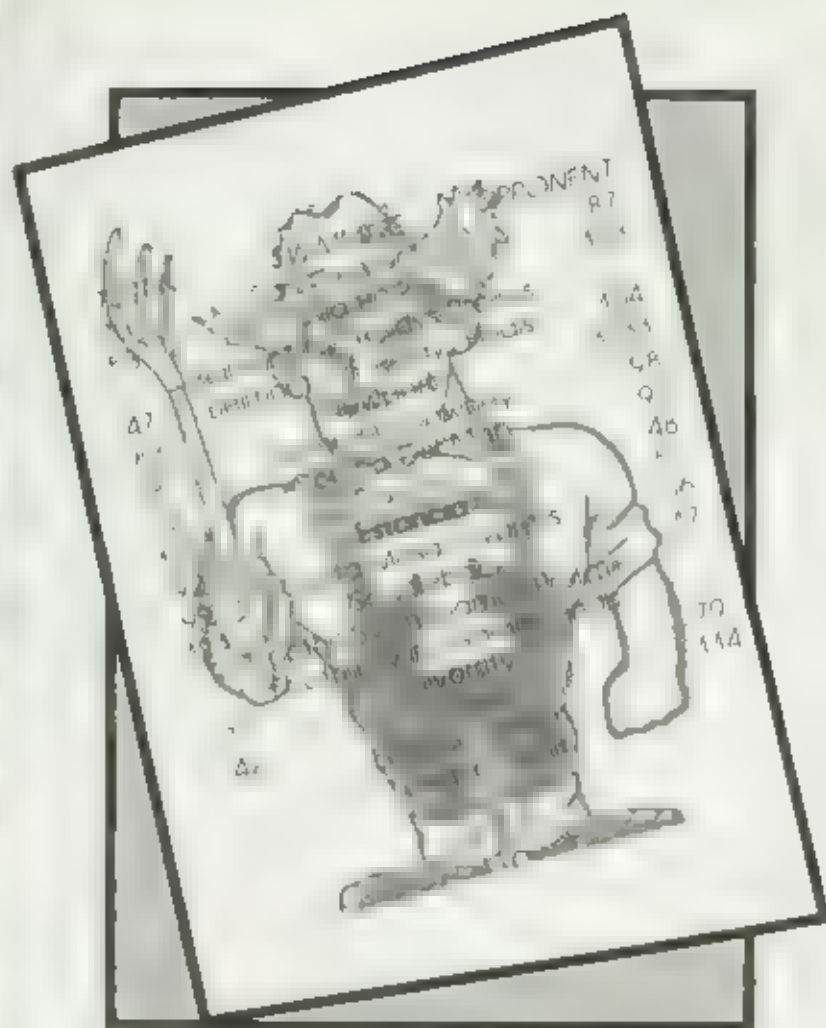

Coach Philpot hoped that these concentrated efforts would lead to many individuals qualifying for CIF.

Two such hopefuls were Kevin Leinback and Paul Barrera. Others included sprinters David Eagan and Peter Herman, and flyer Ken Sayre.

Although the depth of this year's team was not as strong as last year, the future looks bright. The large number of underclassmen brings hope for a strong team in the future.

Girls Varsity Swimmers Make Waves

by: Michele Nicks

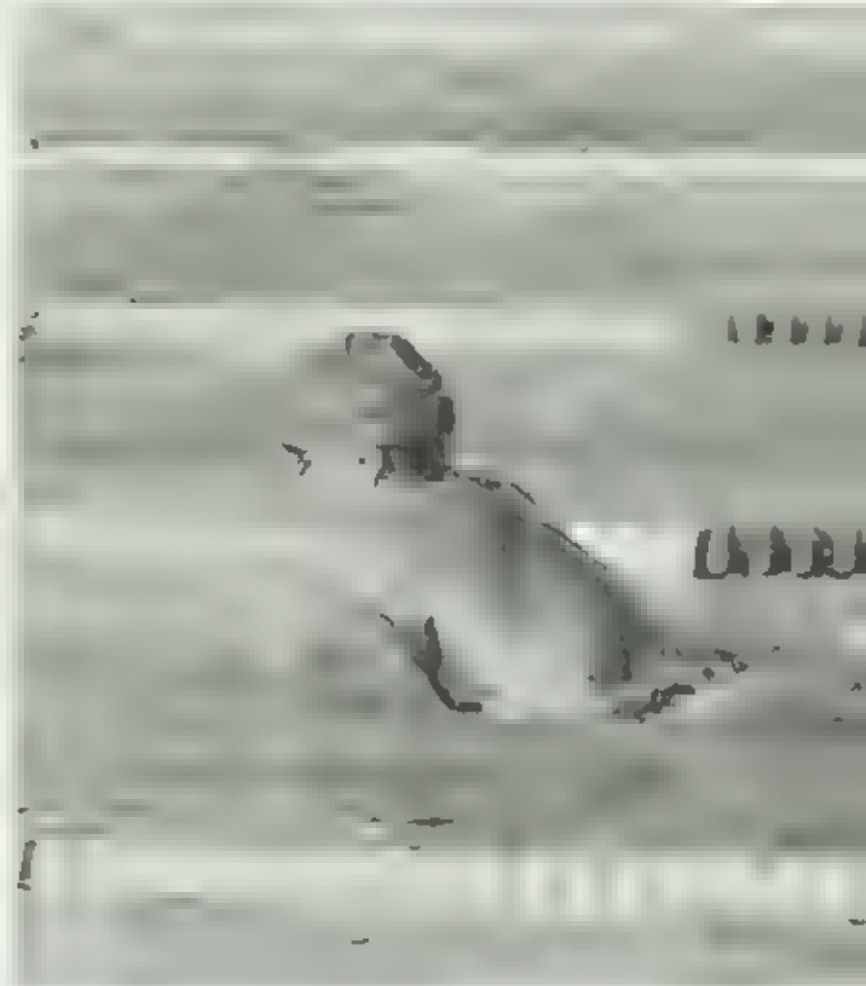

Tustin High Schools girls varsity swim team had an excellent season in the new Sea View League, which is considered to be deeper than the Century League. This years' team was young and was led by several top swimmers such as Devon Coate, Paula Norby, Karen Paulitschek and Lana Langford. All the girls on varsity this year are superb swimmers. They have worked hard and put forth much time and effort to make this '87" season a winning one.

1. *Don't rush me-* Mindy Siskowic pauses to concentrate on her event.
3. *Going for the win-* Kris Kahkonen swims the backstroke with a starry look in her eye.

The Younger Generation

by Michele Nicks

This years girls Junior Varsity team is a young one, expected to do very well. Paul Davidson, the girls swim coach took on a handful this year. Some thought the large group would be impossible to handle, but with the help of coach Susan Dunhann the girls are looking good, and so is the '87 season.

This years boys Junior Varsity team is a strong one. Coached by Boyd Philpot, and assistant coach Dan Smoot. The J.V. team is expected to do very well this season, and with all the workouts they endured they will be in top shape for next year.

Girls And Boys Track Have Difficult Season

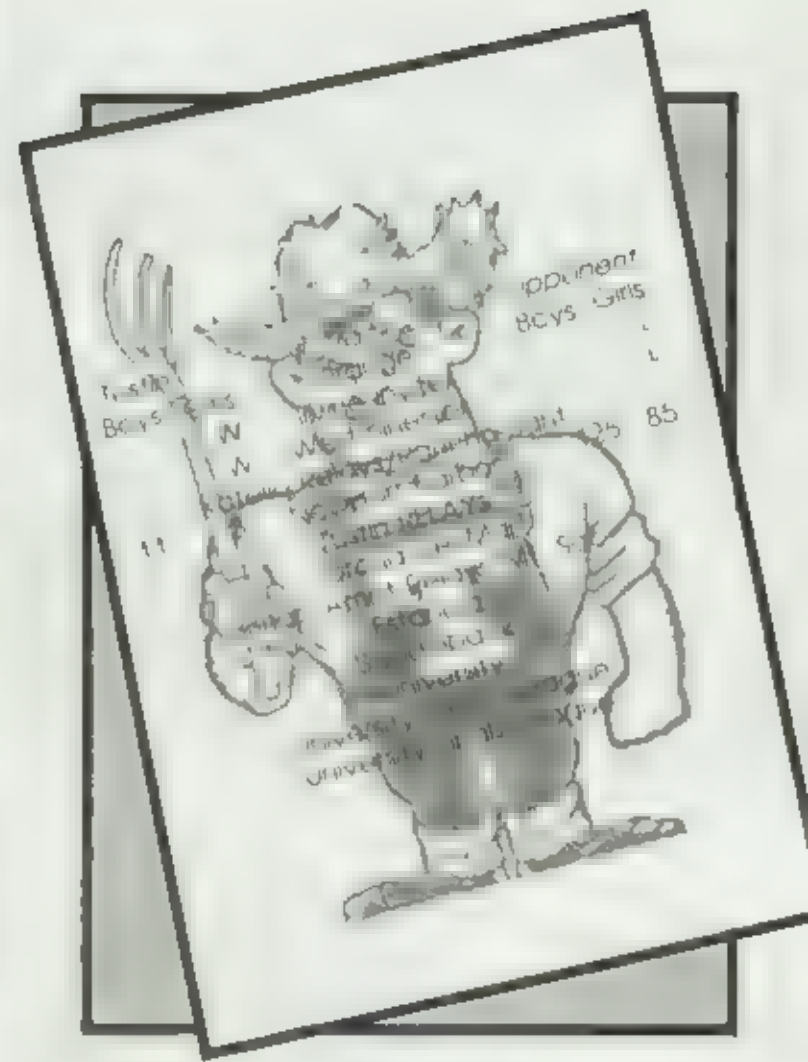

Lack of numbers and key injuries led to a not so successful season for the boys track team. Those that remained worked hard and many recorded personal bests in their events. Top individual performers included Don Glover in the 880, and Scott Pulaski in the pole Vault. The Tiller girls were some what stronger, fighting for 3rd place in Sea View League this year. They were led by Doniesa Anderson in the jumps, Judy Jackson in the sprints and Laurie Reider, Erin Cunningham, and Olivia Fields in the distances.

2nd Place Finish Tillers: Plowing Up The Seaview League

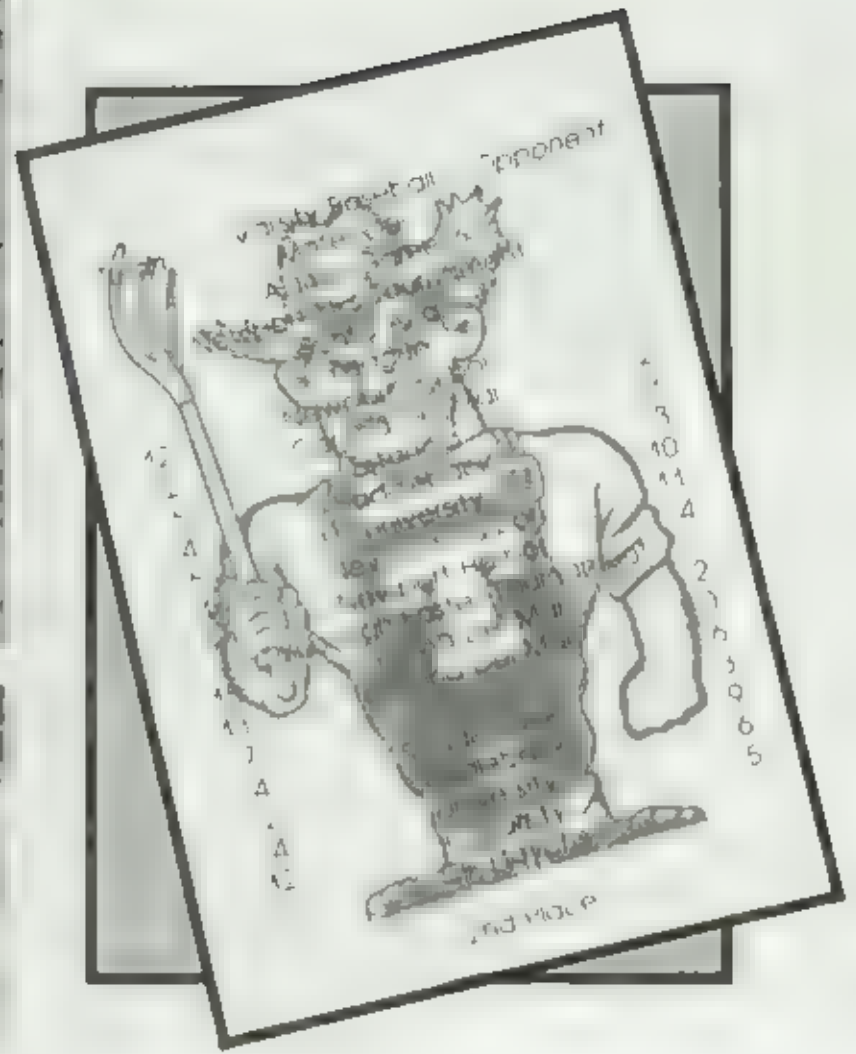

The 1987 Tiller baseball team is starting off right where the 1986 team left off-winning! After last year's team won the Century League and went all the way to the third round of the CIF Playoffs, this year's squad had a lot to live up to. After going through the first round of games in the Seaview League Undeclared (5-0), this team was well on their way to the league title and possibly the CIF Championships

Leading the 1987 Tillers this year were returning shortstop Matt Lundin, pitcher Chris Floth, pitcher Monte Roberts, and outfielders Walt McMahon and Lee Pooler. In 1986 Lundin was named to the 3-A All CIF team and Floth was an All-Century League player along with Pooler

This year's team under coach Vince Brown had some other players making major contributions. These players were outfielder Andy Harper, catcher Pete Pakes, outfielder Scott Feldman, third baseman Craig Morrison and second baseman Craig Gill. The team roster was completed by Greg Morales, Jason Lavin, Ray Flowers, Ty Davis, Ralph Grajeda, Andy Chi, Darren Puckett, Vern Broadnax, Scott Reiph, and Roger Oreb. All of these players made the 1987 Tiller team a Championship club

1. *Delivery*-Chris Floth strikes out another Tiller opponent
3. *Another Hit*- Third baseman Craig Morrison rounds first base after another one of his hits

- 2 *Pick-Off*- First baseman Monte Roberts awaits the throw from pitcher Chris Floth

Future Championship Players

by: Bill Verge

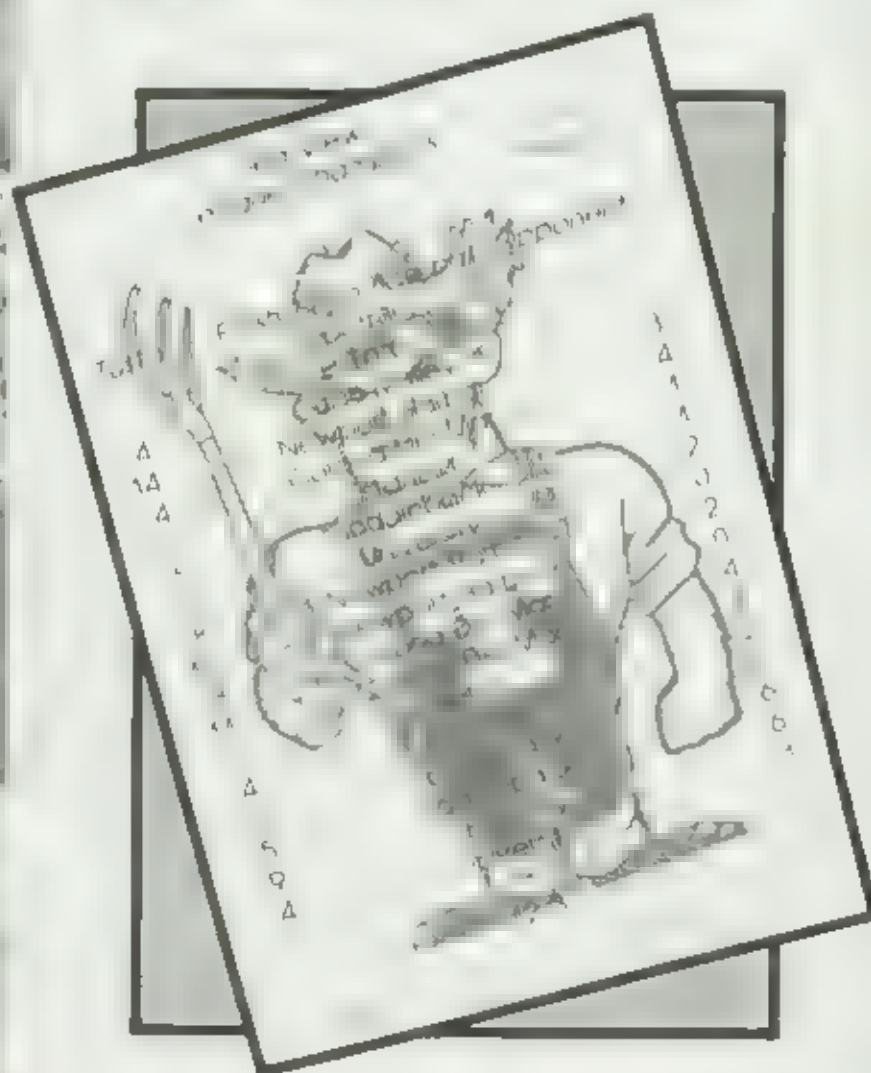

Tustin High's J.V. and Frosh/Soph teams have really improved through the 80's. 1987 is the most talented group of players that Tustin High has had in many years. With new coaches, Mr. Al Rosmino for the freshman level and Mr. Greg Jennings for the J.V. level, has brought T.H.S. fans a lot to cheer about.

- 1 *Wally Jayner*- Nickname for J.V.'s Mike Snaddt, proves it with this violent blow
- 2 *Tense Situation*- Ryan Relph scopes the ball which always seems important

Softball "A New Beginning"

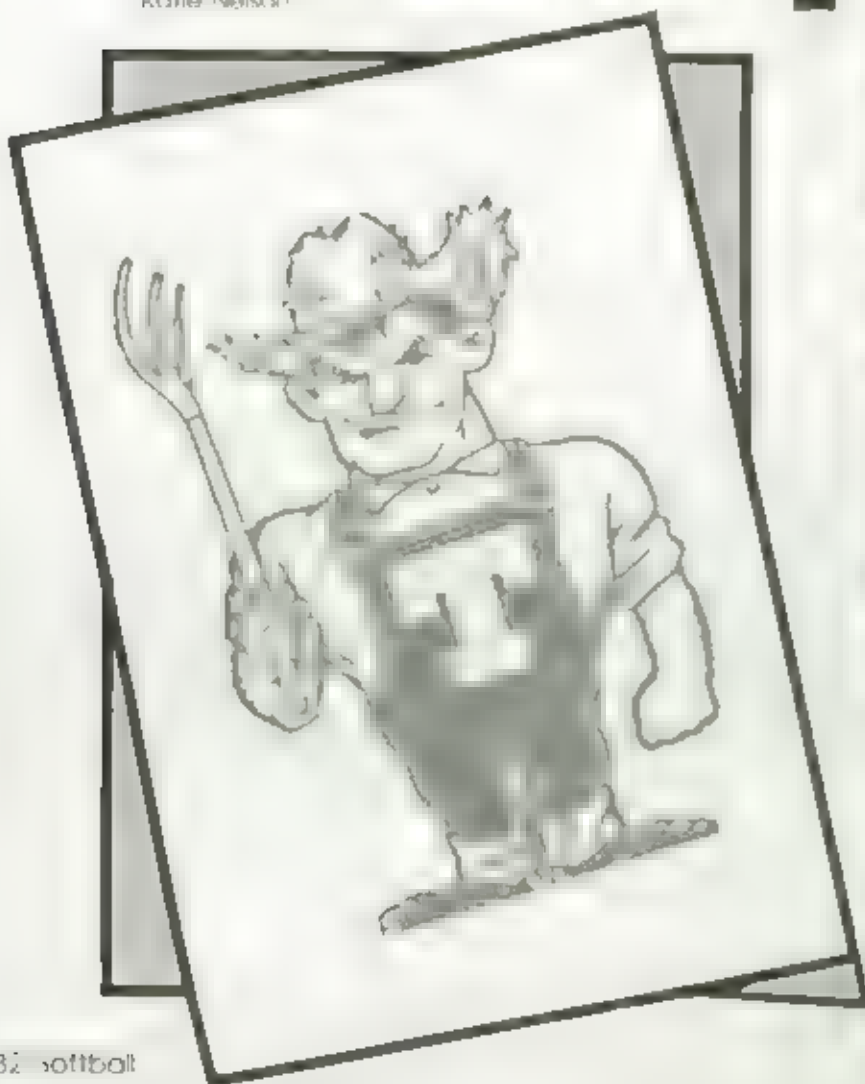

by Mike Hoffman

With Mrs Skinner's retirement last year there was a need for a new coach for our Lady Tillers. This job was willingly filled by Jo Anne Ferrari. Jo Anne was formerly on the State Champion Softball team at Cal State Fullerton. She played pitcher at times but was mainly their star third baseman. Jo Anne has definately brought new life and spirit to the lady Tillers this year. She is very confident and is looking forward to having an excellent season with her hard practices and talented girls. Assisting coach Ferrari this year is Diane Dodds. Diane was also a member of the Cal State Fullerton softball program, playing outfield for them.

This year the Tillers are defensively awesome. With their batting, these ladies get better and better every game. Already defeating Foothill in pre-season 5-4 and starting off the league with a 3-0 record, these lady Tillers are looking outrageous.

Tillers Add Boy's Volleyball To Schedule

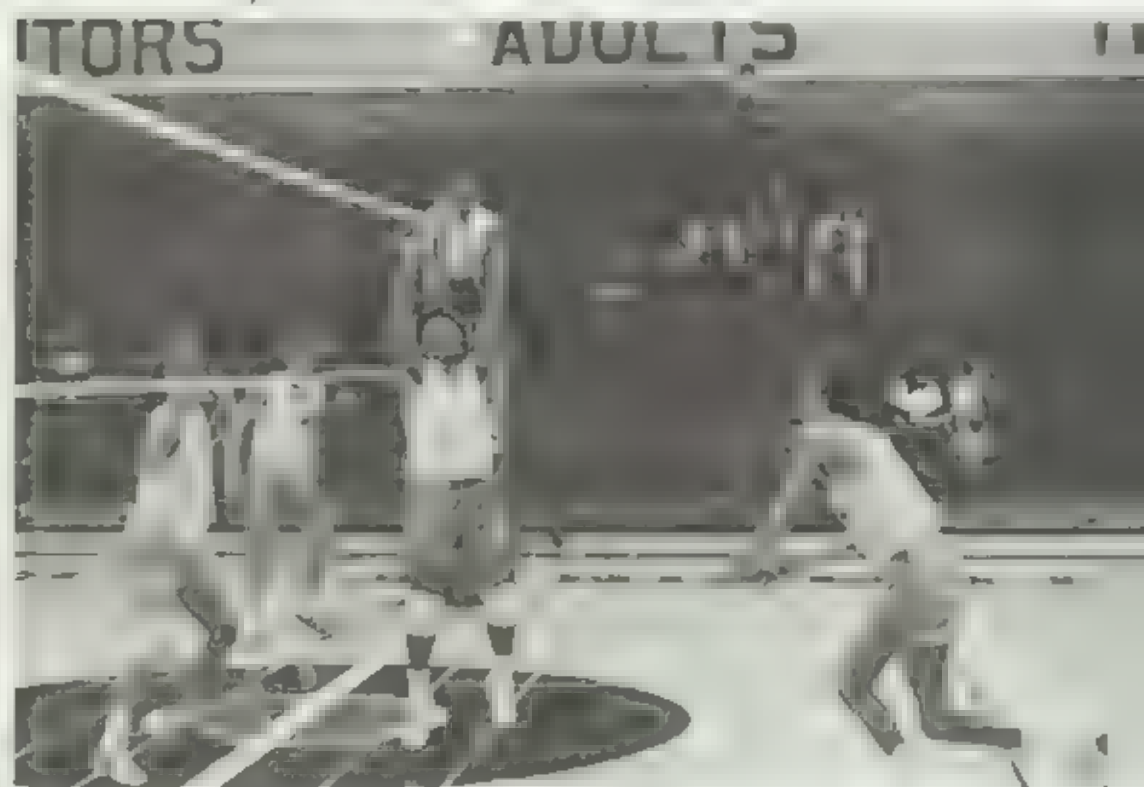

With the U.S. win in volleyball at the 1984 Olympics, enthusiasm for what was previously a "beach sport" became rampant. The number of boys high school volleyball teams has increased from 23 to 29 in three years. This year Tustin has joined the ranks. Tustin has benefited from hiring an experienced coach. Kim Pickering began coaching at Santa Ana and Los Amigos High before going to USC as an assistant coach for the women's team. He now coaches also at Trabuco Hills High School.

Athletic director Al Rosmino commented, "The first year is a building year. It's not fun to face veteran beach schools like Newport which have had the sport for 10 years. Inspite of the competition the Tillers have been respectable their first year."

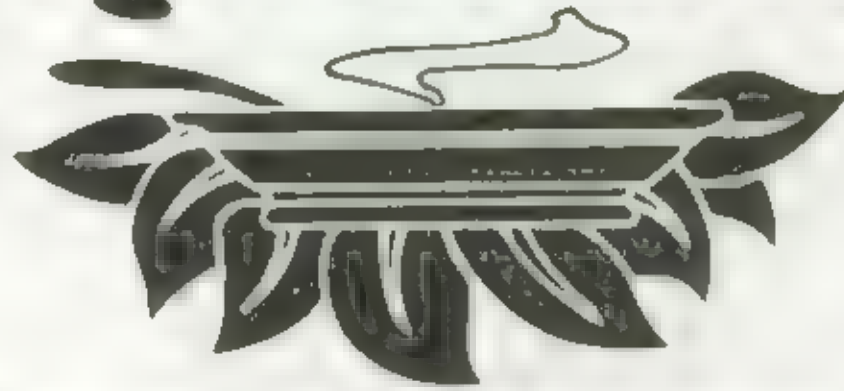

Golfers Face Obstacles

Tiller golfers faced many sand traps during the 1987 year. Inexperience was the chief obstacle to a winning season. Under the direction of first year coach Charlie Causer our golfers look to easier greens in the future.

This image shows a page from a child's drawing book. The background is a light green color. A large, dark, wavy line pattern, resembling a stylized 'S' or a series of connected loops, is drawn across the page. The pattern is composed of thick, dark lines. In the background, there is faint, illegible text that appears to be bleed-through from the reverse side of the page. The text is mostly in shades of purple and pink, and is too blurry to read accurately. Some words like 'I love you', 'I miss you', and 'I want you' are partially visible. The overall appearance is that of a child's artwork or a page from a scrapbook.

Well, I'm really glad you were in my
first class. You're a great student and
I can even imagine you like to read too.
Maybe you'll be in some of my classes
next year. See you in the summer.

...As the year ends, the final pieces to the Tustin picture come together. The portrait is one we all should be proud of because...

TOGETHER WE MADE IT HAPPEN!

Seem.
have a good
Summer now
you dont have
worry about
football. call and
lets go do something
Im glad we are
friends have a nice
Summer.

SPECIAL THANKS TO

[illegible]

Dean,
 Well u still haven't
 given me my present
 from Hawaii - thanks a lot!
 Homecoming was an experience -
 next time well try not to stick out
 so much - I think we laughed to much!
 Hawaii was great we're glad to do it again!
 Love

Sean!
 I'm so glad I got
 to know you
 in history this
 year! You're a
 great friend! Over
 this summer we
 should get a group
 together & do somethin
 (like when we went
 Christmas caroling!)
 Have fun!
 Love ya!
 Brenda Harmon

Sean
 Hey Cutie! I'm so stressed
 out about finals but ill try design
 this anyway. I had always heard
 your name from football but I
 never knew who you were, so I
 am glad we had ceramics together
 so I got the chance to know you.
 You are the sweetest guy. Why
 didn't I meet you sooner huh? No
 seriously if you want to do something
 over summer call me I wish you'll
 the best of luck next year & good luck
 w/ football.

Take Care

Don
 its been fun this
 year be cool and
 dont get into trouble
 take care bro Chris
 Salzman

Sean-
 It's been fun this year. Remember
 when I t.A. ed for you last year in
 Nelson's class that was fun & I
 lived for it! Well football was a
 blast also. Good luck next yr. as
 a senior. It's the raddest yr. Hope
 to see you over the summer. Love
 ya! Kelli
